

Question 2—Online Survey: Cross Streets

Respondents were asked to indicate their general address by filling in their cross streets. The great majority of respondents were RPV residents. Below is a graphic representation of RPV resident respondent locations. Larger bubbles indicate a higher number of respondents from particular cross streets. The lowest level of responses came from the eastern section of the City while the most responses came from the southern area near Ladera Linda and the northwest section of the City.

95	Going to the park to play on the jungle gym.	1/13/2015 7:46 PM
96	It would be nice to have age appropriate play equipment that will grow with the community. Play ground for younger ones and larger coordination and balance type structures such as the play structure in Manhattan Beach Pollywog park or at Mira Catalina Elem. Also, a pond, brook or fountain of some sort would also add to a much needed "zen" spot. It would also be nice to have a dedicated recreation program that the city is willing to stand behind. Having 3rd parties groups coming out to rent space/time does not give me peace of mind with my children.	1/13/2015 4:31 PM
97	An activity center that offers an indoor walking track and a gym to work out in.	1/13/2015 12:59 PM

3	Skateboarding facilities is the one thing lacking on the hill right now. Every other thing listed already exists. If u stop thinking "city" and see the big picture of the "hill", it is obvious that a skate park is needed here and since rpv is in the planning stages, that should be a priority. A community effort to get a skatepark on the hill has been in full force for nearly a decade. It is time to have one available for our hundreds of youth skaters	3/15/2015 4:52 PM
4	Leave it the way it currently is. There is nothing wrong with it.	3/15/2015 4:47 PM
5	improved picnic area with covered tables and BBQ stands	3/15/2015 3:03 PM
6	Skatepark is a great idea to give kids a place to enjoy their activity.	3/15/2015 2:43 PM
7	Larger dog park with shade for dogs and owners. The dogs run and play and need to rest in shaded area.	3/15/2015 9:28 AM
8	My first choice is a much needed skate park	3/14/2015 2:03 PM
9	A larger area for the dog park and permission from the city to raise money ourselves for drinking fountains, one restroom (with a locking door just one person at a time) and to be able to beautify it. Purina had a national challenge for people to design dog parks and the winner got it paid for by Purina but there were some spectacular dog parks. As a lifelong resident of the Peninsula I have to say that while I've always been proud of our parks and libraries, Rancho Camino has become my favorite place. Please make it permanent.	3/13/2015 4:31 PM

29	Drought tolerant landscape informational garden	3/7/2015 8:32 AM
30	Would like to see a shuttle service around the peninsula to all the other parks where parking is limited. We should have better use of public transportation around the peninsula by all the parents taking their individuals child to school, soccer, etc. in their car, creating way too much traffic and pollution.	3/7/2015 7:38 AM
31	Equipment shop for educational dry farming activities.	3/6/2015 6:54 PM

40	Please build a skate park!	3/5/2015 2:35 PM
41	I 'have no opinion' on many of the items listed. That's because I don't live near that area. I feel that the people that live near there (those most impacted) should have the biggest say in what goes on. I know that when we have the many issues with Marymount, I don't appreciate input from those on the other side of the hill when they aren't immediately impacted by what goes on there.	3/5/2015 1:16 PM
42	This could be a great location for additional sport fields, community pool, basketball court and updated tennis courts.	3/5/2015 10:15 AM

50	Lighted soccer complex so our elementary school kids won't have to drive hours round trip on school nights to compete at a club level. We need lighted facilities!!! Every area has gorgeous facilities for soccer/Futsal why are we having to leave the peninsula to compete?? We also need a SKATEPARK!!! We've been asking for one for at least 10 years this is ridiculous and a complete injustice to our youth!!! We don't even come close to being able to compete adequately in our hometown. This is ridiculous!!!!	2/25/2015 8:54 PM

51	Equine Park with tie up rest stop water trough for horse and fountain for rider to picnic and enjoy the ocean views and trees connecting with trails in RHE and Rolling Hills. We really need to think about Emergency situations for horses and livestock that are located within the 4 cities in the event of fire or some natural disaster Livestock must be considered in an emergency situation. God forbid we should find ourselves in a situation with people and livestock without an Emergency Preparedness Plan. Livestock will run into the fire and not away from the fire. We need to have trailer drive up access and a location to place all the horses and other livestock together as Palos Verdes is extremely limited with entrances and exits. Fire is unpredictable which way it will blow. The cities must work together to have an overall evacuation plan for all people and animals. Due to the unpredictability of fire, we cannot have too many areas available for our animals. Many people here in Palos Verdes have VERY EXPENSIVE Show Horses. This is considered a commodity to some. Not all horses are show horses, however, they are considered a pet and are a part of the family and are loved by their owners. Thank you for your consideration!	2/24/2015 4:33 PM

55	Just how much room is there? We use dog park frequently. Tennis courts are rarely used/busy. Are the basketball courts utilized at other parks? Put the amphitheater at Hesse, already natural site & good parking there. One good pool facility should serve the entire City.	2/20/2015 4:48 PM

72	WATER the palm trees, other trees, and landscaping; it always looks so terrible with half- dead or totally dead trees everywhere!	1/15/2015 6:39 PM
73	This would be a better location for an Aquatic center with multiple pools. School district facilities are not open to the public during school hours. It is worth noting that at least 25 per cent of the local population is over 65. We need safe, secure places for these seniors to engage in physical and social activities...tracks, pools, meeting rooms. In particular, seniors would benefit from aquatic activities which do not stress aging joints but provide cardiovascular and other benefits.This is the one sport that people can benefit from throughout their lives...as children, adults and seniors.	1/15/2015 1:29 PM
74	We need an indoor walking/running track. Especially for walking/exercising safely at night.	1/12/2015 10:11 PM
75	Please build the skatepark that has been proposed. It is long overdue and the kids would love it	1/12/2015 7:29 PM

78	The beauty from this spot should not have noise connected with it....skateboard parks would bring in a lot of characters to Palos Verdes that would not add to our peacefulness...also crime most likely would be a problem.	1/12/2015 4:31 PM
79	more cultural activities. Music, dance, nature	1/12/2015 4:30 PM

95	I walked around the land today and was disgusted and shocked by the waste of such vast, beautiful and precious land. It looks like a dump site. Our city should be ashamed!!!	12/30/2014 12:04 PM
96	I think that a survey in conjunction with the PVPUSD should be conducted to really understand what is needed. I do know that we far exceed per capita acreage for "Preserves" while we are far below that for youth recreation, etc.	12/24/2014 3:35 PM
97	Would prefer to see the area left as natural open space.	12/13/2014 4:15 PM
98	Bicycle area for kids	12/9/2014 5:59 PM
99	The Open Vacant Space at Point Vicente Park helps one get closer to the Nature. Too much Construction will take away that feeling. It will be so nice to leave that Open Vacant Space at Point Vicente Park. Otherwise, everywhere you see buildings, and concrete!	12/9/2014 11:18 AM

47	I support the athletic fields already in place at LL; however, I don't think we need more. There is already an issue with parking. I don't understand why the gate is always locked between the parking lot by the paddle courts and the soccer fields above. When there are soccer games going on, it is a huge issue. It forces everyone to park up on that road, and people are flipping u-turns all over the place. Only a matter of time before someone gets hurt. In general, I don't support any more 'building' - just maintaining or reusing what we have (i.e. no more structures at LL, but could repurpose what is already there).	3/5/2015 1:22 PM

We really need to think about Emergency situations for horses and livestock that are located within the 4 cities in the event of fire or some natural disaster Livestock must be considered in an emergency situation. God forbid we should find ourselves in a situation with people and livestock without an Emergency Preparedness Plan. Livestock will run into the fire and not away from the fire. We need to have trailer drive up access and a location to place all the horses and other livestock together as Palos Verdes is extremely limited with entrances and exits. Fire is unpredictable which way it will blow. The cities must work together to have an overall evacuation plan for all people and animals. Due to the unpredictability of fire, we cannot have too many areas available for our animals. Many people here in Palos Verdes have VERY EXPENSIVE Show Horses. This is considered a commodity to some. Not all horses are show horses, however, they are considered a pet and are a part of the family and are loved by their owners. Thank you for your consideration! As for other parks, their is not a need for duplicates others than what would save a life Human or Animal. Park amenities should have a central location with all amenities and / or other parks should have some while others have the opposite. This would cause People to visit all parks and a central location such as the Civic Center should contain ALL Amenities. Studies should be performed so that we do not overwhelm the city with too much that will go unused. Thank you again!	2/24/2015 4:48 PM

83	Rotate existing Paddle Tennis Courts 90 degrees (Sun issue). One additional court would be useful. Pave Paddle Tennis Courts parking lot. I support limited lower athletic field. No soccer there (we have enough soccer fields on upper school district land). Community center should provide for a 150 person event with cooking, dining, & dancing amenities. Should also have three additional meeting rooms. There should be a charge for room usage with large discounts for neighbors.	2/5/2015 4:22 PM

84	Dog park would be pleasant to have. Unfortunately, I am not experienced in pricing of this but it seems this would be one of the least expensive thoughts to be built. The area is very pristine but the buildings could use a little help. The idea of the preschool leaving because of the unsafe structure of the buildings is pretty unbelievable. I would love to see it used as a preschool or elementary school as was in the past. Families have moved into the area and this would be an ideal location for our local neighborhood kids to go to.	2/2/2015 1:45 PM
85	I am a Seaview resident and truly enjoy the tranquil community we have. I praise community which means I am all for activities at Ladera Linda that give children or elderly things to do. So another athletic activity , bridge room, or exercise room for example is great. I am concerned with the noise factor an arena for concerts or a PA system would bring, and this I pray will not happen. The traffic, parking nuisances, loud sound system noise echoing throughout, and liter alarm me. The Trump activities have brought problems to our community that, with each event, the city continues to monitor. We have had issues with trucks, cars, the pa system among others, but for a couple of days a year and the cooperation of the city, it is doable. A permanent venue for such activity is just not palatable. I just do not want disruption to my life and the place I pay dearly to live. 89	Parking for hikers to access the RPV Land Preserve from any where else than the end of Crenshaw Blvd. Was a parking study done on the impact of making open land managed by the City of RPV accessible to the masses. 92	Activities/Classes	1/22/2015 5:33 PM
93	Expanded and new play equipment for the children. Possibly two areas, one for older kids and one for younger kids. The younger kid section could be fenced around for added safety. This could also be a good area for the tricycle park for tots. Both play areas should be covered with sails or another type of canopy over sections of the equipment. The ground cover should not be sand (something less messy). We should also include ample park benches and tables around the play areas. Some with covering or shade would be nice. I would also strongly consider an indoor pool. One safety item would be path lighting on the staircase to the Seaview community. Many community members use the stairs for exercise in the early mornings and early evenings. This will help avoid potentially serious falls and alert community members to wildlife that may be on the stairs. Finally, for the community center there should be rental space for birthday parties and other gatherings. Including an attached kitchen would be useful. Something similar to a clubhouse that you may see in planned communities. I live in Seaview and we are very excited for this renovation!	1/21/2015 6:51 PM

96	I don't often use Ladera Linda Park but I would use a public pool there if there wasn't one closer to my house. And I prefer outdoor vs indoor pools.	1/16/2015 2:21 PM
97	I would like to see an Aquatic Center with several pools, smaller with warm water for older adults and young children, 50 meter for lap swimming and competitive events.	1/15/2015 1:24 PM
98	Hard to say exactly w/o knowing if more than 1 thing can be there... I wouldn't be opposed to having other things there, including items I said I didn't support, but a 50 m pool needs to be a top priority.	1/15/2015 11:25 AM
99	I know PV prides itself on its natural beauty and it is touted throughout. ie Point Vicente, Abalone cove. It would be nice to have a true garden type respite. Something that is out of the normal yucca plants and dry brush. Even a Rose garden or something that could be sustainable. And free-Wi to access if need be.	1/13/2015 4:37 PM

138	There should be only 1 swimming pool and 1 community center/gymnasium for the entire RPV, similar to Torrance city with the fantastic arts center.	11/26/2014 4:06 PM

140	MORE HIKING TRAILS	11/26/2014 8:37 AM
141	Our family uses Ladera Linda a lot (mainly the soccer fields and hiking trails). My main gripe right now is the locked gate at the top of the stairs at the soccer field (above paddle court). This eliminates the use of the parking lot there, and makes the upper road pretty dangerous during soccer season (people dropping kids, and flipping u-turns). This is much worse since the other parking lot got cut in half to add another field (causing even more traffic). If the stairs are the issue, then fix them! As for expanding building-type facilities, instead of adding more buildings, maybe the existing ones could be modified to accommodate some of your survey suggestions (nature center, community center). I do like the idea of a community pool though.	11/26/2014 8:03 AM
