CITY MANAGER

S. 2012 (Feinstein): Last week, the League of California Cities reached out to Rancho Palos Verdes and other cities asking mayors to sign a letter to Senator Dianne Feinstein supporting S. 2012, her legislation to overturn recent Federal Communications Commission regulations that limit local control over the installation of small cell wireless facilities in the public right-of-way, setting new “shot clocks” for proposals and limiting fees (see attachments). The legislation is a companion measure to H.R. 530, which the City Council voted to support in April. On July 16, the council agreed to add Mayor Duhovic to the list of mayors supporting S. 2012. Staff is also preparing a separate support letter to Senator Feinstein from the City. Staff will continue to monitor both of these bills, as well as a court challenge of the FCC regulations, which the City joined as an intervener.

FINANCE

CalPERS Reports Preliminary 6.7% Investment Return for Fiscal Year 2018-19: On July 11, 2019 CalPERS reported a preliminary 6.7% net return on investments for the 12 month period that ended June 30, 2019. CalPERS assets at the end of the fiscal year stood at more than \$370 billion. Strong returns came from the Fixed Income program, which generated a 9.6% net return, followed by Private Equity and Public Equity net returns of 7.7% and 6.1% returns respectively.

	Net Rate of Return
Total Fund	6.7%
Public Equity	6.1%
Private Equity	7.7%
Fixed Income	9.6%
Real Assets	3.7%
Liquidity	2.6%

This brings total fund performance to 5.8% for the five-year time period, 9.1% for the 10-year time period, and 5.8% for the 20 -year time period. Over the past 30 years, the CalPERS fund has returned an average of 8.1% annually.

Based on these preliminary fiscal year returns, the funded status of the overall CalPERS fund is an estimated 70%, down less than a percentage point from fiscal year 2017-18. Later this year, the City will receive their annual CalPERS report and at that time staff will report on the City's funded status. These estimates are based on a 7% discount rate.

CalPERS' 2018-19 final fiscal year investment performance will be calculated based on audited figures and will be reflected in contribution levels for the State of California and school districts in Fiscal Year 2020-21, and for contracting cities, counties, and special districts in Fiscal Year 2021-22.

The ending value of the CalPERS fund is based on several factors and not investment performance alone. Contributions made to CalPERS from employers and employees, monthly payments made to retirees, and the performance of its investments, among other factors, all influence the ending total value of the Fund.

OpenGov Financial Reporting: Did you know that you can view the City's monthly financial reports on OpenGov? OpenGov is an easy to use website that allows visitors to view monthly revenue and expenditure details using interactive charts and graphs. Information can be viewed by fund, program and expense type. Visit <http://www.rpvca.gov/895/OpenGov-Financial-Data> to learn more.

PUBLIC WORKS

Maintenance Activities: This week Public Works Maintenance continues regular maintenance of parks and medians throughout the City. Public Works also continues to respond to the emergency after-hours requests. On Friday night, staff received a request to remove much debris from Trudie Dr. and Western Ave. Large items were left in the right of way and were attracting suspicious activity. Public Works responded quickly and removed debris early Saturday morning. On Sunday a sewer lift pump station in the Portuguese Bend sewer district was in alarm. Public Works responded and found the lift station non-operational. Public Works quickly pumped out the sewer pit to prevent an overflow. A request for repair parts has been placed to complete repairs. In the interim, Public Works will monitor and clear the pit as needed. Lastly, Public Works continued this week its efforts to blade and compact the Burma Road Trail to help LA County Fire Department with access and fire patrols to our City. Major storms this raining season created ruts and low points that made it difficult for fire vehicles to egress.

AB 939 Solid Waste Annual Report Preparation: Staff is working closely with the Los Angeles Regional Agency (LARA) on finalizing the draft 2018 annual AB 939, Solid Waste diversion, report. The 2018 annual report representing 18 member cities is due to CalRecycle on August 1, 2019.

COMMUNITY DEVELOPMENT

Marymount California University's 2019-2020 Special Use Permit: On June 17, 2019, Marymount California University submitted their annual Special Use Permit (SUP) to allow amplified sound at certain outdoor events during the 2019-2020 academic year. [Click here](#)

to view the public notice announcing this year's request that was mailed to property owners within a 500' radius and to listserv subscribers. This year's request consists of 20 date and time specific events, as well as 4 additional events that will be determined at a later date, for a total of 24 events. The City is accepting public comments during the next 15 days. The Director's decision, which can be appealed to the Planning Commission, will be made available to interested parties and posted on the City's website soon after the public comment period ends.

Marymount – Proposed Butterfly Garden: Marymount recently approached the City to construct a Memorial Butterfly Garden for the Monarch Butterfly as a joint venture with Canyon Verde, a center in Redondo Beach that offers a variety of opportunities for special needs adults. The project consists of a 25'x20' plot on the south slope, just off the Lower West Parking lot (Click [here](#) to view the map). The garden would be accessed from a path off the parking area and would have a layer of mulch and several butterfly-friendly plants including Milkweed, Yarrow, and Buckwheat, which would be planted and maintained by the Canyon Verde clients. Two benches are also proposed in the garden. The proposed project does not trigger planning review or permits from the City nor is it in conflict with the Council-adopted Conditions of Approval for the University. Staff notified the Neighborhood Advisory Committee of the proposal and requested their input by Monday, July 29th. To date, the Meditterrania and El Prado HOA representatives expressed support for the proposal.

Small Wireless Facility Application Submitted: on July 23rd, Staff held a voluntary pre-application meeting with Crown Castle regarding the submittal of a Small Wireless Facility (SWF) under the new ordinance. At this meeting, discussion ensued regarding the location, materials, height, processing and noticing requirements, screening features, and application fees for a proposed SWF located in the public right-of-way of the entry median to the Crestridge neighborhood. Based on these discussions, Crown Castle submitted the application, but deferred the official submittal date to Monday, July 29th. In other words, the shot clock under the new FCC order will begin on Monday, at which time the City will have 10 days to review the application for completeness. The City will have a total of 90 days to process this request except when the clock is tolled due to missing or incomplete information. As part of Staff's initial review, a determination will be made whether the application will be reviewed by the Public Works Director or forwarded to the Planning Commission as a Major Wireless Telecommunication Facilities Permit.

Senate Bill 2 Planning Grants: In 2017, then-Governor Brown signed the 15-bill Housing Package aimed at addressing the State's housing shortage. The Building Homes and Jobs Act (SB 2) provides funding and technical assistance to local cities and counties to help in the preparation, adoption and implementation of plans and process improvements that streamline housing production. The State's Housing and Community Development Department (HCD) is currently accepting SB2 Planning Grants and has setup a webpage dedicated to providing cities and counties with technical assistance in the grant preparation process. City Staff will be contacting local technical assistance liaisons to further discuss grant opportunities with specific emphasis in ensuring that the City's 5th Cycle Regional Housing Needs Allocation (RHNA) is met. [Click here](#) for more information about HCD's Technical Assistance.

Planning Commission Follow-up Agenda: See attached follow-up agenda from the Planning Commission meeting on Tuesday, July 23, 2019.

RECREATION & PARKS

Concert in the Park: Enjoy an afternoon of live music at our new family event. This Beach Themed, Endless Summer Concert in the Park, will be held Saturday, July 27th, 12-4 p.m. at Point Vicente Park/Civic Center, 30940 Hawthorne Blvd. Bring your chairs, blanket or a beach towel to listen and enjoy music from Megg and the Benedict's and The Wingtips. Food trucks and a Beer Garden will be available. For the kids we have entertainment by Kids Imagine Nation, crafts provided by Kids Craft Zone, Simply Piano, Kids Music N' Motion, Art to Grow On, and South Bay Kids connection.

Hesse Park: The facilities are rented this week for eleven indoor recreation classes, one non-profit group rental, three Peninsula Seniors activities and one traffic citation hearing.

Ladera Linda Park: The facilities are rented this week for two indoor recreation classes, one non-profit rental, one private rental, and a weeklong summer camp for developmentally disabled children from the community.

Ryan Park: The facility is rented this week for four indoor recreation classes.

PVIC/Docents: The Sunset room is rented Saturday and Sunday for private events. Little Fish Tales met in the Sunset Room on July 18 from 10:30am to 11:30am. Our attendance included 40 children and 30 adults. Families arriving early enjoyed looking at our basket of books ahead of the program, or exploring the museum. Kids enjoyed books,

songs, felt board activities and movement. Coloring pages were also offered. We offered a summer themed flip-flop craft.

REACH: Summer camp continues this week for kids 5-12 with disabilities. Join us for fun, games, outdoor activities and friendship. Camp will be Monday-Thursday, 9 a.m. – 1 p.m. The REACH participants will play Bocce and gather for a BBQ tonight. Burgers and hot dogs, with all the trimmings and sides is on the menu! Saturday they will enjoy a beautiful summer day at the beach and the tour the Cabrillo Aquarium. Contact Helen Barnfather at helenb@rpvca.gov for information about Summer Camp and the REACH program.

Healthy RPV Open Gym: Open gym was held at Miraleste Intermediate last Wednesday and Open Gym at Peninsula High last Sunday.

Volunteer: 19 Volunteers assisted with the monthly Native Plant Garden activities last Sunday. The volunteers spread mulch and trimmed plants in the garden. 18 volunteers came to our Movie in the Park, last Saturday evening and helped Staff set up and clean up after the event. Volunteers have signed up to assist staff with the Concert in the Park this Saturday. We have an Abalone Park event on August 10th and then our last Movie in the Park on August 17 still open for volunteer sign ups. Please go to rpvca.gov/Recreation and [Parks/volunteers](http://rpvca.gov/Parks/volunteers) for more information about these and future volunteer events for the City and to sign up!

The Honorable Dianne Feinstein
United States Senate
331 Hart Senate Office Building
Washington, DC 20510

Dear Senator Feinstein:

As elected officials, we are committed to serving the residents of our cities by ensuring the digital infrastructure of tomorrow is safe, reliable, and is accessible for everyone. Cities and counties are not only leaders in innovation, but also have an obligation to the public to ensure safe, equitable deployment, and fiscally prudent broadband investment to their communities. It is essential that communities maintain control of the small cell application and review process to ensure safe deployment of this technology and that everyone benefits. The Federal Communications Commission (FCC) attempts to preempt this process in a rushed and overreaching manner. For these reasons, we applaud your effort in restoring authority to the rightful position of local jurisdictions and support S. 2012, Restoring Local Control over Public Infrastructure Act of 2019.

This bill would return local governments' ability to balance competing interests for the use of the public rights-of-way by overturning actions of the FCC in August and September of 2018. While we support the Commission's goal of ensuring affordable broadband access for every American, the Commission's actions do nothing to achieve that goal. It puts the interests of national corporations over the needs of our communities by making it impossible for local governments to manage the public rights-of-way effectively and equitably. It cedes control of local property to national corporations without fair compensation in return, and without taking into account considerations for closing the digital divide, public safety, public utility services such as water, sewer, and electricity, the travelling public, environmental concerns, economic development, and maintenance costs.

Your leadership in passing this legislation is critical to ensuring local governments have the necessary tools to manage local public assets in a manner that balances competing interests while encouraging responsible deployment of wireless broadband facilities. Without this action, communities will face financial strain and potentially delayed progress in adopting to the FCC's overreaching actions. It is necessary for both industry and our residents to reverse the FCC's rules on small cells and restore local control.

Sincerely,
