2018 Events

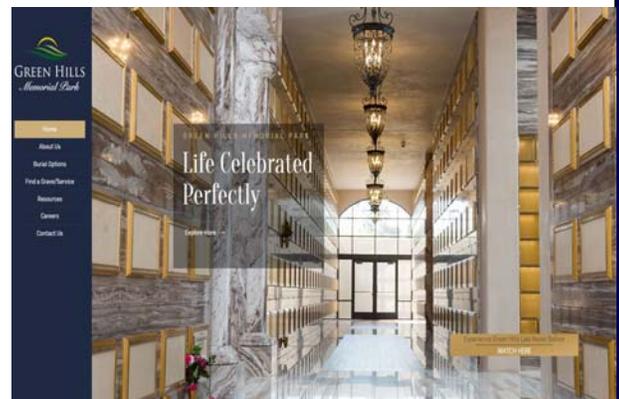

- ◆ Easter Sunrise - April 1
- ◆ Memorial Day - May 28
- ◆ Harvest Festival - Oct 14
- ◆ Let it Snow - Dec 9

Wishing you a Happy New Year with hope that you will have many blessings in the year to come.

New Website

We will be launching a reinvented website later this month. Same URL www.greenhillsmemorial.com Service schedule can be found on the Find a grave/service tab located in the left column of the home page.

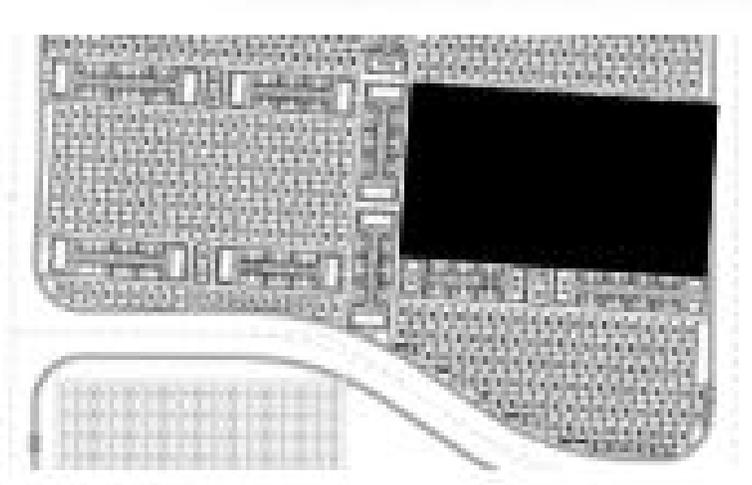

Installation of Lawn Crypts - Area 5 (Arroyo Vista)

For several months we have been stockpiling concrete lawn crypts to eventually be placed in Arroyo Vista IV. Unfortunately this process has been delayed due to the availability of acquiring the required quantity of lawn crypt inventory. The industry has experienced a shortage of suppliers and our distribution has been limited.

We have finally accumulated enough to begin the installation process and will proceed in the very near future. We expect this process to take a minimum of 4 weeks.

We will ensure best practices are in place to avoid any adverse impacts to our neighbors or nearby residents.

Inspiration Garden

Located to the south side of Inspiration Slope Mausoleum, Inspiration Garden will be a cremation niche wall. Once completed it will offer 100 cremation spaces. Construction not expected until late 2018.

Arroyo Falls - Concept of Water Feature

The Arroyo Falls development has been approved. Over the coming months we will be reviewing construction proposals to build the water feature. This feature will have three spill ways of 8' wide and collection ponds that will eventually meet at the south eastern most point of the development in a 3' waterfall. Lawn Crypts that include traditional spaces, Family Estates and Private Gardens will line the feature. Included will also be ground cremation.

Let it Snow

Memorial Tree Lighting

Santa's arrival created an energetic holiday spirit for all those in attendance. From infants to Grandparents, the afternoon was spent taking photos with Santa, sledding down one of the five hills, arts & crafts and sleigh rides. At the conclusion, Santa counted down the lighting of the Memorial Tree.

Harvest Festival

From country music to food trucks and the free pumpkins, approx. 5,000 guests enjoyed a wonderful sunny afternoon. What pumpkins remained in the patch were donated to local schools.

Point of Interest - First Responders Memorial

Designed with the help of Torrance Police Officers, this monument was created to honor police and fire men and women for their service in protecting our communities. Special recognition is given to those who lost their lives in the line of duty. After 911, a pillow block memorial was added for remembrance of those who perished in the terrorist attack.

GREEN HILLS
Memorial Park

2017 was a year of progress!

For 70 years, Green Hills Memorial Park has served the Palos Verdes Peninsula and wider South Bay region. As we reflect on the past year and look forward to 2018, we wanted to take the time to thank our neighbors for working closely with us to ensure that Green Hills is able to remain a resource and dedicated partner to our communities.

We strive to continuously respond, understand, and address any concerns and over the past year we've made some changes to reflect community feedback, including:

- Hiring additional security personnel

- Improving response time to any security-related complaints

- Posting clearly marked park rules throughout the park

- Continuing to crack down on rule violations, including alcohol use and amplified music

- Working with neighbors to identify landscape and other options aimed to help decrease the impact of park activities on nearby residents

- Implementing new park hours of operation

- Installing a new gate to prevent people from entering the park after closing

- Meeting regularly with members of the surrounding community to hear concerns, and to foster a more productive and frequent dialogue with nearby residents

We're proud of the work we've done together over the past year. We look forward to continuing to collaborate closely with nearby residents and the entire community in 2018 and beyond.
