Questions and Responses received at November 16, 2020 mandatory pre-bid meeting:

Question 1) Is there flexibility in filling out price section? *Bidders should stay within the basic parameters of the pricing format to allow for effective bid comparisons. Multiple line items may be detailed and combined as long as format is followed.*

Question 2) Does equipment need to be no-profile, e.g. no meters, no pay stations? *Equipment does not need to be no-profile, but bulky, visual impairing equipment such as traditional parking meters is not desired.*

Question 3) What technology is needed for enforcement? *The enforcement technology should be easily accessible remotely by the City's parking enforcement arm which currently provided by the LA County Sheriff, but may be augmented by City Park rangers.*
