

# Civic Center Master Plan Survey

## Dear Rancho Palos Verdes Resident:

Thank you for taking the time to complete this important community survey. The City of Rancho Palos Verdes completed an update of its Parks Master Plan in 2015. Among the recommendations approved by the City Council was to develop a site-specific Master Plan for Point Vicente Park/Civic Center at 30940 Hawthorne Blvd., where Rancho Palos Verdes City Hall is located. In addition, a 2013 engineering report concluded that current City Hall structures are in generally poor condition and would require a significant overhaul to bring them up to code.

The City is seeking community input regarding the types of elements residents would like to see considered in a redeveloped Civic Center site. Some elements in the survey below may already exist at the Civic Center site, and are included to gauge whether these elements or uses are still desired. The focus will always be on developing elements for RPV residents' use. This survey is an early step in a process, which will likely include multiple public workshops, City Council meetings, and significant public outreach and discussion. We appreciate your contribution and input at this early stage regarding what you feel would best serve the community.

For more information about the Civic Center Master Plan project, please visit <http://www.rpvca.gov/218/Civic-Center-Master-Plan> or call 310-377-0360. This web page will continue to be updated throughout the process. A self-addressed, stamped envelope has been included for your convenience.

Please return your completed survey to the City, postmarked no later than **January 17, 2017.**
