CITY MANAGER

Conference Resolution Update: Staff is in the process of preparing a conference resolution package to submit to the League of California Cities for consideration at the Annual Conference & Expo in October in Long Beach.

The resolution regarding undergrounding power lines as a means of fire prevention is based on direction from the City Council in April. Specifically, it calls on the California Public Utilities Commission to amend Rule 20A (the state's program using ratepayer funds to pay for undergrounding) to add projects in Very High Fire Hazard Severity Zones to the list of criteria for eligibility. The resolution also calls on the CPUC to increase funding allocations for Rule 20A projects to make more of them possible (see attachment). The City submitted the resolution to the California Contract Cities Association at its Annual Municipal Seminar in May, where it passed.

The League requires concurrence from five cities for a resolution to go before its General Assembly. Staff has reached out to cities across the state that have experienced major wildfires in recent years or have significant populations in Very High Fire Hazard Severity Zones seeking letters of support. So far, the City has received support letters from the cities of Moorpark, Ventura and Laguna Beach. Another six cities have indicated they are considering sending letters, with three taking letters to their city councils for approval in early August.

Staff will submit the resolution and letters of concurrence to the League by the August 17 deadline. At the conference, it would likely go before the League's Environmental Quality and Transportation, Communication and Public Works policy committees.

Proposed Resolution on Rule 20A Funding – Page 25

FINANCE

Statewide Sales Tax Trends:

Restaurants and Hotels

FY18-19: Projected 2.1% increase – ↓ from 2.5% in January 2019

FY19-20: Projected 2.0% increase – ↓ from 2.5% in January 2019

Forecasted trends decelerated for the fifth quarter in a row in the restaurant category. The number of newly opened restaurant outpaced population growth resulting in declines in same-store sales. Along with other continuing challenges, the staffing crisis in the industry is impacting ability to provide the highest level of service at a time when service is the key attribute of the restaurant/hotel experience. Revenue increases were moderate when compared to patterns of the past three years.

Food and Drugs

FY18-19: Projected 2.5% increase – ↓ from 2.9% in January 2019

FY19-20: Projected 2.5% increase – No Change from 2.5% in January 2019

Tax receipts improvement during the final quarter of 2018 came from cannabis-related operations. Results declined from drug stores while grocery merchant's returns were flat. Automation and robotics are integral ingredients to holding down supermarket and drug store costs while enhancing customer alternatives including at-home delivery. Competition remains fierce between prepared meal providers, traditional stores and boutique alternative concepts. Cannabis businesses should contribute to the overall increases as more state and local agency permits are issued for growing, manufacturing and dispensary facilities.

Source: HdL Consensus Forecast – April 2019

OpenGov Financial Reporting: Did you know that you can view the City's monthly financial reports on OpenGov? OpenGov is an easy to use website that allows visitors to view monthly revenue and expenditure details using interactive charts and graphs. Information can be viewed by fund, program and expense type. Visit <http://www.rpvca.gov/895/OpenGov-Financial-Data> to learn more.

PUBLIC WORKS

Maintenance Activities: This week Public Works maintenance continues with its regular maintenance at City parks and right of ways. Open spaces cleared this week include Mount Sawtooth Dr., Palos Verdes Drive West, Sunnyside Ridge Trail, and Crest Road. Public Works also cleared the Grandview Park area of weeds and brush that grew back this season. Grid tree trimming efforts also continue in the City. Areas of attention this week include Freeport, Grayslake, Menominee, and Spring Cree Roads. Public Works also had a tree limb removed that was posing a risk on 6866 Crest Rd. Signage was replaced and or repaired in several areas throughout the City. A downed stop sign was replaced on Trudie Dr and Homeworth Dr. On Palos Verdes Drive East several arrow chevrons had gone missing. Public Works replaced arrows as soon as we were notified. Lastly, on Bronco Dr., Public Works painted curbs red to help with overextended parking in that neighborhood.

Burma Road Access Clearing: Burma "Road" (or "trail that accommodates vehicular access") was scarified and compacted last week to eliminate ruts from water runoff and other erosion. This work was performed with the additional appropriation authorized by City Council at the July 16th meeting, and LA County Fire Department's Battalion Chief Alvin Brewer sent the City an email on Sunday that read "I had the local station go out and evaluate, they were very pleased with the improvements."

ADMINISTRATIVE REPORT

July 31, 2019

Page 5

New Trash Cans at Hesse Park: New trash cans and recycling containers (20 in total) were placed last week at Hesse Park. These 55 gallon bins replace damaged, mismatched and undersized containers. Another eighty were purchased for the Palos Verdes Nature Preserve, and staff will begin installing them at designated preserve locations. The new bins have covered lids to prevent wind, birds and other scavengers from scattering trash – which was the basis of consistent complaints – and meets a requirement of the NCCP/HCP (Natural Communities Conservation Plan / Habitat Conservation Plan) to have covered garbage cans in the Preserve for conservation reasons. The purchase of the 100 receptacles was authorized by City Council at its May 21st meeting.

Hesse Park Improvements: New bleachers for Hesse Park are delayed – The new bleachers ordered for Hesse Park athletic field arrived damaged last week and therefore staff refused to accept delivery. The manufacturer has apologized and staff is waiting for a new delivery date for bleachers that are “new and free from defects”.

COMMUNITY DEVELOPMENT

Passenger Jet Overflight Update: As reported in the July 17th Administrative Report, the Los Angeles World Airports (LAWA) staff provided passenger jet Peninsula overflight data between April and June 2019. According to the date, LAWA recorded an average of 444 passenger jets per month overflying the Peninsula between this period. Approximately 63% of these overflights were above 13,000 feet in altitude (see attached data). The OSHNN8 passenger jet flight path originates from Los Angeles International Airport (LAX) and circumvents the Peninsula. Passenger jet Peninsula overflights are caused by Federal Aviation Administration air traffic controllers redirecting jets off the designated OSHNN8 flightpath. These passenger jet overflights do not originate from Long Beach Airport.

On May 5, 2019, the City Council approved a professional service agreement with ABCX2, an aviation consultant, to study passenger jet Peninsula overflights between the months of September and October 2018 to determine the factors which caused air traffic controllers to deviate from the designated flight path. The aviation consultant began work on the study earlier this summer and anticipates submitting its report for the City's review in October.

Zone 2 Draft EIR Update: The Planning Division is in the process of completing the Zone 2 Draft EIR for the proposed code amendment to Exception "P" of the City's Landslide Moratorium Ordinance to allow the 31 vacant non-Monks lots to be developed with single-family residences. Staff anticipates releasing the Draft EIR for public review by mid-August

and presenting the document to the City Council for review and comments at a public hearing in September.

Marymount – 2018-2019 Parking Management and Strategies Report / 2019-2020 Athletic Association Membership Reports: According to the Council-adopted Condition of Approval No. 158, Marymount is required to submit a Parking Management and Strategies Report annually by July 1st that documents the prior-year's achieved parking demand reductions and identifies strategies for use in the upcoming academic school year. The strategies may be modified on an as-needed basis, as deemed necessary, by the Community Development Director. Additionally, Council-adopted Mitigation Measure No. LU-1 requires Marymount to submit an annual Athletic Association Membership Report. Both of these reports have been submitted to the City and are currently being reviewed by Staff.

RECREATION & PARKS

Eastview Park: On July 26, local Eagle Scout Noah Hecker, completed and installed his Eagle Scout project at Eastview Dog Park. He built two dog walks- a high one for the large dog area and a low one for the small dog area. The agility equipment is a great addition to the park and the visitors- humans and K9s- are all very excited about them!

Hesse Park: The facilities are rented this week for fifteen indoor recreation classes, three non-profit group rentals, one scout meeting, one Little League meeting, three Peninsula Seniors activities, and one City meeting.

Ladera Linda Park: The facilities are rented this week for two indoor recreation classes and a weeklong summer camp for developmentally disabled children from the community.

Ryan Park: The facility is rented this week for three indoor recreation classes.

PVIC/Docents: On Tuesday, a member of the Los Serenos docents led a tour of the Discovery Room at Ladera Linda for the City's Reach Summer Camp participants. The Sunset room is rented Saturday and Sunday for private events.

ADMINISTRATIVE REPORT

July 31, 2019

Page 8

REACH: Summer camp is this week for kids 5-12 with disabilities. Join us for fun, games, outdoor activities and friendship. Camp will be Monday-Thursday, 9 a.m. – 1 p.m. Contact Helen Barnfather at helenb@rpvca.gov for information.

Healthy RPV Open Gym: Open gym was held at Miraleste Intermediate last Wednesday, and three people attended. Eight people attended this past Sunday at Peninsula High.

Volunteer: Volunteers assisted staff with the Concert in the Park this past weekend and were a great help in setting up and taking down chairs, canopies, tables, and other duties. Our next event is a Movie in the Park August 17 and we are still signing up volunteers. Please go to rpvca.gov/Recreation and Parks/volunteers for more information about future volunteer events for the City and to sign up!

Preserve Ad-Hoc Committee: The Preserve Ad-Hoc Committee met Monday, July 22nd. This Committee was formed by City Council with the mission of increasing communication between the City and PVPLC governing bodies, and taking action on select administrative decisions. Topics discussed included the City's increased fire prevention efforts, Forrester access topics, and various Nature Preserve topics. Administrative direction was given to staff to explore a fire safety plan for the Palos Verdes Drive East switchbacks that analyzes fuel modification, invasive plant removal and revegetation; and to discontinue staff representation at the guest section of PVPLC Board Meetings.

RESOLUTION OF THE LEAGUE OF CALIFORNIA CITIES CALLING ON THE CALIFORNIA PUBLIC UTILITIES COMMISSION TO AMEND RULE 20A TO ADD PROJECTS IN VERY HIGH FIRE HAZARD SEVERITY ZONES TO THE LIST OF ELIGIBILITY CRITERIA AND TO INCREASE FUNDING ALLOCATIONS FOR RULE 20A PROJECTS

WHEREAS, the California Public Utilities Commission regulates the undergrounding conversion of overhead utilities under Electric Tariff Rule 20 and;

WHEREAS, conversion projects deemed to have a public benefit are eligible to be funded by ratepayers under Rule 20A; and

WHEREAS, the criteria under Rule 20A largely restricts eligible projects to those along streets with high volumes of public traffic; and

WHEREAS, the cost of undergrounding projects that do not meet Rule 20A criteria is left mostly or entirely to property owners under other parts of Rule 20; and

WHEREAS, California is experiencing fire seasons of worsening severity; and

WHEREAS, undergrounding overhead utilities that can spark brush fires is an important tool in preventing them and offers a public benefit; and

WHEREAS, brush fires are not restricted to starting near streets with high volumes of public traffic; and

WHEREAS, expanding Rule 20A criteria to include Very High Fire Hazard Severity Zones would facilitate undergrounding projects that would help prevent fires; and

WHEREAS, expanding Rule 20A criteria as described above and increasing funding allocations for Rule 20A projects would lead to more undergrounding in Very High Fire Hazard Severity Zones; and now therefore let it be,

RESOLVED that by adoption of this resolution on October 18, 2019, the General Assembly of the League of California Cities, assembled in Long Beach, calls on the California Public Utilities Commission to amend Rule 20A to include projects in Very High Fire Hazard Severity Zones to the list of criteria for eligibility and to increase funding allocations for Rule 20A projects.

Background

Source: City of Rancho Palos Verdes

Rancho Palos Verdes is the most populated California city to have 90 percent or more of residents living in a Cal Fire-designated Very High Fire Hazard Severity Zone. Over the years, the Palos Verdes Peninsula has seen numerous brush fires that were determined to be caused by electrical utility equipment.

Across the state, some of the most destructive and deadly wildfires were sparked by power equipment. But when it comes to undergrounding overhead utilities, fire safety is not taken into account when considering using ratepayer funds to pay for these projects under California's Electric Tariff Rule 20 program. The program was largely intended to address visual blight when it was implemented in 1967. Under Rule 20A, utilities must allocate ratepayer funds to undergrounding conversion projects chosen by local governments that have a public benefit and meet one or more of the following criteria:

- Eliminate an unusually heavy concentration of overhead lines;
- Involve a street or road with a high volume of public traffic;
- Benefit a civic or public recreation area or area of unusual scenic interest; and,
- Be listed as an arterial street or major collector as defined in the Governor's Office of Planning and Research (OPR) Guidelines.

As we know, brush fires are not restricted to erupting in these limited areas. California's fire season has worsened in severity in recent years, claiming dozens of lives and destroying tens of thousands of structures in 2018 alone.

Excluding fire safety from Rule 20A eligibility criteria puts the task of undergrounding power lines in Very High Fire Hazard Severity Zones squarely on property owners who are proactive, willing and able to foot the bill.

The proposed resolution calls on the California Public Utilities Commission to amend Rule 20A to include projects in Very High Fire Hazard Severity Zones to the list of criteria for eligibility. To facilitate more undergrounding projects in these high-risk zones, the proposed resolution also calls on the CPUC to increase funding allocations for Rule 20A projects.

If adopted, utilities will be incentivized to prioritize undergrounding projects that could potentially save millions of dollars and many lives.

Sample Jet Departure Flight Track Over PV Peninsula

The graphs below show the total number of jets turning south upon departure from LAX and the number of those departures that fly over the Palos Verdes Peninsula.

Jet Altitudes over PV Peninsula

April 2019 to June 2019
