The purpose of the Park Needs Assessment is to conduct a comprehensive assessment of the park and recreation needs and opportunities in Los Angeles County.

Approved by County Board in Feb. 2015
Park Needs Assessment Overview -

- County divided into 189 study areas
- Nearly every City in the County provided updated parks & amenities information.
- 95% of Cities are conducting public workshops
Park Needs Assessment 189 Study Areas
Park Needs Assessment Overview - Scope

- The Park Needs Assessment covers all of Los Angeles County and includes:

1. An inventory of all existing parks in the County and an evaluation of their condition
   - Completed by County in unincorporated areas, and by each incorporated city

2. An analysis of park needs within each Study Area in the County

3. A prioritized list of park projects, and associated cost estimates, for each Study Area in the County
Park Needs Assessment Overview

- Final report will be submitted to the County Board of Supervisors in May, 2016

- The results of the Park Needs Assessment may be used by the County Board of Supervisors to:
  - Inform potential future County-wide park funding decisions
  - Inform future County-wide park planning decisions

- Your community may use the results for park planning and funding decisions within your community as well
Why is the County Doing This?

- Proposition A (Measure A) & Proposition P
  - Prop A Approved by CA Voters in 1992 and renewed in 1996: Combined $860 million in funding for park projects, maintenance and restoration
  - Funded wide range of projects throughout LA County
  - County attempted to replace Prop A with Proposition P in 2014
  - Failed narrowly: 63% in favor/37% opposed (2/3 approval required)
  - Prop A would have provided $54 million annually for 30 years
Park Needs Assessment Overview

- Proposition A in Rancho Palos Verdes
  - Acquisition of 160 acres of open space
  - PVIC Expansion
  - Lower Hesse Park Improvements
  - Portuguese Bend Acquisition
  - Trail/stairway Improvements
  - Eastview Playground (ADA Accessible)
  - Sunnyside Ridge Trail Development
The Countywide Parks Needs Assessment was initiated by the County to determine the need for park improvements and park project funding.

It will likely be used to justify a future funding mechanism for park projects and improvement; e.g. Proposition

There is no requirement for Cities to accept grant funds

RPV Parks Master Plan

- 2 year process   2014-2015
- Approved by City Council on October 20, 2015
- Replaced prior 1989 Park Master Plan
- Followed Prior Efforts: Open Space Planning and Recreation and Parks Task Force (2002-2005) and Coast Vision Plan (Adopted 2008)
• Serves as a long range vision for the City’s recreation future within a flexible framework.

• Provides a comprehensive strategy for addressing the future use of City’s Parks, Recreation and Open Space Resources.

• Adaptable to changes in technology, demographics, economics, and shifting recreational trends.
• A Parks Master Plan is not a series of blueprints for projects.

• Significant park projects will have individual design/planning processes and public outreach efforts.
• Recreation and Parks Department coordinates a comprehensive park system

• Over 1400 acres of open space

• 17 parks and community centers

• Hundreds of special events, classes, programs and activities including Whale of a Day and Fourth of July Celebration

• Community partnerships

• Volunteer opportunities

Next step is environmental review process. Environmental review documents will be available for public review.
Currently Unfunded
Del Cerro Park

- 3.9 acre park site
- Concerns: Proximity to Nature Preserve Entrance/Impact on Neighbors
- Recent parking changes implemented to reduced impact on adjacent neighborhoods

**Recommendations:**
- Review/assess the parking measures to gauge effectiveness
- Install restroom building.
- Install additional picnic tables and benches.
- Shift to drought tolerant landscaping.
- Implement native plantings at upper bluff edge
Additional Recommendations

• All Parks—Improve Amenities
• Transition to drought tolerant landscaping
• Ryan Park: Remodel or build new community building
Priorities

1. Adopt a “less is more” approach to future park planning and preserve the general character of existing parks.

2. Identify and apply methods to better protect and maintain existing parks and open space resources.

3. Be sensitive to potential impacts on part-adjacent neighborhoods.

4. Complete design process/phasing for Lower Hesse Park

5. Approve Lower Point Vicente Improvement Project expanded/enhanced indoor improvements.

6. Continue to address Preserve parking and neighborhood impact issues at Del Cerro Park and adjacent neighborhoods.

7. Confirm the desired components for Point Vicente Park/Civic Center and initiate Master Plan Process.

8. Approve a facilitated Master Plan and public outreach process for development of new Ladera Linda Park Community Center

9. Transition to drought-resistant landscaping where feasible.

Public Exercise

Tonight’s Goal:

*Generate List of up to 10 Park Projects*

Your involvement tonight will help shape the list that will be sent to the County.

This list will be used by the County to assess Recreation needs County-wide.

Projects will not necessarily be built. That would require future Council action, future public involvement and funding availability.
