

Meeting with the Trump National Golf Course Representatives: Last year, the City Council adopted an Amended and Restated Development Agreement between the City and the Trump Organization. The Development Agreement requires that, among other things, a tracking program be established to assess the Developer's compliance with its maintenance obligations. Last week, Staff met with the Trump National Golf Course representatives and mutually agreed on a tracking program and protocol. In accordance to the Council-adopted Development Agreement, the City Council is required to conduct an Annual Compliance review of the maintenance obligations. The Annual Compliance review will occur in late fall at which time Staff will report on the status of the past year's maintenance obligations.

Fallen Arterial Wall on Palos Verdes Drive West: The City's Code Enforcement Division investigated reports of a fallen arterial wall located on Palos Verdes Drive West approximately 600' northwest of Rue Beaupre. The entire rear yard wall fell into the public right-of-way and all debris was removed from the roadway. City Staff is working with the property owner to repair the arterial wall in accordance with the current requirements of the Municipal Code which requires the repaired wall to match the height, material and color of the existing tract wall to preserve the uniform appearance.

Meeting Summary March 13<sup>th</sup> LAX/Community Noise Roundtable: At the March 13<sup>th</sup> Roundtable meeting, the Los Angeles World Airports (LAWA) Staff distributed passenger jet Peninsula overflight and altitude data (see attachment). The Roundtable filed and received a report from the LAX Metroplex/Wide Area Ad Hoc Sub Committee on the north downwind commercial flight arrivals and received a briefing, which assessed community annoyance of plane and helicopter noise. Lastly, the Roundtable voted unanimously to send a letter to the FAA to follow up on the Terminal Spacing and Sequencing (TSAS) tool, which is a NASA-developed computer software, designed to aid air traffic controllers in better managing the spacing between aircrafts as they fly into airports. The next two Roundtable meetings will begin at 6:30 p.m. on Wednesday, June 12<sup>th</sup> and Wednesday, August 14<sup>th</sup> at the Los Angeles International Airports (LAX) Clifton A. Moore Administration

Building at 1 World Way. For more information on the Roundtable including meeting agendas and minutes, [click here](#).

Planning Commission Agenda: See attached draft agenda for the upcoming Planning Commission meeting on Tuesday, March 26, 2019.

**RECREATION & PARKS**

Hesse Park: The facilities are rented this week for eleven indoor recreation classes, three non-profit group rentals, one private rental, three Peninsula Seniors activities, one City meeting, one REACH Program activity, and one scout meeting.

Ladera Linda Park: The facilities are rented this week for five recreation classes and two non-profit rentals. On Saturday, volunteers will be helping to beautify our butterfly garden.

Ryan Park: The facilities are being used this week for five indoor recreation classes and one Cub Scout meeting.

PVIC/Docents: The Docents will lead four school tours at PVIC this week and a Public Nature Walk at Forestall. The Sunset Room and amphitheater are rented Saturday for a private event. Little Fish Tales by the Sea, the monthly enrichment program for toddlers and parents, will be held this Thursday morning.

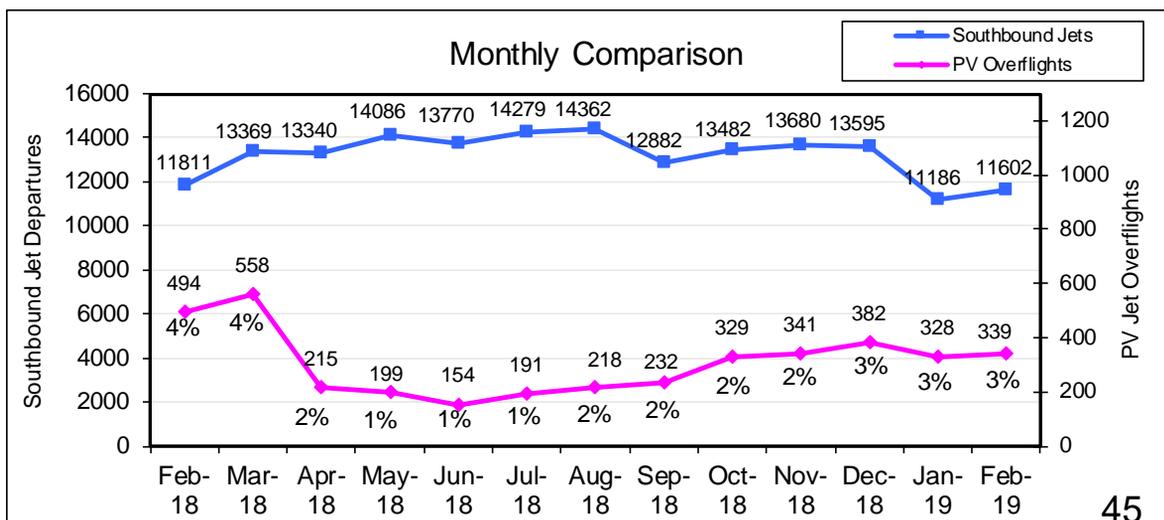

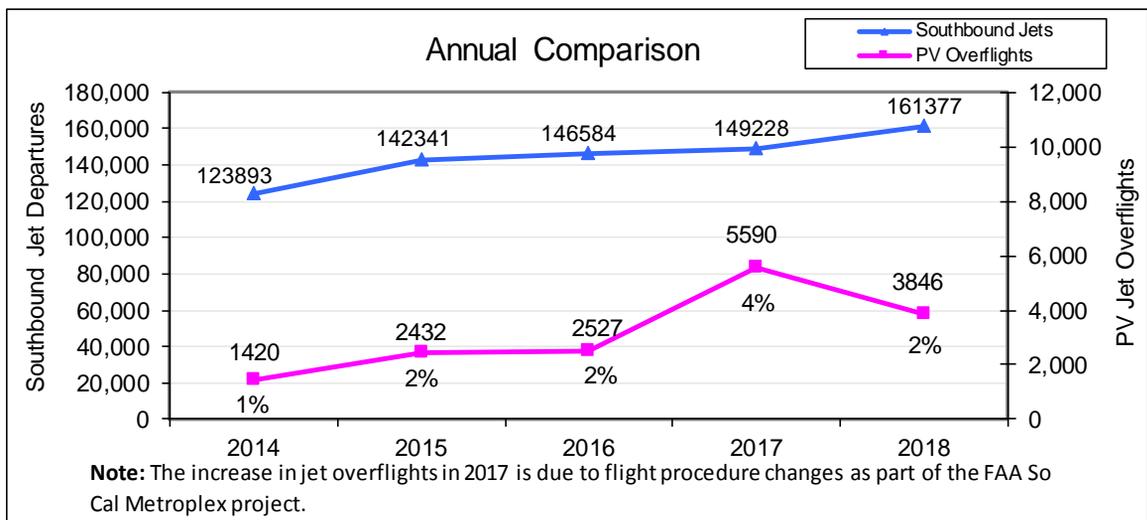

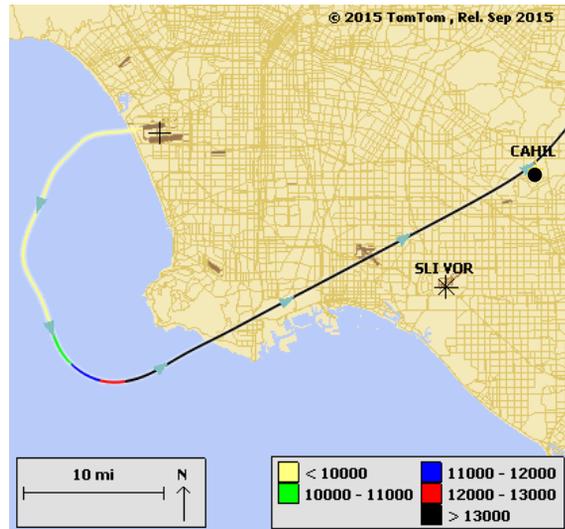

Volunteer Program: We will be having our annual Butterfly Garden Volunteer Event this Saturday, March 23<sup>rd</sup> from 11am-2pm. Volunteers will help transplant flowers, de-weed, and water plants. We will also be having a Scout Beach Cleanup at Abalone Cove this Sunday, March 24<sup>th</sup> from 10am-12pm.

We still need volunteers for our Open Space Event, Saturday, March 30<sup>th</sup> from 9a.m. – Noon. Interested volunteers may email [volunteer@rpvca.gov](mailto:volunteer@rpvca.gov) for more information. Please go to [www.rpvca.gov/volunteer](http://www.rpvca.gov/volunteer) for more information about future volunteer events for the City and to sign up.

# Palos Verdes Peninsula – Jet Overflights

The graphs below show the total number of jets turning south upon departure from LAX and the number of those departures that fly over the Palos Verdes Peninsula.

Sample Jet Departure Flight Track Over PV Peninsula
