CITY MANAGER

Update on SB 732 (Allen): On June 18, Mayor Duhovic signed a letter to Senator Ben Allen opposing his proposed legislation, Senate Bill 732, which would give the South Coast Air Quality Management District the authority to place a sales tax measure before voters across its four-county jurisdiction (see attachment). The City Council directed Staff to prepare the opposition letter at a previous meeting. SCAQMD is pursuing a potential quarter-cent or half-cent sales tax measure to meet federal pollution reduction standards by generating \$700 million to \$1.4 billion a year to fund incentives to replace heavy-duty diesel trucks on the region's roadways with green technologies. Senator Allen held the bill in the Senate Appropriations Committee in May and it will not return for consideration until January 2020. Staff will continue to monitor this bill.

Local Election Scheduled and Nomination Period for City Council Candidates: The City of Rancho Palos Verdes will hold its General Municipal Election on November 5, 2019, for three (3) City Council seats. The nomination period for candidates for City Council will begin on Monday, July 15, 2019, and will close on Friday, August 9, 2019, at 4:30 p.m.

During the nomination period, election manuals containing all of the necessary paperwork will be available from the City Clerk's Office during the City's regular office hours, which are Monday through Thursday from 7:30 a.m. to 5:30 p.m. and Fridays from 7:30 a.m. to 4:30 p.m. Please contact the City Clerk at (310) 544-5208 to make an appointment, if you are interested in becoming a candidate for City Council. To be eligible to run for City Council, a candidate must be a registered voter and a resident of the City of Rancho Palos Verdes.

Full details on the November election including candidate information is available on the City's website at <http://www.rpvca.gov/632/Elections-Voter-Services>.

FINANCE

2018 City Employee Compensation Report: Finance Department completed the Employee Compensation and Benefit Analysis for the 2018 calendar year. The analysis report includes the total compensation for all City employees who worked during this time period. The total compensation captures all forms of pay and City-paid benefits including: wages, allowances, overtime, declined health insurance, bonus, severance, vacation buy out, pension contribution, health insurance, ancillary insurance, retirement health savings and leave time. To enhance transparency of the report, employee's last names was also included.

The report was audited by the City's independent auditor, White Nelson Diehl Evans LLP and issued a clean audit report on all performed procedures. The full report will be submitted to City Council for review on June 4th.

OpenGov Financial Reporting: Did you know that you can view the City's monthly financial reports on OpenGov? OpenGov is an easy to use website that allows visitors to view monthly revenue and expenditure details using interactive charts and graphs. Information can be viewed by fund, program and expense type. Visit <http://www.rpvca.gov/895/OpenGov-Financial-Data> to learn more.

PUBLIC WORKS

Catch Basin Insert Project: Work is progressing for the Catch Basin Insert Project in the City of Rancho Palos Verdes. Over 350 catch basin screens have been installed in the City so far and the work will continue through the summer. The project will install Connector Pipe Screen (CPS) units in existing catch basins in all the cities in the Peninsula. (See below)

Maintenance Activities: This week Public Works Maintenance continues fuel modifications. Areas visited and cleared this week are Silver Spur Road and Hawthorne Blvd., Lower Ladera Linda, Pirate Road, and Palos Verdes Drive South. Weed clearing crew cleaned the right-of-way from Bronco Dr. to Palos Verdes Drive North. In the Parks, regular maintenance will continue. Several irrigation repairs were made at Eastview Park, Hesse Park, PVIC, and Montemalaga Dr. median.

On Palos Verdes Drive East, Public Works responded to reports of much debris in the roadway left by a car accident and removed the road blockages. On Montemalaga Dr., a mattress was dumped illegally on to the sidewalk, which crew quickly removed. On Montemalaga Dr. as well, the retaining wall that runs along Montemalaga Dr. and Ironwood, began to tilt and shift into the sidewalk. Public Works worked with Code Enforcement to notify the resident/owner of the condition of the wall. Public Works coned off the section of the sidewalk until repairs can be made.

In the Portuguese Bend Sewer district, Public Works responded to the resident located at 73 Narcissa Dr. He reported his sewer was not working correctly. Public Works found the grinder pump lateral not properly connected and leaking a small amount of sewage. Public Works cleaned-up the area and had the lateral repaired within 24 hours. The sewer is now

in operation. On 8 Thyme Pl., another resident reported water pooling near a sewer manhole. Public Works inspected the site and found pooling water from an irrigation runoff. Public Works also contacted the sewer system contractor to inspect for proper operation. No issues were found at this time.

Lastly, Public Works is making slide area road repairs on Palos Verdes Drive South. Public Works Maintenance set up light/message boards to notify drivers of construction work and expected delays.

COMMUNITY DEVELOPMENT

2019 Peafowl Trapping Program – Volunteers Needed: On June 4, 2019, the City Council directed Staff to resume the trapping of up to 150 peafowl as part of the 2019 Peafowl Trapping Program within the following neighborhoods: Portuguese Bend, Crestridge, Sunnyside Ridge, Grandview, Vista Grande, Monaco, and Mira Vista. The City intends to begin trapping in August by placing a trap on private properties in each of these neighborhoods. The traps will be relocated within the same neighborhood every two weeks. In order to place the traps on private property, the City is currently seeking property owners who are willing to volunteer to have the traps placed on their property. The City will assess the volunteer's property to determine if the traps can be placed on-site securely and effectively.

Marymount California University – Special Use Permit for the 2019-2020 Academic Year: Pursuant to City Council-adopted Condition No. 13, Marymount recently submitted its annual Special Use Permit to allow a series of outdoor special events with amplified sound for the 2019-2020 academic year. At this time, a total of 24 specific dates and times are proposed. Staff is currently reviewing the application for completeness. Once deemed complete, a public notice will be issued to property owners within a 500' radius of the campus, interested parties, and listserv subscribers.

Planning Commission Agenda: See attached draft agenda for the upcoming Planning Commission meeting on Tuesday, June 25, 2019.

**SUBJECT: SB 732 (Allen)
Notice of Opposition (as amended 4/30/19)**

Dear Senator Allen:

The City of Rancho Palos Verdes opposes SB 732, which would set a problematic precedent by giving an air district the authority to seek a sales tax increase.

We appreciate your request to hold the bill in the Senate Appropriations Committee to provide more time for revisions, and we support the South Coast Air Quality Management District's aims of reducing harmful air pollution.

However, we fundamentally disagree with using a sales tax increase as a vehicle to reach reduction targets. California has the highest statewide sales tax, and a measure enabled by SB 732 and approved by voters across SCAQMD's vast jurisdiction would push some cities beyond the state's combined sales tax cap.

We also question the SCAQMD's reliance on two surveys of a few thousand participants to pursue a potential sales tax measure that would apply to a region of more than 16.8 million people.

Rancho Palos Verdes values the health of our natural resources, and we support efforts to improve the region's air quality. But a sales tax increase is not the solution and has the potential to do more harm than good to the taxpaying public.

Senator Ben Allen
