PUBLIC SAFETY IN THE PALOS VERDES NATURE PRESERVE

When most people think about the Palos Verdes Nature Preserve, they think about gorgeous views, amazing hiking, and nature. Enforcement and public safety don't always come to mind. Increased use of the 1400-acre Preserve has made rule enforcement an increasingly necessary tool to protect this invaluable resource.

The City of Rancho Palos Verdes contracts with the Los Angeles County Sheriff's Department for enforcement in the Preserve. Two Sheriff deputies patrol the Preserve a combined 80 hours per week on foot and by ATV. 107 citations were issued in 2017. City Open Space Management Staff patrol the Preserve approximately 80 hours each week for public education and rules enforcement. In addition to

Preserve Deputies and City staff, the Palos Verdes Peninsula Land Conservancy also has a dedicated force of Volunteer Trail Watch program members who monitor the Preserve and educate the public.

The most common Preserve violations are dogs off leash and visitors off trail. Off leash dogs damage habitat by trampling vegetation and leaving dog waste. Dogs off leash may also frighten other visitors and engage in dog fights.

Damage is also caused when visitors use social/spur trails or step outside of the trail bed. There are two types of trails within the Preserve: authorized trails and social/spur trails.

CRIME BUSTER CORNER

SPRINGTIME IS RINGTIME!

Don't miss out on the final round of the City's Ring incentive program during the spring! This is a final call for RPV residents who would like to purchase a select Ring device at a specially-negotiated price through the City's program. As one of the first cities to work with Ring on this program, the discount on select devices exceeds the discount being offered to other cities, so we encourage our residents to take advantage. In addition to Ring's discount, the City will provide a \$50 incentive on a first come, first serve basis as long as funding is available. Residents that have previously received the City incentive are not eligible for an additional one.

For more information and to be placed on an interest list contact Jacqueline Ruiz, Administrative Analyst in the City Manager's office, at (310) 544-5305 or jruiz@rpvca.gov.

CONNECTED NEIGHBORS, SAFER NEIGHBORS.

Would you like to virtually share and receive real-time public safety information with your neighbors on your smart device? Would you like to virtually connect with your neighbors to create safer neighborhoods? The City, in partnership with Ring.com, will launch a pilot program "Connected Neighbors, Safer Neighborhoods," which will enable residents who own a Ring device within a defined proximity to connect using the free Ring app to virtually share information in real time. No Ring device is needed to connect. Scan the QR code to download the app today! For additional information or assistance contact Jacqueline Ruiz, Administrative Analyst in the City Manager's office at 310.544.5305 or jruiz@rpvca.gov.

SHARE YOUR SUCCESS STORIES AND ENTER TO WIN A PRIZE!

Once you've installed your Ring device at your residence, City Staff wants to hear from you about how your Ring device(s) increased safety and security at your home. Did you prevent a crime from possibly occurring, such as package theft? Share your video and submit by April 30, 2018, to be entered into the raffle! All RPV residents that participate by the deadline will be entered into a raffle to receive a City emergency backpack with useful goodies (valued at \$60). Contact Jacqueline Ruiz, Administrative Analyst in the City Manager's office, at 310.544.5305 or jruiz@rpvca.gov for additional information.

CITY'S 45TH ANNIVERSARY!

Rancho Palos Verdes incorporated in 1973 which means it is time to celebrate our fine City's 45th Anniversary. Visit the City's booth at the following event where we will have games and fun prizes.

A CITY WITH A VIEW

The Palos Verdes Peninsula is undeniably a beautiful place to live with its semi-rural character, open space, and scenic views of the Pacific Ocean, Catalina Island and the Los Angeles basin. The City of Rancho Palos Verdes incorporated in 1973 to protect and preserve these characteristics. In 1989, the voters of Rancho Palos Verdes passed Proposition M which, among other things, protects views being blocked by foliage.

The City's residents have certain roles and responsibilities in protecting views from view-impairing foliage. Tree owners are reminded to be mindful of their foliage growth and to perform periodic foliage maintenance so as not to create needless view impairments from neighboring properties. If a view is impaired by a neighbor's foliage, then you should contact the foliage owner directly to amicably resolve the view impairment. When resolution cannot be resolved privately, the City's View Restoration Division is here to assist and can be reached at 310.544.5288 or by emailing Senior Planner John Alvarez at johna@rpvca.gov.

For more information about the City's view protection policies, please visit the City's View Restoration Division webpage at <http://www.rpvca.gov/164/View-Preservation-Restoration>

WILDFIRE PREPAREDNESS

READY! SET! GO!

Using these three words, you can prepare your own Wildfire Action Plan and be prepared should a wildfire threaten your home.

READY!

You can help protect your property by creating defensible space around your home. That means removing brush for a minimum of 100 feet. Be sure there are no tree limbs hanging over your house and the roof and gutters are free of leaves, pine needles and other debris. Make sure ornamental shrubbery is set back from the sides of your home and that leaves under them are cleared away. One of the most common dangers in a wildfire is free-falling embers landing in these places and igniting your home.

Replace shake-shingle roofs with tile or other fire-resistant materials. Use fire-safe building materials when constructing or remodeling your home and plant fire-resistant landscaping.

Assemble emergency supplies and prepare a list of the things you want to take with you if you need to evacuate. Remember to think about things like cash, medications, phone chargers, computers and food for your pets. Plan your escape routes; you should know at least two different ways out of your neighborhood.

SET!

If a wildfire threatens your neighborhood, act immediately. Back your vehicle into the driveway with the hood (front) facing the street. Next, roll up the windows, and load your vehicle with everything you want to take with you. Make certain your valuables are either in your vehicle, or are safety stored in a (fireproof) safe.

Remove flammable materials from around your house. This includes patio furniture, firewood, decorations and anything else that could catch fire. Then monitor the news, your fire department's website, and MySafe:LA (www.mysafela.org) for information regarding the fire.

GO!

In the past, the LAFD and other city agencies suggested residents await evacuation instructions prior to leaving their homes. The latest information suggests that you should not wait to be told to leave. Go early! If you've followed the suggestions noted here and on the MySafe:LA website, as well as related publications on the subject, you've already done what you can to protect your home and property. Firefighters need room in which to work. By leaving, you give them the best chance to protect your property.

For more information, please contact Tracy Bonano, Rancho Palos Verdes Emergency Manager at: tracyb@rpvca.gov or 310.544.5209.

THE RANCHO PALOS VERDES EMERGENCY PREPAREDNESS COMMITTEE PRESENTS

"THE BEAUTY AND THE BEAST, BE MORE PREPARED AND LA COUNTY FIVE STEP NEIGHBORHOOD ACTION KIT"

Please take a moment to consider this:

- Are you prepared for a disaster?
- Do you know what to do when disaster strikes?
- Do you know how to recover from a disaster?

These questions, and more, can be answered by the City's Emergency Preparedness Committee (EPC) in interactive and informative sessions that can be brought to you! The members of the EPC are now taking requests to share their emergency preparedness presentations at Rancho Palos Verdes homeowners associations and faith-based organizations, along with Rancho Palos Verdes independent neighborhood residents and business owners. This program offers an interactive and practical approach designed to familiarize residents with preparing for, responding to, and recovering from natural and/or human-made disasters. Presentations can be customized in length and content to your group's particular needs and interests.

For more information, please contact Tracy Bonano, Rancho Palos Verdes Emergency Manager at: tracyb@rpvca.gov or 310.544.5209.

FY 2018-19 BUDGET WORKSHOP

The City will host its annual Fiscal Year 2018-19 Budget Workshop for the City Council and public, starting at 6pm on Thursday, April 12, at Hesse Park.

The budget workshop is one of the first steps the City takes in formulating its annual budget for the upcoming year. There will be several items discussed at this meeting, including FY 2017-18 estimated year-end revenues and expenditures, fund balances and proposed FY 2018-19 budget figures. The City Council is also expected to provide direction to Staff at this meeting on revenue and expenditure assumptions, as well as personnel and policy recommendations to develop the City's FY 2018-19 preliminary budget. The preliminary budget represents an early draft of the final budget the City Council adopts in June.

BARKING UP THE RIGHT PROCEDURAL TREE

Ruff night sleep? Do you have a dog in the neighborhood that barks constantly? Do the dog owners not seem to care? What do you do? Who do you turn to? All barking dog complaints are reported to and handled by Los Angeles County Animal Control.

Beginning December 1, 2017, the County began implementing a new process as part of their barking dog complaint procedures. Barking dog complaints are to be reported to Los Angeles County Animal Control at 310.523.9566 or on-line at <http://animalcare.lacounty.gov>. Once a complaint is received, Animal Control staff will send a courtesy letter to the dog owner and the complaining party notifying both parties of the complaint and the need to resolve the situation. An affidavit will be included with the letter sent to the complaining party. Once the sworn affidavit is received by Animal Control, an officer will visit the animal owner's address and speak to the responsible party. The Officer will issue a Warning of Excess Noise form (WEN). Once the WEN has been issued, they have 10 days to address the complaint. If the barking dog continues beyond the 10-day period an administrative citation is issued to dog owner. Additional citations with penalties increase on a progressive scale may be issued to the dog owner if the disturbance continues.

For additional information, please visit the Los Angeles Animal Control website at <http://animalcare.lacounty.gov> or phone the County at 310.523.9566.

PUBLIC SAFETY IN THE PALOS VERDES NATURE PRESERVE (Continued from page 1)

Authorized trails have trail markers, names, and are noted on trail maps. These trails were thoughtfully designated to take into consideration public experience and resource protection. Social/spur trails are redundant trails that cause habitat damage and fragmentation, and require revegetation. Another form of deviating from trails is stepping or riding outside of the trail bed. This action erodes habitat, and ruins the narrow trail experience many visitors cherish.

Here are some helpful tips to ensure a safe and enjoyable experience.

- Before your hike, review trail maps (trails.rpvca.gov) and trail conditions (trailalerts.rpvca.gov)
- Know Reserve and trail names in case you need to call for help.
- Know your limits! A hike from the top of Portuguese Bend Reserve to the beach is not recommended, and is 6 miles

round-trip with the LAST three miles uphill (an 1,150 foot elevation gain!)

- Bring enough water for yourself AND your pet
- Know the dangers of rattlesnake bites to you AND your pet
- When visiting the beach, check ocean conditions and swim near a staffed lifeguard tower
- Hike with a friend or a group.
- Never smoke or introduce open flames in the Preserve or at adjacent beaches
