RANCHO PALOS VERDES

MEMORANDUM

TO: HONORABLE MAYOR AND CITY COUNCIL

FROM: CAROLYNN PETRU, ACTING CITY MANAGER 

DATE: JULY 30, 2014

SUBJECT: WEEKLY ADMINISTRATIVE REPORT

UPDATE ON LOS ANGELES REGIONAL INTEROPERABLE COMMUNICATIONS SYSTEM (LA-RICS) AUTHORITY

On July 15, 2014, the Los Angeles County Board of Supervisors approved the site license agreement to allow the use of one hundred sixteen (116) County-owned and -leased properties as sites for the installation of LTE (i.e., wireless broadband) antennae for the LA-RICS system. In so doing, it also exercised a special exemption from the California Environmental Quality Act (CEQA) that was enacted specifically for the LA-RICS project. The sites included in the County site license agreement include Fire Station No. 53 on Palos Verdes Drive South and Fire Station No. 83 in Miraleste Plaza. In addition to these fire stations, LA-RICS also proposes to install LMR (i.e., radio) antennae at the existing County antenna farm on Crestridge Road.

On July 17, 2014, the Emergency Preparedness Committee (EPC) received a presentation about the LA-RICS project from Committee Member Diana Feinberg. As a result of this presentation and Committee discussion, the EPC unanimously agreed to recommend to the City Council that the City “opt out” of LA-RICS.

On July 24, 2014, Staff met with LA-RICS representatives to discuss the zoning entitlement and building permit processes proposed for the three (3) County-owned properties in the City. For the LTE sites at Fire Station Nos. 53 and 83, a 70-foot-tall antenna monopole is proposed at each station. At Station 53, LA-RICS is considering either a conventional monopole or a disguised “monopine.” Since Station 53 is located within the City’s coastal zone and the City has coastal development permit authority under its certified Local Coastal Program, LA-RICS will be applying to the City’s Community Development Department for a Coastal Permit for this installation. This will involve a duly-noticed public hearing before the City’s Hearings Officer (i.e., the Director of Community Development), whose decision may be appealed by any affected or interested party to the Planning Commission and the City Council. However, since Station 53 is located in a non-appealable portion of the City’s coastal zone, the City’s final decision may not be appealed by or to the California Coastal Commission. It should be noted that no other City zoning or building approvals will be required at Station 53 since LA-RICS—acting as an “extension” of the County—is exempt from the City’s zoning and building regulations, and the project will also be exempt from CEQA.

At Station 83, LA-RICS is considering a custom-designed monopole that will also function as a hose-drying rack. Similar to Station 53, LA-RICS proposal at Station 83 is exempt from the City's zoning and building regulations and CEQA.

At the County antenna farm on Crestridge Road (adjacent to The Canterbury and Congregation Ner Tamid), LA-RICS will be proposing antennae for the LMR system. Since the LMR system is not covered by the CEQA exemption that applies to the LTE sites, LA-RICS is preparing an Environmental Impact Report (EIR) for the LMR sites. The Notice of Preparation (NOP) for the EIR is expected to be released in August 2014, and there will be a public scoping meeting held in Supervisorial District No. 4 during the initial 30-day public comment period. The City, surrounding neighbors and the general public will have the opportunity to participate in the EIR process for the LMR system, but the zoning and building entitlement processes will be handled solely by the County. The EIR process will also include a minimum 45-day public comment period once the draft EIR is released, and a public hearing before the LA-RICS Board of Directors, which will take action on the certification of the final EIR.

A discussion of the pros and cons of "opting out" of LA-RICS has been agendaized for the City Council meeting on August 19, 2014. This will include a presentation of the EPC's July 17th recommendation. The final opportunity for the City Council to consider "opting out" of LA-RICS at a regular-scheduled meeting would be on November 18, 2014 (the 180-day "opt out" period ends on Monday, November 24, 2014).

CALIFORNIA COASTAL TRAIL GRANT

Staff is pleased to inform you that by end of June, the City received reimbursements totaling \$500,000 in grant funds from the California State Coastal Conservancy for the RPV segment of the California Coastal Trail. The project costs a total of approximately \$611,000. Therefore, the grant reimbursed the City for over 80% of the total project's costs. Additionally, during construction and after the trail's completion staff received frequent compliments from the Coastal Conservancy staff. Below you can see some of the attractive interpretive panels along the trail.

PV HALF MARATHON IS SCHEDULED FOR SATURDAY, NOVEMBER 15, 2014

On July 29th, a representative from W-2 Promotions submitted a Special Use Permit to the Planning Department for the annual PV Half Marathon. This year's event will occur on Saturday, November 15th and will follow a similar course as last year's event. In addition to the half marathon, this year's event will include a 5K and 10K. City Staff from the Planning, Public Works, and Recreation and Parks Departments will be working closely with the applicant and representatives from the Sheriff's Department, Fire Department, the City of Palos Verdes Estates, and Terranea to ensure another successful event with minimal impacts to the community. Staff will continue to keep the Council posted on this event.

VOLUNTEER DAY IS A SUCCESS

The City held its first Volunteer Day last Saturday at Lower Hesse Park. While several smaller volunteer projects that are part of the City's Volunteer Program have already taken place, Volunteer Day was the first large scale project open to the public. We had a great turnout of 82 volunteers cleanup and beautify Lower Hesse Park, from boy scouts, Los Hermanos, the Pacific View HOA, families, residents, City staff, Councilman Misetich, and Mayor Duhovic with his daughters! Volunteers were busy with weed and invasive plant removal, as well as trail and park beautification. Thank you to the Public Works Department for partnering with us on this event. And thank you to the 82 volunteers

that spent their Saturday with us beautifying the community! Plans are underway for the next volunteer workday.

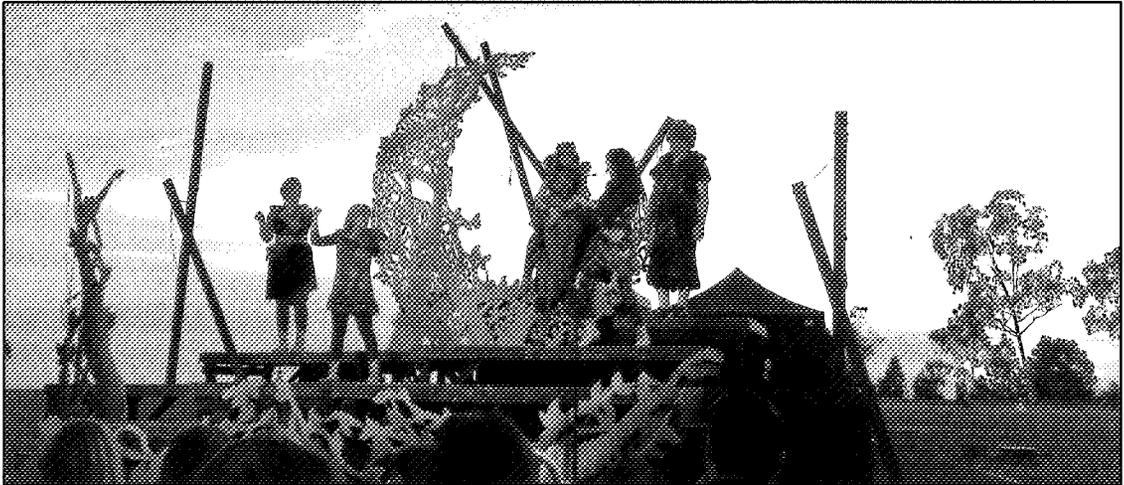

E.T. PHONES HOME FROM EASTVIEW PARK!

The Recreation and Parks Department's first Movie in the Park was a big hit! Approximately 350 people attended the free showing of the movie, *E.T. the Extra-Terrestrial*, at the City's Eastview Park last Saturday evening. The children enjoyed the pre-movie activities conducted by the San Pedro & Peninsula YMCA, and then everyone settled in for the show. Fun times for all!

OUTDOOR THEATER DELIGHTS CROWD!

Last Sunday's Shakespeare by the Sea production of *A Midsummer Night's Dream* brought peals of laughter and applause from the large crowd in attendance at Hesse Park. This always-popular free annual event is a partnership between the City and Shakespeare by the Sea, with additional financial support provided by Malaga Bank and other donors. Hope you joined us!
