

## PALOS VERDES NATURE PRESERVE STATE OF THE TRAILS WORKSHOP

The City of Rancho Palos Verdes and the Palos Verdes Peninsula Land Conservancy, with the assistance of the National Park Service, will conduct a public workshop on the State of the Trails for the Palos Verdes Nature Preserve. The purpose of the State of the Trails Workshop is to provide the community with an update on the condition of the trails and the plans of the City of Rancho Palos Verdes and the Palos Verdes Peninsula Land Conservancy for the Preserve in the coming year. Your participation at this workshop is important for the City and the PVPLC to understand the community's concerns, needs, and desires for the Palos Verdes Nature Preserve especially in regards to the existing Preserve Trails Plan as it relates to trail conditions, trail signs, and trail connections. The State of the Trails Workshop will not include any discussion on the recently acquired Upper Filiorum Preserve as two public workshops were conducted last year on Upper Filiorum.
