## **CITY MANAGER**

Senate Bill 3157 STREAMLINE Small Cell Deployment Act: Rancho Palos Verdes City Council members will be submitting individual letters to the U.S. Senate leadership in opposition of Senate Bill 3157 (S.3157). The bill will force local governments to lease out publicly owned infrastructure, eliminate reasonable local environmental and design review and eliminate the ability for local governments to negotiate fair leases or public benefits for the installation of “small cell” wireless equipment on taxpayer-funded property. S. 3157 is in many ways similar to Senate Bill 649 (SB 649), which was introduced in the State Senate last year and which the City Council also opposed. Governor Brown eventually vetoed SB 649. S. 3157 was introduced on June 28, 2018, and referred to the U.S. Senate Committee on Commerce, Science and Transportation. The League of California Cities has advised that the bill may be considered by the Committee as early as July 25, 2018.

Taking Back Our Community Coalition: Mayor Brooks requested that Staff research the Taking Back our Community Coalition, which is a coalition of California cities advocating for the State Legislature to engage in further discussions to identify solutions for the unintended consequences made to California’s criminal justice system through the enactment of Assembly Bill 109 and voter approval of Propositions 47 and 57. The City Council authorized joining the Coalition at the June 17, 2018, City Council meeting.

“Reducing Crime and Keeping California Safe Act of 2020” Initiative: Mayor Brooks expressed interest in supporting the “Reducing Crime and Keeping California Safe Act of 2020” initiative, which was proposed by the California Public Safety Partnership Issues Committee. However, the initiative did not qualify for the November 6th ballot. If approved, this initiative would have done the following:

- Reclassified currently “non-violent” crimes as “violent”;
- Reformed the parole system to stop the early release of violent felons;
- Expanded parolee oversight and strengthened penalties for parole violations;
- Reformed theft laws to restore accountability for serial thieves and organized theft gangs; and,
- Expanded DNA collection.

Los Angeles County Safe, Clean Water Initiative: On July 17<sup>th</sup>, the Los Angeles County Board of Supervisors held a public hearing to consider placing the “Los Angeles County Safe, Clean Water Initiative” on the upcoming November 6<sup>th</sup> ballot. The motion to place this Los Angeles County Flood Control District parcel tax (\$0.025/square foot of impermeable surface area) on the countywide ballot passed by a 4-1 vote, with 5<sup>th</sup> District Supervisor Kathryn Barger dissenting. Click [here](#) to review the July 17<sup>th</sup> agenda report and attachments. A parcel tax estimate calculator is available by clicking [here](#). Staff will continue to monitor this ballot measure.

Update on AB 1912: As the City Council may recall, the Mayor signed a letter in opposition to Assembly Bill No. 1912 (AB 1912) in April 2018. As originally proposed, AB 1912 would apply retroactive, as well as prospective, joint and several liability for all retirement-related obligations to any current or former member of a joint powers authority (JPA) since its inception. The City is a party to several JPAs.

## ADMINISTRATIVE REPORT

July 18, 2018

Page 4

On July 11<sup>th</sup>, the League of California Cities announced that it had reached an agreement with the bill's sponsor to eliminate its most objectionable provisions (see attached League press release). Based upon these amendments, the League no longer opposes AB 1912.

Coastal Commission to Review Palos Verdes Reef Restoration Project: On July 6<sup>th</sup>, *Ladera Linda* resident Gary Randall advised Staff that he had seen a "Notice of Pending Permit" sign (see photo at left) from the California Coastal Commission posted at Trump National Golf Club. The pending permit is for the Palos Verdes Reef Restoration Project, for which the State Lands Commission approved an off-shore lease in February 2018. We have contacted the Coastal Commission Staff member assigned to process this application, who indicated that the application was only submitted a couple of weeks ago and has not yet been deemed complete for processing. We provided copies of the City's previous comments on the project to the Coastal Commission Staff, and requested that when this matter is agendaized for the Coastal Commission's review, it is placed on the agenda for a meeting held in or near the Los Angeles area.

## FINANCE

CalPERS Reports Preliminary 8.6% Investment Return for Fiscal Year 2017-18: On July 12, 2018 CalPERS reported a preliminary 8.6% net return on investments for the 12 month period that ended June 30, 2018. CalPERS assets at the end of the fiscal year stood at more than \$351 billion. Strong returns came from the private equity program, which generated a 16.1% return, followed by public equity preliminary net returns of 11.5%. Real assets returned 8.0%, which included a 20.6% return from the infrastructure program.

	Net Rate of Return
Total Fund	8.6%
Public Equity	11.5%
Private Equity	16.1%
Fixed Income	0.4%
Real Assets	8.0%
Real Estate	6.8%
Infrastructure	20.6%
Forestland	1.9%
Inflation Assets	9.3%
Liquidity	1.7%

This brings total fund performance to 8.1% for the five-year time period, 5.6% for the 10-year time period, and 6.1% for the 20 -year time period. Over the past 30 years, the CalPERS fund has returned an average of 8.4% annually.

Based on these preliminary fiscal year returns, the funded status of the **overall CalPERS fund** is an estimated 71%, an increase of 3 percentage points from the previous fiscal year. Later this year, the City will receive their annual CalPERS report and at that time staff will report on the City's funded status. These estimates are based on a 7 percent discount rate.

CalPERS' 2017-18 final fiscal year investment performance will be calculated based on audited figures and will be reflected in contribution levels for contracting cities, counties and special districts in Fiscal Year 2020-21.

The ending value of the CalPERS fund is based on several factors and not investment performance alone. Contributions made to CalPERS from employers and employees, monthly payments made to retirees, and the performance of its investments, among other factors, all influence the ending total value of the Fund.

## **PUBLIC WORKS**

Ribbon Cutting Ceremony: Public Works is pleased to provide residents with another beautified park to enjoy. This project consisted of various improvements to Lower Hesse Park including landscaping, trail improvements and new picnic nodes. The ribbon cutting for the Park was on July 17<sup>th</sup> and the Mayor and City Council members attended. Public Works will continue with maintenance of this park.

Recyclers of Month Entry Cards: The City is receiving hundreds of Recyclers of the Month entry cards from residents who say they recycle and want to be included in the bi-monthly drawings. Starting this week, these new cards are being used for the drawings at City Council

meetings. Typically, the City receives over 2,000 entry cards and there are 48 lucky winners a year.

Maintenance Activities: This week maintenance staff assisted with the ribbon cutting of Lower Hesse Park. Prior to the event, the maintenance staff relocated and installed rocks with commemorative plaques, and also installed a speed radar board to reduce speeding in the area. Maintenance staff responded to emergencies this weekend which included a call to investigate a water leak and repairing of a malfunctioning lift station pump in AB Cove.

## **COMMUNITY DEVELOPMENT**

Coyote Wildlife Watch Update: On Thursday, July 12, 2018, Code Enforcement Staff coordinated another educational outreach field workshop with the residents in the Miraleste neighborhood. Residents were provided with informational packets, which included the City's Coyote Management Plan, Keep Me Wild brochure, and Home & Yard Checklist for Wildlife. That same day, ten yard audits were conducted and findings of potential coyote attractants were discovered from fallen fruit, overgrown brush, 3' rear yard fencing and coyote scat. Overall, residents were thankful and pleased with the City's proactive approach in raising awareness on measures to keep coyotes in the canyons and out of their neighborhood.

Reduction in Jet Flights over the Peninsula: Staff is pleased to report that the Federal Aviation Administration (FAA) has taken noticeable and measureable steps to avert jet flights over the Peninsula, particularly Rancho Palos Verdes. According to LAWA, jet flights over the Peninsula have dramatically decreased from 558 jet overflights in March 2018 to 154 overflights in June 2018 (see attached LAWA data chart). LAWA also reported that most of the jets were flying above an altitude of 13,000 feet. This overflight decrease and increase in overflight altitudes could be attributed to the recent letters sent by the City Attorney, the LAX Community Noise Roundtable discussions, and by City Council and community correspondence with the FAA. The FAA has also recently contacted City Staff to schedule a meeting to establish a renewed, cooperative relationship between the City and the FAA and to ensure jet overflights across the Peninsula are further reduced.

LAX Roundtable Meeting Summary: At its July 11th meeting, the Roundtable approved, among other things, a request that the FAA revive or create LAX north arrival charted visual flight procedures a part of an effort to improve aircraft altitudes on the north downwind arrival route; draft a letter to the Senate recommending inclusion of certain aircraft noise provisions from the House version into the Senate version of the FAA Reauthorization Act of 2018; and hold the September Roundtable meeting in Hawthorne and the November meeting in Monterey Park. Locations to be determined.

NCCP - Federal Register Process: The Community Development, Recreation and Parks, and Public Works Departments have been working with the U.S. Fish and Wildlife Service, California Department of Fish and Wildlife, and Palos Verdes Peninsula Land Conservancy on the public review of the City's Natural Communities Conservation Plan/Habitat Conservation Plan (NCCP/HCP). The 2018 draft NCCP/HCP was approved by the Council for submittal to the Wildlife Agencies on March 29th. The Wildlife Agencies have been preparing the Notice of Availability and related briefing documentation in support of the publication in the Federal

## ADMINISTRATIVE REPORT

July 18, 2018

Page 7

Register in accordance to NEPA. The City formally submitted the NCCP/HCP application on July 12th. The USFWS will notify the City when the draft NCCP/HCP is published in the Federal Register for the 60-day public comment period. The documents will be available on the City's website, at the local libraries, and at City Hall and PVPLC offices. The Wildlife Agencies will then address public comments and prepare their permit decision documents. The City anticipates the public comment period to begin in late August. Once the Wildlife Agencies finalize the internal decision documents, the City Council will again review and consider adopting the final draft NCCP/HCP document.

Green Hills - Neighborhood Advisory Committee (NAC) Meeting: City Council-approved Condition No. 17 requires that Green Hills establish a NAC comprised of representatives from the Peninsula Verde and Rolling Riviera HOAs, City Staff, and Green Hills Staff. The NAC is required to meet every quarter to review operational and neighborhood concerns. The second quarterly meeting was held on Friday, June 29, 2018 at City Hall and followed an agenda prepared by City Staff based on input from the Committee representatives. The summary report of the discussions at the meeting is attached.

Peafowl Trapping Program Update – Volunteers Needed: On June 19, 2018, the City Council directed Staff to resume the trapping of up to 150 peafowl as part of the 2018 Peafowl Trapping Program within the following neighborhoods: Portuguese Bend, Crestridge, Sunnyside Ridge, Grandview, Vista Grande, Monaco, and Mira Vista. The City intends to begin trapping in August by placing a trap on private properties in each of these neighborhoods. The traps will be relocated within the same neighborhood every two weeks. In order to place the traps on private property, the City seeks property owners who are willing to volunteer to have the traps placed on their property. If you are interested, please contact Kevin Le, Code Enforcement Officer, at 310-544-5299 or via email at [KLe@rpvca.gov](mailto:KLe@rpvca.gov). The City will confirm that the volunteer's property is within the identified neighborhoods and will assess the property to determine if the traps can be placed on-site securely and effectively.

Business License Approved for Residential Care Facilities: On July 16, 2018, business licenses were issued to operate a Residential Care Facility for the elderly at single-family residences located at 6917 Beechfield Drive, 28122 Lomo Drive, and 28128 Lomo Drive. Residential Care Facilities within the City's Single-Family Residential Zones are allowed by-right provided that they apply and obtain a valid business license from the State of California and the City of Rancho Palos Verdes, and house no more than six (6) patients at a time. Should any property owner choose to increase the number of patients in their facility, a Conditional Use Permit is required in accordance to Rancho Palos Verdes Municipal Code 17.02.025.D.

July 24, 2018 Planning Commission is Canceled: The July 24th meeting will be canceled due to the lack of agenda items. The next meeting is scheduled for August 14th.

## **RECREATION & PARKS**

**Lower Hesse Park Ribbon Cutting:** A ribbon cutting ceremony for the Lower Hesse Park Improvement Project took place on Wednesday, July 17 at 5pm. Mayor Susan Brooks acknowledged the efforts of the Pacific View Homeowner Association member, particularly John Freeman, Les Chapin, Jim Moore, and current President Noel Park, who also spoke at the event. Thanks were also expressed to City Staff, volunteers, Withers & Sandgren and Pub Construction, and to the LA County Regional Parks and Open Space District for the \$300,000 grant that helped make this project a reality. Improvements included upgraded trail system, native and ornamental drought-tolerant plantings, enhanced picnic areas, gravel parking lot and boulders for natural play opportunities. The entire City Council was present for the ribbon cutting and the unveiling of two plaques, one for the park dedication, and a second appreciating the efforts of the Pacific View Homeowner representatives mentioned above. Michelle Nishide with Movoto Realty presented a framed certificate of recognition to the City.

**PVIC/Docents:** Little Fish Tales by the Sea enrichment program will be held on Thursday morning in the PVIC Sunset Room from 10:30-11:30am.

**Hesse Park:** The facilities are rented this week for eleven indoor recreation classes, three non-profit group rentals, two Peninsula Seniors activities, one City meeting, one outdoor sports camp, three indoor day camps, and one private rental.

Little Critters Storytime was attended by 12 adults and 17 children last Wednesday. All participants enjoyed a story and fun crafts.

**Ladera Linda Park:** The facilities are rented this week for two recreation classes and one non-profit rental.

## ADMINISTRATIVE REPORT

July 18, 2018

Page 9

Ryan Park: The facilities are rented this week for six indoor recreation classes and eight outdoor recreation classes.

REACH: On Wednesday, REACH dined at San Pedro Fish Market and Grill followed by an evening of bowling. On Saturday, REACH will travel to the Richard Nixon Library for a tour. A camp was held this week at Ladera Linda for younger REACH participants ages 5-12.

Volunteer Program: Volunteers assisted staff with last Saturday's second Lower Hesse Park clean up. Sunday, the PVIC Native Plant Garden was pruned and cared for.

### Healthy RPV Program:

Open Gym week of July 9, 2018:

Wednesday, July 11, 2018 attendance, Miraleste Gym 7:00-9:00pm:

- 24 people (14 attended last year on this date)

Sunday, July 15, 2018 attendance, Miraleste Gym 10:00am-12:00pm:

- 8 people (0 attended last year on this date)

Sunday, July 15, 2018 attendance, Peninsula High Gym 2:00-4:00pm:

- 15 people (15 attended last year on this date)

Open Gym regular schedule:

Sundays, 10am-12pm Miraleste Intermediate School

Sundays, 2-4pm, Peninsula High School

Wednesdays, 7-9pm, Miraleste Intermediate School

## League Brokers Compromise, Removes Opposition from Troubling JPA Bill

July 11, 2018

The League successfully reached an agreement with Assembly Member Freddie Rodriguez (D-Pomona) on AB 1912, his bill that would have jeopardized the fiscal stability of cities in Joint Powers Authorities (JPAs).

After brokering this agreement to remove the bill's most troubling provisions, the League removed its opposition.

AB 1912 as originally drafted would have imposed substantial burdens and costly unworkable requirements on local agencies by applying retroactive, joint and several liability as well as prospective joint and several liability for all retirement related obligations to any current or former JPA member throughout its existence. By applying joint and several liability, cities debts could dramatically rise and in many cases would have exceed a cities' annual revenue without being approved by local voters. California's constitutional debt limit prohibits a local government from incurring indebtedness beyond its ability to repay the debt with revenues from the same fiscal year without two-thirds voter approval.

### Compromise Protects Cities and Employees

The most recent amendments to AB 1912 eliminated the joint and several liability provisions (retroactively and prospectively) in favor of a more equitable apportionment scheme. These amendments clarify that this apportionment and financial reporting of liability only applies when a JPA dissolves, ceases operations, or has its contract with the retirement system terminated.

This approach strikes the balance of ensuring that JPA retirees have secure retirement while avoiding the blanket liability provisions in previous versions of the measure. The amendments provide clarity, direction and more flexibility for the member agencies of a JPA to negotiate amongst themselves on the best approach to apportionment.

The League would like to thank Sen. Anthony Portantino (D- La Canada Flintridge) and his staff for being instrumental in helping broker the agreement. The senator, who the Senate PERS Committee and serves as chair of the powerful Senate Appropriations Committee, had strong concerns about the measure prior to the most recent amendments. Every city in the Sen. Portaintino's district opposed the bill and as a former city council member, he understood the unintended consequences the previous version of the bill would have placed on cities.

AB 1912 is currently in the Senate Appropriations Suspense File and will likely move to the Senate Floor after the Legislature returns from its summer recess in August.

# Palos Verdes Peninsula – Jet Overflights

Monitoring southbound jets departing from LAX that overfly Peninsula

**GREEN HILLS NEIGHBORHOOD ADVISORY COMMITTEE**

**Summary Report of the June 29, 2018 Quarterly Meeting**

**Members Present**

Ara Mihranian, Director of Community Development  
So Kim, Deputy Director/Planning Manager  
Nick Resich, Green Hills Director of Buildings and Park Maintenance  
Thomas Frew, Green Hills CFO – General Manager  
Steven Espolt, Green Hills Manager of Strategic Planning and Compliance  
Leigh Kramer, Cerrell (Green Hills Public Relations Firm)  
Joe Gualeni, Rolling Riviera HOA  
Chris Martin, Rolling Riviera HOA  
Vince Reher, Peninsula Verde HOA  
Bernadette Sabath, Peninsula Verde HOA  
Dave Turner, Peninsula Verde HOA

**Summary of Discussion**

**I. Introductions and opening remarks**

So Kim welcomed the Committee and opened the meeting at 10 AM.

**II. Follow-up on the June 26, 2018 Planning Commission Appeal Hearing**

Tom Frew questioned if it's proper City protocol to allow Glenn Cornell to speak on behalf of the Appellant, Sharon Loveys, at the public hearing. Ara Mihranian replied that it is not proper protocol and should not have happened. Vince Reher questioned if Glenn Cornell was representing the Rolling Riviera HOA at the public hearing. So Kim stated that Glenn Cornell introduced himself as the representative of his HOA at the meeting. Ara Mihranian stated that the appeal was not warranted as the reasons for the appeal were not related to the merits of the project. Chris Martin asked if City Council chose to not regulate density at the cemetery. Ara Mihranian explained that the City Council has the discretion to regulate or not regulate density and they have chosen not to. Tom Frew noted that there is a trend towards cremations over traditional burials, but this doesn't mean there is an increase in burial activity. Nick explained that the trend towards cremations make it more difficult to retain business as some people prefer to have cremation urns and keep them at their homes. Ara Mihranian asked why cremations are preferred. Tom Frew responded that especially with the baby boomers, it is more about celebrating instead of mourning, with less emphasis on religion. He explained that the preference may be also due to niches being less expensive. He also mentioned that Green Hills are forced to plan ahead to anticipate appeal filings against their City applications, which extends the processing time to 12 months.

### **III. Status on the North Perimeter Wall**

Vince Reher thanked Green Hills as he has only received positive feedback on the recent construction of the north perimeter wall. He asked if the eastern end could be closed off to prevent public access and noted gaps along an existing steps. Nick Resich responded that he would look into addressing the matter and suggested that the gaps in the steps be filled with gravel or install modules, provided that the City will authorize it. Ara Mihranian replied yes. Nick Resich mentioned that the existing chain link fence was replaced and slats were installed. Vince Reher expressed his satisfaction. He also mentioned that there is a utility line on top of the swale that needs repair. Nick Resich replied that the cable/fiber optic line appears to be feeding the condominiums in the City of Lomita. He speculated that there may be an easement over the swale for those lines and the residents will need to contact the utility company. Ara Mihranian suggested contacting the condominium complex management to find out which cable company they're using and noted that this is a private matter and the City will not be involved.

### **IV. South Perimeter Wall**

Joe Gualeni stated that they are diligently working with Green Hills and are in the final stages of the design.

### **V. Questions and Comments**

Dave Turner asked what the park rules are for drones. Tom Frew replied that no drones are allowed for privacy reasons, unless it's for 1-day filming activity. Nick Resich stated that the park rules do not specifically address kites, but it would be considered sports activity, which is not allowed. Tom Frew noted that service dogs are allowed and leashes are required. Ara Mihranian requested that Green Hills notify the City at least 1-week in advance prior to using drones. Chris Martin requested that there be improved dust control. Tom Frew mentioned that the recent dust impacts may have been caused by reorganizing Area 6 to create a flat area to relocate the vaults. Nick Resich explained that they use water trucks, but cannot use too frequently as it may cause a flood. He said that he would look into installing gravel to further mitigate dust impacts.

### **VI. Adjournment**

The meeting adjourned at 10:40 AM.
