## ANNUAL DOG LICENSING AND VACCINE CLINIC

The City is hosting its annual Dog Licensing and Vaccination Clinic on Thursday, May 21st from 6:00 p.m. to 7:30 p.m. at City Hall, 30940 Hawthorne Boulevard. Staff from the County of Los Angeles Animal Care and Control Department and Southern California Veterinary Medical Association will be on site to help process pet licenses, administer low cost vaccinations and provide free micro chip services.

Dog license fees are \$60 for unaltered dogs, \$20 for altered dogs and a discounted rate of \$7.50 for altered dogs owned by individuals 60 years of age and older. Owners need to bring their pet's Certificate of Sterility and proof of rabies vaccination in order to take advantage of reduced dog license fees. Licenses will expire one year from the date of issue. Failure to renew an animal license on or before the expiration date will result in a late fee of \$20.

All dogs at least 4 months of age and older are required by law to be vaccinated for rabies. At the Clinic, a veterinarian will administer rabies vaccinations for \$5 per vaccination and the "6 in 1" vaccination for \$12. The "6 in 1" will be available for dogs eight weeks of age and older. The "6 in 1" vaccination prevents distemper, hepatitis, leptospirosis, parvovirus and parainfluenza.

Licensing for cats is voluntary. Rabies vaccinations for cats will also be available at the Clinic.

Free micro chipping will also be available for both cats and dogs. Micro chips are injected beneath the skin between the shoulder blades and cannot be felt or seen. They contain an ID number and can be read by shelters to identify a pet. The chip does not replace the need for the City dog license, but provides an additional way to identify your pet, especially if it is transported to a County shelter.

## CALIFORNIA COASTAL NATIONAL MONUMENT – PENINSULA FIRST SOUTHERN CALIFORNIA GATEWAY

### WHAT IS THE CALIFORNIA COASTAL NATIONAL MONUMENT?

The California Coastal National Monument is comprised of more than 20,000 small islands, rocks, exposed reefs,

and pinnacles (the portion above mean high tide) located off the 1,100 miles of the California coastline. The primary purpose of the Monument is to protect these important geologic features and the unique habitat they provide for both terrestrial and marine plants and animals. These rocks and small islands provide important breeding grounds and nesting areas for seabirds, including the threatened brown pelican. Harbor seals and California sea lions are also common occupants of the Monument. The Palos Verdes Peninsula coastline is part of the Monument and is graced

with several fine examples of these protected rocks and pinnacles.

### FIRST SOUTHERN CALIFORNIA GATEWAY

Established by Presidential Proclamation on January 11, 2000, the California Coastal National Monument is under the responsibility of the U.S. Department of the Interior's Bureau of Land Management, but is collaboratively managed with a wide variety of

partners. These partners include other federal agencies, state and local governments (including Rancho Palos Verdes); cooperating tribal organizations; select colleges and universities; and a variety of non-profit organizations.

Representatives from a dozen community and governmental agencies met in late March 2009 at the Point Vicente Interpretive Center to form the Palos Verdes

## JULY 4TH INDEPENDENCE DAY CELEBRATION

The City of Rancho Palos Verdes' 34th Annual Independence Day Celebration will be held on Saturday, July 4th. Located at the Point Vicente Park/Civic Center, 30940 Hawthorne Boulevard, this traditional day of family fun begins at 11:00 a.m. with nonstop enjoyment until 5:00 p.m.

Bring your family and friends to listen to the Palos Verdes Symphonic Band and live country music, shop in the arts and crafts area, and visit the midway featuring a variety of rides and games for all ages. For those seeking additional

adventure, take a helicopter ride and get a bird's-eye view of the Celebration and the City's coastline.

If you like old-fashioned competition, be sure to join in the pie eating and hula-hoop contests. For sheer entertainment, take in the Jim Gamble puppet show. Get to know more about the South Bay by visiting the informational booths sponsored by local civic organizations, visit the petting zoo, or ride one of the ponies.

Along with many long-standing attractions, possible other

attractions may include an earthquake simulator - the Quake Cottage - sponsored by the City's Emergency Preparedness Committee, and a small aircraft, brought to us by the Western Museum of Flying that's the perfect size for kids to climb into and explore. Last year, thrill seekers were able to test their resolve on a giant slide in the fun zone.

Admission to the Celebration is free, and complimentary shuttle service along Hawthorne Boulevard will be provided. On-site parking will be available for a minimal fee.

Many local homeowner associations and area businesses are long-time supporters of this event. To add your support to this local community event, or to obtain general information, call the City's Recreation and Parks Department at (310) 544-5260 or visit the City's website at [www.palosverdes.com/rpv](http://www.palosverdes.com/rpv). For vendor or booth information, call Bell Event Services at (310) 349-0743.

## SHAKESPEARE BY THE SEA RETURNS TO RPV

Come join us for the performance of William Shakespeare's comedy, "As You Like It" on Sunday, July 5th at Hesse Park. This comedy involves exiled lovers, dukes, jesters, and lions – all battling, causing trouble, and falling in love in the Forest of Arden. Come join Duke Frederick, Rosalind, Touchstone, and Silvius for a riotous, rambunctious evening of confused lovers and comedic characters. This City-sponsored production of Shakespeare's classic comedy is playing one night only in Rancho Palos Verdes on the upper field at Hesse Park at 7:00 p.m. Please note that there is no pre-show this season.

Shakespeare by the Sea is FREE – no tickets will be sold and there is no reserved seating. Seating is available on a first come, first served basis. Beach chairs, blankets and warm layered clothing are recommended. Picnics are welcome. Hesse Park is located at 29301 Hawthorne Boulevard.

Don't be bored, be Bard, and come enjoy an outdoor evening at the theater!  
For more information about the Rancho Palos Verdes performance, please call Recreation and Parks

at (310) 544-5260. For more information on other Shakespeare by the Sea productions, please call (310) 217-7596 or go to their website at [www.shakespearebythesea.org](http://www.shakespearebythesea.org).

## CITY OFFERS REBATES FOR "GOING GREEN"

Do you want to put the "green" back in your wallet? "Green Building" is a term given to buildings that are sited, designed, constructed and operated to enhance the well-being of the occupants, and to minimize negative impacts on the community and natural environment. Typically, "green buildings" are higher quality, provide a healthier environment to

live in, are less costly to maintain, consume fewer natural resources, generate less waste and are more marketable than conventional construction.

The City of Rancho Palos Verdes has implemented a Green Building Program that allows RPV residents who wish to construct residential "green buildings" to work with a

recognized organization in order to receive certification, credit and marketability of green building construction. In addition, the City has adopted incentives such as "front-of-the-line" permit processing and significant permit fee rebates to encourage all residents throughout the City to pursue "green" construction.

The City has adopted the Build It Green suite of products and services for single-family residential and multi-family residential projects, and the LEED suite of products for commercial, institutional and/or mixed-use projects. This information provides City residents and property owners with recognized, certified, and consistent guidelines and a rating system which they can use for achieving green construction on their properties.

Contact the City's Planning Department at (310) 544-5228 for helpful information and useful tools for designing your new green home!

### City's Green Building Program Process

Step 1: Builder/Owner obtains Guidelines & Checklist

Step 2: Builder/Owner retains approved green building professional for design phase

Step 3: Builder/Owner submits green project to Planning and then Building and Safety Plan Check and receives expedited plan review

Step 4: Builder/Owner retains certified third-party Green Point Rater

Step 5: Green Point Rater conducts inspections during construction phase and collects documentation

Step 6: Green Point Rater calculates earned points on checklist and submits to Build It Green for certification

Step 7: Builder/Owner submits certification of green construction to City for fee rebate

Peninsula Gateway of the California Coastal National Monument (CCNM). The Gateway is a collaborative partnership to assist Bureau of Land Management (BLM) with the preservation, stewardship, and appreciation of the CCNM, as well as to advance the understanding and protection of California's coastal and ocean resources. The Palos Verdes Peninsula Gateway is the first to be established in Southern California.

At the Gateway meeting, the City of Rancho Palos Verdes presented the BLM with a signed Memorandum of Understanding for the City to be a collaborative partner in the development and implementation of the CCNM Gateway for that portion of the Monument that falls within the City's jurisdiction. These areas include Point Vicente Park and Interpretive Center, Point Vicente Fishing Access and Abalone Cove Shoreline Park and Ecological

Preserve. On the Palos Verdes Peninsula, the CCNM also includes Bluff Cove in the City of Palos Verdes Estates, as well as Royal Palms State Beach and Point Fermin Park in the City of Los Angeles.

CCNM Coordinator Greg Thomsen moderated the Gateway's first meeting. "It took nearly four years of hard work by a number of BLMers and community organizers to get to this point," he said. "The meeting room on a bluff overlooking the shore was a fantastic setting, but it did present a unique challenge for keeping the attention of a roomful of marine-life experts." To that point, midway through the meeting, all eyes turned to the sea when a pair of Pacific gray whales surfaced and frolicked among the waves.

For more information about the California Coastal National

Monument, visit the BLM's website at [www.blm.gov/ca/pa/coastal\\_monument](http://www.blm.gov/ca/pa/coastal_monument).

## CLEAN BAY RESTAURANT PROGRAM

**YOU WON'T GO HUNGRY BEING AN ENVIRONMENTAL CHAMPION!**

above and beyond mandatory storm water regulations to ensure a clean environment now and in the future. So far, fifteen restaurants in our City have received this prestigious honor and will be recognized at the June 2, 2009 City Council meeting.

- Azteca Mexican Restaurant
- Bagels Galore
- Baja Fresh
- Coco's Restaurant
- Dolci Mango
- Domenick's Pizza House
- Domino's Pizza
- Edible Arrangements
- Francesco's Café
- Kobe Grill
- Pina's Mexican Restaurant
- Portside Deli
- Stuff Pizza
- Sushiya
- The Yogurt Deck

The City is pleased to announce that it has joined the Santa Monica Bay Restoration Commission's Clean Bay Restaurant Program. RPV is working with the other cities to help promote restaurants that employ Best Management Practices (BMPs) and good housekeeping procedures to help prevent waste from entering the storm drain systems and thereby protecting the environment.

Restaurants typically handle a substantial amount of waste in the course of doing business. Improper disposal of that waste could end up in storm water runoff and pose a serious threat to our beaches and ocean. The City is in the process of certifying local restaurants to recognize those that are going

The City salutes their commitment to protecting our health and wellbeing!

How can you help? Simple. Eat out! This may be the easiest thing you can do to protect our environment. You can help keep our beaches clean by supporting these local businesses when you go out to eat. Look for the "Clean Bay Certified Restaurant" decal in their window. You can also visit [www.santamonicabay.org](http://www.santamonicabay.org) and check the Restaurant Certification Program for a list of participating restaurants in our City, as well as others in the Santa Monica Bay watershed.

### SAFETY TIPS FROM YOUR BUILDING INSPECTOR

**What is the most important thing to remember when installing a smoke alarm?**

**Location, location, location!**

Install at least one smoke alarm in every bedroom, outside of each sleeping room area and on each level of a multi-level building.

Smoke alarms can't help you unless they are functional and you can hear them.

- Test each smoke alarm regularly.
- Keep batteries fresh by replacing them annually.

Building safety codes require smoke alarms. Contact the City's Building and Safety Division at 310 265-7800 for more information.

## UPDATE ON RESIDENTIAL TRASH AND RECYCLING CONTRACTS

The City's current residential (single-family and multi-family) trash and recycling contracts with Waste Management (WM) and Universal Waste Systems (UWS) expire on June 30, 2010. The annual contracts with WM and UWS total approximately \$3.8 million dollars. Waste Management serves 95% of the City, and Universal Waste Systems serves 5% of the City (Portuguese Bend landslide area and areas south of PVDS). In anticipation of the upcoming contracts' expiration date, in December 2008, the City Council of the City of Rancho Palos Verdes identified several key service requirements and operational needs to be incorporated in a new Request for Proposals (RFP) package. At this

time, a competitive RFP is being prepared for WM's service area, and contract re-negotiations are in progress with UWS. Effective July 2010, there will be a few major changes to the services you currently receive, most importantly a change in the frequency of trash collection, and the type of trucks and containers. Trash, recycling and green waste would be collected once a week with automated trucks (mechanical arms from the side of the trucks lift the cans) and automated carts. For more information, visit the City's website at [www.palosverdes.com/rpv](http://www.palosverdes.com/rpv) and select "Public Works" from the "City Departments" drop down menu.
