CITY MANAGER

Cal Water Update: As part of the ongoing Palos Verdes Peninsula Water Reliability Project, Cal Water has begun pipeline installation on Crenshaw Boulevard in the City, with crews working from 9 a.m. to 7 p.m. on weekdays, starting at Crest Road and moving toward the new pump station site north of Silver Spur Road. Cal Water produced a map (below) showing alternate routes to avoid traffic delays caused by lane closures. As a reminder, construction from Crest Road to the pump station location is expected to last approximately five months, but could change depending on unforeseen circumstances. The estimated duration for all work on Crenshaw Boulevard (from Crest Road to the South Coast Botanic Garden) is approximately seven months.

For project updates, visit www.pvpwaterproject.com/construction_and_traffic_info

CERT Aftershock Chat: In light of the recent earthquakes in Ridgecrest, the Palos Verdes Peninsula Community Emergency Response Team (CERT) is holding an earthquake readiness discussion July 25 in Rolling Hills Estates (see attachment). The Aftershock Chat is open to the public and starts at 7 p.m. in RHE City Council Chambers at 4045 Palos Verdes Drive North. Learn what to expect at a Red Cross shelter if your home isn't habitable in the wake of a destructive disaster. Emergency kits/bags will be on display and for sale.

As a reminder, three-day emergency supply “Go Bags” are available for \$40 at the Point Vicente Interpretive Center. For additional information about what to include in your kit, visit <http://www.rpvca.gov/357/Build-a-Kit>

FINANCE

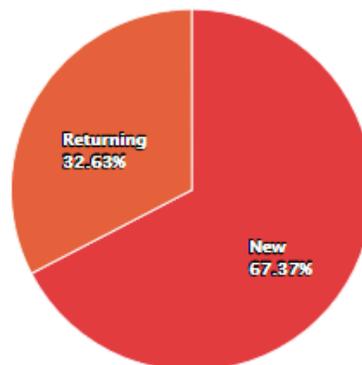

OpenGov Financial Reporting: Did you know that you can view the City’s monthly financial reports on OpenGov? OpenGov is an easy to use website that allows visitors to view monthly revenue and expenditure details using interactive charts and graphs. Information can be viewed by fund, program and expense type. Visit <http://www.rpvca.gov/895/OpenGov-Financial-Data> to learn more.

OpenGov Visitor Data: Over the past 90 days there have been 95 visitors to the City of Rancho Palos Verdes’ OpenGov site. On average these visitors browsed for approximately one minute and forty eight seconds.

Based on the analytical data provided by OpenGov, 67% of users were visiting the OpenGov site for the very first time with the remaining 33% made up of returning users.

New vs Returning

PUBLIC WORKS

Maintenance Activities: This week Public Works maintenance continued its roadway brush clearance on Palos Verdes Drive East. Crews also cleaned up the Western Ave medians.

Calle Entradero was cleared of weeds and brush for the second time this season. In Lower Ladera Linda, crews finished clearing dry brush and dead vegetation. Irrigation system repairs took place in at Eastview Park, and Palos Verdes Drive West medians. Also, the trees on Crest Rd. and Hawthorne Blvd. have been put on a watering schedule this summer.

Along the bluff fencing at Del Cerro Park, PW staff made repairs to straighten and secure fencing. Fencing had been leaning and causing concern. On Highridge Rd., two potholes were filled in and repaired. The sidewalk on Trudie Dr. was identified to have deviations. PW made grinding repairs to eliminate a possible trip hazard. PW also made similar repairs to Hawthorne Blvd. and Seamount Dr.

At City Hall, PW installed temporary air-conditioning units at the customer service counter areas during the summer months of Public Works and Community Development. The air conditioning units will be in place to help keep residents comfortable while conducting City business. Lastly, PW had an emergency this weekend on Beachview Dr. A palm tree fell over and was in the walkway. PW quickly identified and coned off the tree until cleanup crews could respond and haul away the tree. PW is currently inspecting and identifying neighboring trees for potential failure and safety concerns.

COMMUNITY DEVELOPMENT

Mira Catalina Coyote Neighborhood Meeting: On Sunday, July 14th, the City's Code Enforcement Division conducted a neighborhood meeting on coyotes with the Mira Catalina HOA. The meeting was held at the Marymount's View Room, and approximately 20 residents, including Councilwoman Brooks, attended. The City provided the attendees with information on the City's Coyote Management Plan, and introduced the Wildlife Watch program which brings neighbors together to raise awareness on measures to keep coyotes in the canyons and out of their neighborhoods. Residents were provided with informational packets including the Coyote Management Plan, Keep Me Wild Brochure, and Home & Yard Checklist for Wildlife, all of which are available on the City's website. Additionally, the attendees were asked to report certain coyote activity on the City's web-based app for tracking purposes and to remain informed.

Peafowl Trapping Program Update – Volunteers Needed: On June 4, 2019, the City Council directed Staff to resume the trapping of up to 150 peafowl as part of the 2019 Peafowl Trapping Program within the following neighborhoods: Portuguese Bend, Crestridge, Sunnyside Ridge, Grandview, Vista Grande, Monaco, and Mira Vista. The City intends to begin trapping in August by placing a trap on private properties in each of these neighborhoods. The traps will be relocated within the same neighborhood every two weeks. In order to place the traps on private property, the City seeks property owners who are willing to volunteer to have the traps placed on their property. If you are interested, please contact Kevin Le, Code Enforcement Officer, at 310-544-5299 or via email at KLe@rpvca.gov. The City will confirm that the volunteer's property is within the identified neighborhoods and will assess the property to determine if the traps can be placed on-site securely and effectively.

July 10th LAX/Community Noise Roundtable Meeting Summary: At the July 10th Roundtable meeting, the Los Angeles World Airport (LAWA) Staff distributed passenger jet overflight and altitude data for the Palos Verdes Peninsula, which recorded 439 overflights in May and 452 overflights in June (see attachment). The City's Staff representative noted for the Federal Aviation Administration Staff present that evening, that the Roundtable had passed a motion on March 14, 2018 requesting air traffic controllers vector passenger jets from the OSHNN flight path beginning east of the HOLTZ waypoint in order to avoid the Peninsula (see attached map and letter). LAWA stated that the City of Los Angeles would hire an aviation consultant to review the various community proposals. The Roundtable facilitator gave presentations on the science of aircraft noise and emerging aircraft technologies. [Click here](#) at LAWA's website for more information about the Roundtable, Agendas, Recaps, Presentations & Other Materials, Correspondences and Meeting Recordings. The next Roundtable meeting will begin at 6:30 p.m. on September 11th at the Los Angeles International Airports (LAX) Clifton A. Moore Administration Building at 1 World Way.

Planning Commission Agenda: See attached draft agenda for the upcoming Planning Commission meeting on Tuesday, July 23, 2019.

RECREATION & PARKS

Movie in the Park: Parks and Recreation month continues with more fun and entertainment. Our second Movie in the Park is being held at the Point Vicente Park/Civic Center this Saturday. Activities from Gymnastics Fun begin at 6:30 pm and the movie, "Small Foot" will be showing at 8:00 p.m. (or shortly after sunset). A Taco food truck will be on site along with Tasty Block food truck providing desserts and hot or cold beverages. Prizes and glow-in-the-dark giveaways will be available to all who join.

Concert in the Park: Enjoy an afternoon of live music at our new family event. This Beach Themed, Endless Summer Concert in the Park, will be held Sunday, July 27th, 12-4 p.m. at Point Vicente Park/Civic Center, 30940 Hawthorne Blvd. Bring your chairs, blanket or a beach towel to listen and enjoy music from Megg and the Benedicts and The Wingtips, food trucks, beer garden, entertainment just for kids by Kids Imagine Nation, crafts for kids provided by Kids Craft Zone, Simply Piano, Kids Music N' Motion, Art to Grow On, and South Bay Kids connection.

Hesse Park: The facilities are rented this week for fifteen indoor recreation classes, three non-profit group rentals, one scout meeting, two private rentals, three Peninsula Seniors activities, and one City meeting.

Ladera Linda Park: The facilities are rented this week for two indoor recreation classes, two non-profit rentals and a weeklong summer camp for developmentally disabled children from the community.

Ryan Park: The facility is rented this week for three indoor recreation classes and Fun on Friday with Reach.

Ladera Linda Park & Community Center Project Workshop: A Community Workshop was held on Wednesday, July 17 from 7-9:30pm at Ladera Linda Park. Following extensive research and community outreach with park-adjacent HOAs, interested parties, individual Councilmembers, and City Staff; the Architecture/Design firm of Johnson Favaro presented and discussed refined conceptual designs for the park and a new community center building. Over 100 attendees, mainly from HOAs adjacent to the park, broke into small groups to identify what they liked about the presentation, what they did not, and potential changes. While attendees expressed general support for the overall plan, concerns were raised about the number of rooms, Preserve parking, and the level of security. For more information on the Ladera Linda Park Project and to see the Powerpoint presented by Johnson Favaro, go to <http://www.rpvca.gov/982/Ladera-Linda-Park-Master-Plan> or contact R&P Senior Analyst Matt Waters at 310-544-5218 or at mattw@rpvca.gov.

PVIC/Docents: Little Fish Tales by the Sea, the monthly enrichment program for toddlers and parents, is this Thursday morning at 10:30 am. The Sunset room and outdoor amphitheater are rented Saturday and Sunday for private events. On Sunday, volunteers will meet for the monthly native plant gardening event from 10 am-12 pm.

REACH: Summer camp is happening this week for our youngest REACH participants. They will be exploring nature and animals all week, at Ladera Linda Park. Friendship Friday for our teen group will be at Ryan Park. We will watch a movie, catch up with friends and have dinner together. The adults will be back next week with programming.

Healthy RPV Open Gym: Open gym was held at Miraleste Intermediate last Wednesday and Peninsula High last Sunday.

Volunteer: Volunteers have signed up to assist staff with the Movie in the Park this Saturday and for the upcoming Concert in the Park. Please go to rpvca.gov/Recreation and Parks/volunteers for more information about future volunteer events for the City and to sign up!

Daniel K. Elwell
Acting Administrator
Federal Aviation Administration
800 Independence Ave, S.W.
Washington, DC 20591

Dear Mr. Elwell:

The FAA recently began to engage with the LAX Community Roundtable in discussions about noise impacts from the North Arrival procedures into LAX in the new SoCal Metroplex. When the Roundtable first began communicating with the FAA about the new noise problems resulting from the Metroplex, we explained that we were addressing North Arrivals altitudes over the City of Los Angeles first (especially waypoint DAHJR), but that this was not the only issue prompting numerous complaints from area residents and communities.

We are writing now to bring a second Metroplex related problem to your attention and to request that the FAA please work with us to resolve it.

There has been a significant uptick in noise complaints about a dramatic increase in jet overflights across the Palos Verdes Peninsula from LAX departures. The Palos Verdes Peninsula is South of LAX. Problems from overflights were mitigated many years ago. The new Metroplex procedures were not supposed to increase overflights. In fact, they were promised to decrease overflights.

Unfortunately, as with the problem of North Arrival flights not meeting the assigned altitude restriction at DAHJR, the new SID procedures that were to direct flights around Palos Verdes Peninsula have not been followed in a large number of cases. Overflights have dramatically increased contrary to promises and published procedures. It looks to us like there might be some common problems of implementation at the local level, maybe with ATC or in the Standard Operating Procedures that perhaps were revised to implement the Metroplex.

In order to address noise impacts associated with turboprop and jet aircraft flying above the Palos Verdes Peninsula, on March 14, 2018, the LAX Community Noise Roundtable voted unanimously to transmit three specific requests to the FAA:

1. Air traffic controllers to adhere to the OSHNN8 published procedure.

The Southern California Metroplex was not supposed to alter the long-standing mitigation that has jets departing LAX southbound fly around the Palos Verdes Peninsula, rather than fly over the Peninsula, between 9PM and 7AM. The new SID OSHNN8 was not supposed to change this noise abatement procedure.

Noise studies conducted by the FAA prior to Metroplex implementation predicted there would be a reduction in noise on the Palos Verdes Peninsula under the new SID OSHNN8 procedure.

According to the Los Angeles World Airports (LAWA) statistics, Peninsula jet overflights averaged less than 200 per month prior to Metroplex implementation. Unfortunately, after Metroplex implementation, Peninsula jet overflights have more than doubled to 455 Peninsula overflights per month. This is affecting four cities on the Peninsula in addition to the City of Los Angeles San Pedro. Therefore, the Roundtable requests that air traffic controllers adhere to the OSHNN8 published procedure as presented during the Southern California Metroplex public hearings and Environmental Noise Assessment studies.

2. When necessary for spacing, air traffic controllers vector jets from the OSHNN8 procedure beginning east of the HOLTZ WAYPOINT.

The Roundtable understands that air traffic controllers sometimes need to vector jets from published procedures for safety. However, the Roundtable has been presented with evidence from a City of Rancho Palos Verdes citizen and the Roundtable representative for Rancho Palos Verdes that suggests some or much of the vectoring is not necessitated by safety concerns or traffic congestion. Recordings of air traffic controller communications with pilots and recordings of flight radar video show a frequent lack of surrounding aircraft when jets were vectored. This makes us wonder whether air traffic controllers are vectoring based on convenience.

The Roundtable notes that SCT standard operating procedure 8-3-2.a delineates distance and altitude policies when vectoring near or over the Peninsula. Therefore, the Roundtable requests when that, when necessary for legitimate spacing, air traffic controllers vector jets from the OSHNN8 procedure beginning east of the HOLTZ WAYPOINT. This will allow jets to overfly the ocean instead of the Peninsula and follow the OSHNN8 noise abatement procedure more closely.

3. Air traffic controllers raise the 5,000-foot altitude restriction on Mokulele Airlines' Cessna Caravan turbo propellers overflying the Palos Verdes Peninsula.

On July 12, 2017, LAWA staff noted that air traffic controllers were limiting Mokulele Cessna Caravan turbo propellers from overflying the Peninsula higher than 5,000 feet. The effect of the altitude restriction is lowering the oldest, loudest aircraft closest to Peninsula residents, which is exacerbated by early morning freight deliveries.

The Roundtable is not requesting a redesign of the Class Bravo airspace similar to RT letters written to the FAA in February 2004 and September 2012. Instead, the Roundtable notes a range of altitude between 5,000 feet to 9,000 feet which other turbo propellers overfly the Peninsula.

Even raising the altitude 1000-2000 feet for the Mokulele turbo propellers would help reduce the noise impact on Peninsula residents; therefore, the Roundtable requests that air traffic

controllers raise the 5,000-foot altitude restriction on Mokulele Airlines' Cessna Caravan turbo propellers overflying the Palos Verdes Peninsula.

Please give these requests serious consideration as the noise impacts affecting these communities have drastically increased and diminished the quality of life for many on the Palos Verdes Peninsula and the City of Los Angeles San Pedro. Thank you for your continued cooperation with the Roundtable.

Sincerely,

Denny Schneider

DRAFT AGENDA

**RANCHO PALOS VERDES PLANNING COMMISSION
TUESDAY, JULY 23, 2019
FRED HESSE COMMUNITY PARK, 29301 HAWTHORNE BOULEVARD
REGULAR MEETING
7:00 P.M.**

SCHEDULING NOTES

REQUESTS TO SPEAK ON AN ITEM MUST BE SUBMITTED TO THE COMMUNITY DEVELOPMENT DIRECTOR PRIOR TO THE COMPLETION OF THE REMARKS OF THE FIRST SPEAKER ON THE ITEM. NO REQUEST FORMS WILL BE ACCEPTED AFTER THAT TIME.

PURSUANT TO ADOPTED PLANNING COMMISSION PROCEDURE, UNLESS THE PLANNING COMMISSION AGREES TO SUSPEND ITS RULES, NO NEW BUSINESS WILL BE HEARD AFTER 11:00 P.M. AND NO ITEM WILL BE HEARD PAST MIDNIGHT. ANY ITEMS NOT HEARD BECAUSE OF THE TIME LIMITS WILL BE AUTOMATICALLY CONTINUED TO THE NEXT COMMISSION AGENDA.
