CITY MANAGER'S OFFICE

Sister Cities - Rancho Palos Verdes and Sakura City Celebrate One-Year Anniversary!

On August 4, Rancho Palos Verdes and Sakura City celebrated their first year as sister cities! This milestone was marked by a fun and innovative in-person/virtual ceremony held concurrently in both cities with guest speakers, live performances, cultural exchange videos, the unveiling of a sister city directional sign at RPV City Hall, and the presentation of a Japanese commemorative stamp collection.

Performances included musician Yuki Yasuda, who played a magnificent song on a koto, a traditional Japanese 13-string instrument, and dances to traditional Japanese songs by students in RPV's Sora Class led by instructor Sachiko Matsumoto. Video presentations included compilations by students from Miraleste Intermediate School, Ujiie Junior High School, and Sakura City's Hamegg volunteer group.

The City will share video coverage of the celebration on its website, social media platforms and RPVtv.

Building on a bond established 20 years ago by middle school students, Rancho Palos Verdes and Sakura City made their cross-cultural friendship official by becoming sister cities in August 2020. Learn more at rpvca.gov/sistercity.

More Highlights

Parking Fees in Effect for Crenshaw Boulevard Near Portuguese Bend Reserve

This week, the City of Rancho Palos Verdes implemented parking fees for Crenshaw Boulevard near the Portuguese Bend Reserve. Parking is \$10 per block of two hours and 45 minutes for 43 spaces on Crenshaw Boulevard south of Crest Road (Zones C-F), plus a 35-cent transaction fee. Shorter or longer blocks of time are not available at this time. There are no required reservations or fees for parking on Crenshaw Boulevard north of Crest Road.

Additionally, parking enforcement personnel will begin issuing \$110 citations for violations. Vehicles parked on Crenshaw Boulevard south of Crest Road without a reservation or parked beyond their reservation time will be towed.

Visitors can pay when making their required reservation on the ParkMobile website or mobile app. Reserve your spot as early as three days in advance and until 11:59 p.m. the night before your visit.

Parking reservations remain free for all spaces south of Crest Road from 7 a.m. to 8:45 a.m. on weekdays. Parking also remains free for Residential Recreational Parking Permit holders on Park Place (Zone A), though reservations are still required.

Visitors can make parking reservations using the ParkMobile [mobile web browser](#) or by downloading the free ParkMobile app for iOS or Android devices from the [App Store](#) or [Google Play](#). Reservations can also be made by calling ParkMobile Member Services at 866-330-7275.

Parking reservations are no longer required for two ADA spaces on Park Place adjacent to Del Cerro Park and the Portuguese Bend Reserve. If both ADA spaces are unavailable, those with ADA placards displayed must use ParkMobile to reserve another parking spot.

For more information about parking with ParkMobile, visit rpvca.gov/parkmobile.

SB 9 and SB 10 Town Hall August 7

A statewide Town Hall meeting to discuss California Senate Bills 9 and 10 will be held on Saturday, August 7 at 10am. To register for the town hall, visit zoom.us/webinar/register.*

SB 9 would require cities to ministerially approve lot splits and duplexes on single-family properties. The City Council opposed SB 9 on February 2, 2021. To learn more, visit the California Legislature's [SB 9 webpage](#).

SB 10 would allow cities to upzone by ordinance in transit-rich areas and urban infill sites. The City Council opposed SB 10 on February 2, 2021. To learn more, visit the California Legislature's [SB 10 webpage](#).

For more information on the City of Rancho Palos Verdes' positions on bills and a record of legislative advocacy, visit rpvca.gov/LegislationCorner.

*The views expressed and/or materials provided during the SB 9 and SB 10 Statewide Town Hall are those of the event organizers' alone. The City encourages residents to research bills and contact their elected officials to share their positions. Information on contacting elected officials is available through the [City's website](#).

City Responds to Los Angeles County District Attorney George Gascón

On Tuesday, the City Council authorized the Mayor to sign a letter in response to LA County District Attorney George Gascón's address to the City's concerns regarding the impact of his Special Directives on public safety (see attachments).

The City is concerned that the elimination of bail (Special Directive 20-06), resulting in the detail of crimes that would not need to post bail including felony assault poses a significant danger to public safety. The dismissal of certain misdemeanor charges (Special Directive 20-07) raises the concern that serial misdemeanants will never be prosecuted for chronic violations. In addressing the elimination of sentence enhancements (Special Directive 20-08; 20-08.2), the letter cites data from the US Department of Justice that shows the number of crimes committed dropped dramatically during the years that California enacted and enforced tough sentencing for habitual felons.

A record of the correspondence between the City and DA Gascón is available on the [City's website](#).

95-Year-Old RPV Resident Receives Bronze Star Ceremony After 75 Years

Last week, the [Daily Breeze reported](#) that former U.S. Army Pfc. Ubaldo J. Ciniero, a 95-year-old RPV resident, recently received a certificate and ceremony for the Bronze Star Medal he received 75 years ago for his service in WWII. According to the article, Mr. Ciniero received his medal for meritorious achievement in ground combat for his service in the European Theater, but never got the certificate and ceremony that typically accompany the honor.

The City of Rancho Palos Verdes commends Mr. Ciniero for his valiant service to our nation and joins in celebrating this long overdue recognition.

Distracted Driving is Dangerous Driving

Distracted driving is any activity that diverts attention from driving, including talking on the phone or texting, fiddling with the stereo or navigation system, eating and drinking, or talking to people in your vehicle.

Taking your eyes off the road for 5 seconds at 55mph is like driving the length of an entire football field with your eyes closed. You cannot drive safely unless the task of driving has your full attention. Any non-driving activity you engage in is a potential distraction and increases your risk of crashing.

Don't Text and Drive

Using a cell phone while driving creates enormous potential for deaths and injuries on US roads. According to the National Highway Traffic Safety Administration ([NHTSA](#)), in 2019 in the US, 3,142 people were killed in motor vehicle crashes involving distracted drivers.

- Protect lives by never texting or talking on the phone while driving.
- If you must send or receive a text, pull over to a safe location and park your car first.
- If you have passengers, appoint a “designated texter” to handle all your texting.
- If you can't resist the temptation to look at your phone, keep it in the trunk.

Protect yourself and everyone else on the road – don't text and drive.

For more information on distracted driving, visit the [City's website](#).

Marymount California University Plans to Merge with Saint Leo University

Last week, Marymount California University President Brian Marcotte and Saint Leo University President Jeffrey Senese announced both universities have signed an agreement to integrate Marymount California University into Saint Leo University, following a vote from both universities' boards of trustees.

This agreement will unite the two Catholic institutions together under the Saint Leo University name, helping to build upon their historic missions and expand academic and geographic offerings for students. Marymount will join the Tampa, Florida-based Saint Leo —the fourth largest Catholic university in the United States — to become its Los Angeles campus.

Learn more at marymountcalifornia.edu.

Community Development Department Staff will meet with Marymount's representatives in the near future to further discuss details of the merger process and any potential amendments to the existing entitlements. The accreditation process may extend until January 2023, and until then, Marymount intends to continue to operate as they have in the past at their Rancho Palos Verdes campus. For questions, please contact Senior Planner, Amy Seeraty at (310) 544-5231 or via email at amys@rpvca.gov.

First Human West Nile Virus Case of 2021 for L.A. County Reported in South Bay

On August 3, the L.A. County Department of Public Health reported that it has identified the first case of human West Nile virus (WNV) infection in L.A. County for the 2021 season (excluding Long Beach and Pasadena as cases identified in those cities are reported by their local health departments). A resident of the South Bay area was hospitalized with WNV fever in late July and is recovering.

West Nile virus is spread by the bite of an infected mosquito. Symptoms may include fever, headache, nausea, body aches, and a mild skin rash. WNV can affect the nervous system and result in meningitis, encephalitis, paralysis and even death. Adults over the age of 50 years old and people with chronic health problems are at higher risk of severe illness. While not all mosquitoes carry this virus, the type of mosquito that spreads this virus is found throughout Los Angeles County.

Public Health recommends the following actions to reduce the risk of West Nile virus infection:

- Avoid mosquito-infested areas at dawn and dusk.
- Use insect repellent. Use Environmental Protection Agency (EPA)-registered repellents containing DEET, picaridin, IR3535, oil of lemon eucalyptus (OLE), para-menthane-diol (PMD), or 2-undecanone. When used as directed, EPA-registered insect repellents are proven safe and effective, even for pregnant and breastfeeding women. Find the right insect repellent for you by using EPA's search tool.
- Cover up. Consider wearing long-sleeved shirts and long pants when you are outdoors, particularly at these times and in areas where more mosquitoes are present.
- Take steps to control mosquitoes indoors and outdoors.
 - Use screens on windows and doors. Check for and repair holes in screens to keep mosquitoes outdoors.
 - Stop mosquitoes from laying eggs in or near water. Once a week, empty and scrub, turn over, cover, or throw out items that hold water, such as

tires, buckets, planters, toys, pet bowls, flowerpot saucers, rain barrels, or other containers. These are where mosquitoes lay eggs.

- Empty and wash birdbaths and wading pools weekly.
- Clean and chlorinate swimming pools; drain any water collecting on pool covers.
- Stock garden ponds with mosquitofish (*Gambusia affinis*), goldfish, Koi or other mosquito-eating fish. These feed on mosquito eggs and larvae.

For more information on West Nile virus, visit publichealth.lacounty.gov/media/westnile. To find a local vector control district, visit socalmosquito.org.

Tips for Living with Coyotes

The City has been receiving reports of increased coyote sightings. Coyotes will generally avoid humans but are attracted to free meals in the form of pet food, compost, or trash. A coyote who finds food in one yard may learn to search for food in other yards. Use the following tips to avoid attracting coyotes and to help deter coyotes from your neighborhood:

- Do not feed coyotes: this includes removing access to food from yards, not leaving pet food outside overnight, composting in an enclosed bin only, and picking up fallen fruit from a fruit tree on the ground.
- Haze any coyote you see: this can help maintain a coyote's fear of humans and deter them from neighborhood spaces. The simplest method of hazing involves being loud and large; stand tall, wave your arms and yell at the coyote, approaching it as necessary until it runs away. You may need to use different tactics such as noisemakers, stomping your feet or spraying the coyote with a hose to get it to leave. In addition, you may want to carry hazing tools with you while you walk your dog. These include a whistle, squirt guns, or sticks or rocks that can be thrown towards the coyote. It is important to continue to haze the coyote until it completely leaves the area.
- Report sick, injured or dead coyotes to LA County Animal Control at 310-523-9566. If you see an aggressive or dangerous coyote, contact LA County Agricultural Commissioner, Weights and Measures Division at 626-575-5462.

For additional information, please visit the City's [website](#), or contact Code Enforcement Officer Rudy Monroy at rmonroy@rpvca.gov or call 310-544-5296.

Cal Water Encourages Water Conservation

In response to the state's drought emergency, the California Water Service (Cal Water) is encouraging customers to practice water conservation.

Cal Water offers:

- Rebates on high-efficiency appliances and devices, with certain rebates recently doubled.
- A smart landscape tune-up program that includes an irrigation system evaluation along with installation of efficient devices and repair of most irrigation leaks at no cost to customers.
- A free conservation kit that includes a garden hose nozzle with shutoff valve, high-efficiency showerheads, faucet aerators, and more.
- Educational resources.

Additionally, Cal Water reminds customers to continue observing the prohibited uses of water that continue to be in effect. Water-wasting activities include, in part:

- Using water on outdoor landscaping that causes runoff onto adjacent properties or paved areas.
- Using a hose to wash vehicles unless the hose has a shutoff nozzle or similar device.
- Not repairing leaks within five days of notification.
- Irrigating outdoors between 8 a.m. and 6 p.m., unless local ordinances state otherwise.
- Using water in a fountain or other decorative water feature, except where part of a recirculating system.

Customers can visit calwater.com/conservation for details on its conservation program along with a full list of prohibited uses of water.

Earthquake Preparedness Tips

You could be anywhere when an earthquake strikes: at home, at work, at school, or even on vacation. With April being proclaimed as earthquake preparedness month, this serves as a great reminder that disasters can strike at any moment and for the need to be always prepared. The key to surviving an earthquake and reducing your risk of injury lies in planning, preparing, and practicing what you and your loved ones will do when it happens.

The RPV Emergency Preparedness Committee offers the following preparedness tips on how to keep yourself, your family, and loved ones safe in the event of a catastrophic earthquake:

- **HAVE A PLAN:** Create a family emergency communications plan that has an out-of-state contact. Establish a family meeting place that is familiar and easy to find.
- **KEEP SUPPLIES:** Gather supplies that will last for several days after a disaster for everyone living in your home.
At a minimum, your emergency supplies should include these ten essential items:

<input type="checkbox"/> Water for 3-10 days (1 gallon per person per day)	<input type="checkbox"/> Medications
<input type="checkbox"/> Food for 3-10 days (including pet food)	<input type="checkbox"/> Cash and important documents
<input type="checkbox"/> First Aid Kit and Instructions	<input type="checkbox"/> Clothing and sturdy shoes
<input type="checkbox"/> Flashlights (and spare batteries)	<input type="checkbox"/> Tools (wrench, duct tape, fire extinguisher, sturdy gloves, whistle)
<input type="checkbox"/> Radio (and extra batteries)	<input type="checkbox"/> Sanitation and hygiene supplies
- **PRACTICE DROP, COVER, AND HOLD ON:** Get prepared for Earthquakes before it happens by practicing DROP, COVER, and HOLD ON.
 **DROP** where you are, onto your hands and knees. This position protects you from being knocked down and also allows you to stay low and crawl to shelter if nearby.
 **COVER** Cover your head and neck with your arms. If a sturdy table or desk is nearby, crawl underneath it for shelter. If no shelter is nearby, crawl next to an interior wall (away from windows). Stay on your knees or bent over to protect vital organs.
 **HOLD ON** If you are under a table or desk, hold on with one hand and be ready to move with it if it moves. If seated and unable to drop to the floor, bend forward, cover your head with your arms and hold on to your neck with both hands.
- **BE INFORMED:** Sign up now for Alert SouthBay emergency alerts by texting "alerts" to 888-777. Stay connected and get updates from the City by following RPV on [Nextdoor](#), [Facebook](#), [Twitter](#), and [Instagram](#).

For additional information and resources, please contact Jesse Villalpando, Emergency Services Coordinator at JVillalpando@rpvca.gov or (310) 544-5209.

Are You Ready for the Next Big One? - Earthquake Preparedness Tips

While some areas of California are more likely to have earthquakes than others, all of California is at higher risk compared to the rest of the country. You could be anywhere when an earthquake strikes: at home, at work, at school, or even on vacation. The key to surviving an earthquake and reducing your risk of injury lies in planning, preparing, and practicing what you and your loved ones will do if it happens.

Take the necessary steps today to get your property and family ready for the next emergency. We cannot predict when the next natural disaster will hit, but together we can take the next steps in being prepared.

HOW TO PREPARE BEFORE AN EARTHQUAKE

⇒ **PRACTICE DROP, COVER, AND HOLD ON:** Get prepared for Earthquakes before it happens by practicing DROP, COVER, and HOLD ON.

DROP where you are, onto your hands and knees. This position protects you from being knocked down and also allows you to stay low and crawl to shelter if nearby.

COVER Cover your head and neck with your arms. If a sturdy table or desk is nearby, crawl underneath it for shelter. If no shelter is nearby, crawl next to an interior wall (away from windows).

HOLD ON If you are under a table or desk, hold on with one hand and be ready to move with it if it moves. If seated and unable to drop to the floor, bend forward, cover your head with your arms and hold on to your neck with both hands.

- ⇒ **HAVE A PLAN**: Create a family emergency communications plan that has an out-of-state contact. Establish a family meeting place that is familiar and easy to find.
- ⇒ **KEEP SUPPLIES**: Gather supplies that will last for several days after a disaster for everyone living in your home. **At a minimum, your emergency supplies should include these ten essential items:**
 - Water for 3-10 days (1 gallon per person per day)
 - Food for 3-10 days (including pet food)
 - First Aid Kit and Instructions
 - Flashlights (and spare batteries)
 - Radio (and extra batteries)
 - Medications
 - Cash and important documents
 - Clothing and sturdy shoes
 - Tools (wrench, duct tape, fire extinguisher, sturdy gloves, whistle)
 - Sanitation and hygiene supplies
- ⇒ **BE INFORMED**: Sign up now for Alert SouthBay emergency alerts by texting “alertsb” to 888-777. Stay connected and get updates from the City by following RPV on [Nextdoor](#), [Facebook](#), [Twitter](#) and [Instagram](#).
- ⇒ Secure televisions, monitors, bookcases or other items that hang on walls. Store heavy and breakable items on low shelves.
- ⇒ Inspect the inside and outside of your home, dwelling or property for items that could be damaged or fall and cause injury. Secure these identified items with braces, bolts, straps and other materials available at disaster preparedness outlets.

STAYING SAFE: DURING AN EARTHQUAKE

- If you are **INDOORS**, stay there.
 - If able to do so, **DROP, COVER** and **HOLD ON** or **LOCK, COVER** and **HOLD ON** for wheelchair or walker users.
 - If there is a sturdy table or desk available, get under it and **HOLD ON** until the shaking stops.
 - Do not run outside or inside your home, since debris may fall and injure you.
- If you are in **BED**, stay there.
 - **COVER** your head and neck with a pillow or blanket.
- If you are in a **VEHICLE**, pull over and stop in a safe area away from buildings, trees, overpasses, underpasses or utility wires.
 - Make sure to set the parking brake so that the vehicle does not move during the shaking.
 - Stay inside your vehicle until the shaking subsides.
- If you are **OUTDOORS**, stay there.
 - Move away from wires, buildings and anything else that could fall and hurt you, but only if you can safely do so.
 - Otherwise, stay where you are and **DROP, COVER** and **HOLD ON** if able to do so or **LOCK, COVER** and **HOLD ON** for wheelchair or walker users or protect your head and neck area as best as possible.

STAYING SAFE: AFTER AN EARTHQUAKE

- Expect aftershocks to follow a large earthquake.
- Check yourself for injury and aid others (if you have training to do so).
- If you are in a damaged building, when instructed and safe to do so, go outside and move away from the building to the designated safe zones or areas.
- Do not enter damaged buildings.
- Save phone calls for emergencies.
- If you are in an area that may experience tsunamis, go inland or to higher ground immediately after the shaking stops.
- Once safe, monitor local news reports via radio, television, social media, and cell phone text alerts for emergency information and instructions.
- Use extreme caution during post-disaster clean-up of buildings and around debris. Do not attempt to remove heavy debris by yourself. Wear protective

clothing, including a long-sleeved shirt, long pants, work gloves, and sturdy, thick-soled shoes during clean-up.

QUICK TIP: WHAT TO DO IF YOU ARE TRAPPED AFTER AN EARTHQUAKE

If you are trapped, cover your mouth to keep debris out of your lungs and airways. Send a text, bang on a pipe or wall, or use a whistle instead of shouting so that first responders and rescuers can locate you.

National Night Out August 3

The RPV Neighborhood Watch hosted a series of block parties on August 3 to celebrate National Night Out. Residents had an opportunity to meet their neighbors and Sheriff's Deputies. City Staff also visited a few blocks.

National Night Out is an annual community-building campaign that promotes law enforcement-community partnerships and neighborhood camaraderie to make neighborhoods safer, more caring places to live. For more information on Neighborhood Watch, contact Gail Lorenzen at rpnw@ix.netcom.com.

Weekly Crime Report Summaries

The City continues to provide its residents with crime report summaries when they are made available. These weekly summaries include information about reported crimes and arrests served by the Lomita Sheriff's Station, including the City of Rancho Palos Verdes. The summaries are updated on the [City's website](#), distributed via [Nextdoor](#) and the Public Safety Alerts [listserv](#), and included in the Weekly Administrative Report (see attachments).

Additionally, the Los Angeles Sheriff's Department maintains a website mapping incidences of Part 1 Crimes within its jurisdiction, including the City of Rancho Palos Verdes. To view the City's incidences on the website, please visit [CrimeMapping.com](#). The City also has an interactive map available on its [Crime Reports](#) website.

From July 18-24, there were ten reported crimes in the City of Rancho Palos Verdes: five vehicle burglaries, one residential burglary, two petty thefts, one grand theft, and one grand theft auto.

For assistance accessing the Weekly Crime Reports, or navigating the mapping feature on the City's website, contact McKenzie Bright, Public Safety Administrative Analyst at 310-544-5305 or mbright@rpvca.gov.

Refer Unhoused Persons Using LA-HOP

Residents are encouraged to fill out an LA Homeless Outreach Portal (LA-HOP) request when they observe an unhoused individual at la-hop.org. A Homeless Outreach Team will be dispatched to the individual to attempt to connect them with resources. Unhoused individuals can also be reported to the Sheriff's Department at 310-539-1661, particularly if the individual is a danger to themselves or others. Deputies will make contact with the individual and will fill out an LA-HOP referral on their behalf.

Additional information on available resources for unhoused persons or those at risk of becoming homeless is available on the City's website at rpvca.gov/1437/Resources-for-Unhoused-Persons.

Practice Safe Driving Habits: Always Drive Sober

Every day, about 28 people in the United States die in drunk-driving crashes, according to the National Highway Traffic Safety Administration (NHTSA).

Driving after drinking is deadly. If you drive while impaired, you could get arrested, or worse – be involved in a crash that causes serious injury or death. Approximately one-third of all traffic crash fatalities in the US involve drunk drivers.

IF YOU ARE DRINKING, DO NOT DRIVE.

1. Plan your safe ride home before you start the party, choose a non-drinking friend as a designated driver.
2. If someone you know has been drinking, do not let that person get behind the wheel. Take their keys and help them arrange a sober ride home.
3. If you drink, do not drive for any reason. Call a taxi, a ride-hailing service, or a sober friend.
4. If you're hosting a party where alcohol will be served, make sure all guests leave with a sober driver.

If you see an impaired driver on the road, contact local law enforcement. Your actions could help save someone's life.

For more information on drunk driving, visit nhtsa.gov/risky-driving/drunk-driving.

Tips to Prevent Vehicle Burglaries

Take steps today to prevent thefts from your vehicle. Residents are strongly encouraged to use “Lock It or Lose It” prevention tips every day. It only takes a matter of seconds for a thief to break into your car and grab your valuable items.

Look through the windows of your vehicle. What do you see? A bag on the passenger seat? A charging cord? A garage door opener? Change in a cup holder? Take it with you or remove it from plain view and be sure to close all windows and lock doors.

Follow these tips to help prevent vehicle burglaries:

1. Remove all valuable items from your car including purses and electronics.
2. If you must leave valuables behind, put them in your trunk before you reach your destination. Avoid doing so while in plain view.
3. Lock your glovebox.
4. Close all windows, lock your doors, and set your alarm or anti-theft device.
5. Park in a locked garage or well-lit areas.

If you see suspicious activity report it immediately to the Lomita Sheriff's Station at 310-539-1661. In case of emergency, call 9-1-1.

Regional Contract Law Committee Meeting August 12

The Peninsula Regional Contract Law Committee (RCLC), comprised of two councilmembers from Rancho Palos Verdes, Rolling Hills, and Rolling Hills Estates, meets quarterly to oversee the cities' contract with the Los Angeles County Sheriff's Department. The next meeting is on August 12, 2021, immediately following the Peninsula Public Safety Committee meeting.

The RCLC will be discussing installing City seals of Sheriff vehicles, will be provided a report from the Sheriff's Department on quarterly statistics, and will discuss a potential

FINANCE DEPARTMENT

Statewide Sales Tax Trends

The Finance Department works with several outside consultants and analysts in the process of monitor trends related to the City's revenue sources. HdL provides a quarterly look at sales tax trends by sector. Below you will find insights and projections for two sectors.

Building / Construction

FY20-21: Projected 10.4% growth

FY21-22: Projected 5.4% growth

Home construction, while very robust in many parts of the state, severely lags demand; the combination of impatient buyers and low-interest rates are sending new and existing property prices to indefensible levels. Savvy homeowners are refusing to cash out and then pay a premium to the seller of the next house. Instead, people are taking current equity and creating their dream home. This demand for improvements has contractors booking orders well into next year with smaller scale projects coming to an end this summer. Lumber and steel prices continue to rise even though mill output has expanded significantly. Several large mill operators are planning expansions that should further increase output next year. Common lumber prices are adding as much as \$50,000 to a new home cost. The run-up in material costs, expected to rise into late 2022 before stabilizing, has some commercial developers reworking plans to incorporate cheaper materials. Permit levels for all types of projects are at their second highest level in two years. Office activity, while less active right now, should see an uptick once the post-COVID workplace trends are determined.

Food / Drugs

FY20-21: Projected 5.1% growth

FY21-22: Projected 1.7% growth

The first three months of 2021 captured mixed outcomes. While convenience stores and cannabis merchants reported considerable upturns, grocer's sales dipped. Drug store's declines pulled overall returns lower and included a reduction of outlets in some regions. However, offering vaccinations has improved foot traffic in recent months.

Customers expectations for safer methods of shopping for groceries amid the pandemic prompted company modifications such as online ordering and in-store pickup. Delivery competitors have also chipped away at sales as their revenues are reflected in autos/transportation. Independent supermarket operators have consumed more market share over the past decade, a positive trend that puts pressure on large, national chains. Cannabis openings secured Fiscal Year 20/21 gains. Even with inflationary impacts baked in, modest increases in this category are expected next year.

PUBLIC WORKS DEPARTMENT

Palos Verdes Drive South Utility Undergrounding Project Update

Starting on or around the night of August 9, utility undergrounding work will continue along Palos Verdes Drive South from La Rotonda Drive into San Pedro. This work is expected to be performed between 10 p.m. and 7 a.m., Monday through Friday, and conclude on or around August 18. The work will consist of removing existing overhead cables and installing new underground cables. Upon completion of this work, one more overhead cable line will remain to be undergrounded, and then the removal of the poles will be scheduled. Upon completion of the project, two poles will remain; one for connection of power lines up the hill from Palos Verdes Drive South, and the other for a cell site.

The City's storm water quality consultant has provided an updated short newsletter to update the City on relevant storm water regulatory issues. (See attachment)

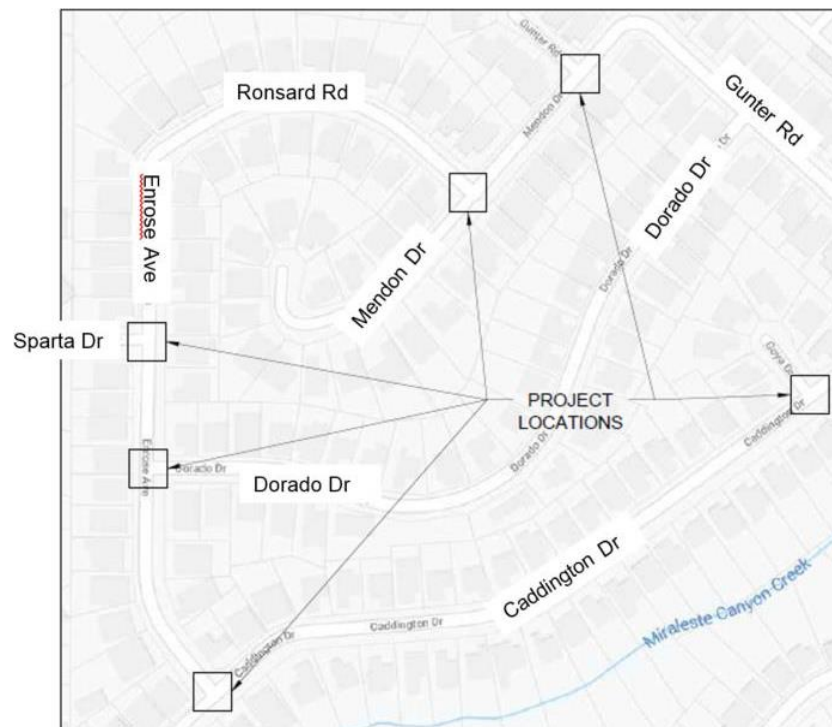

Curb Ramp Construction in Caddington Drive Area Update

Last week, crews completed the installation of new curb ramps at six intersections in the Caddington Drive area. This project is funded via the Community Development Block Grant (CDBG) Program. The following intersections are now completed as of last week:

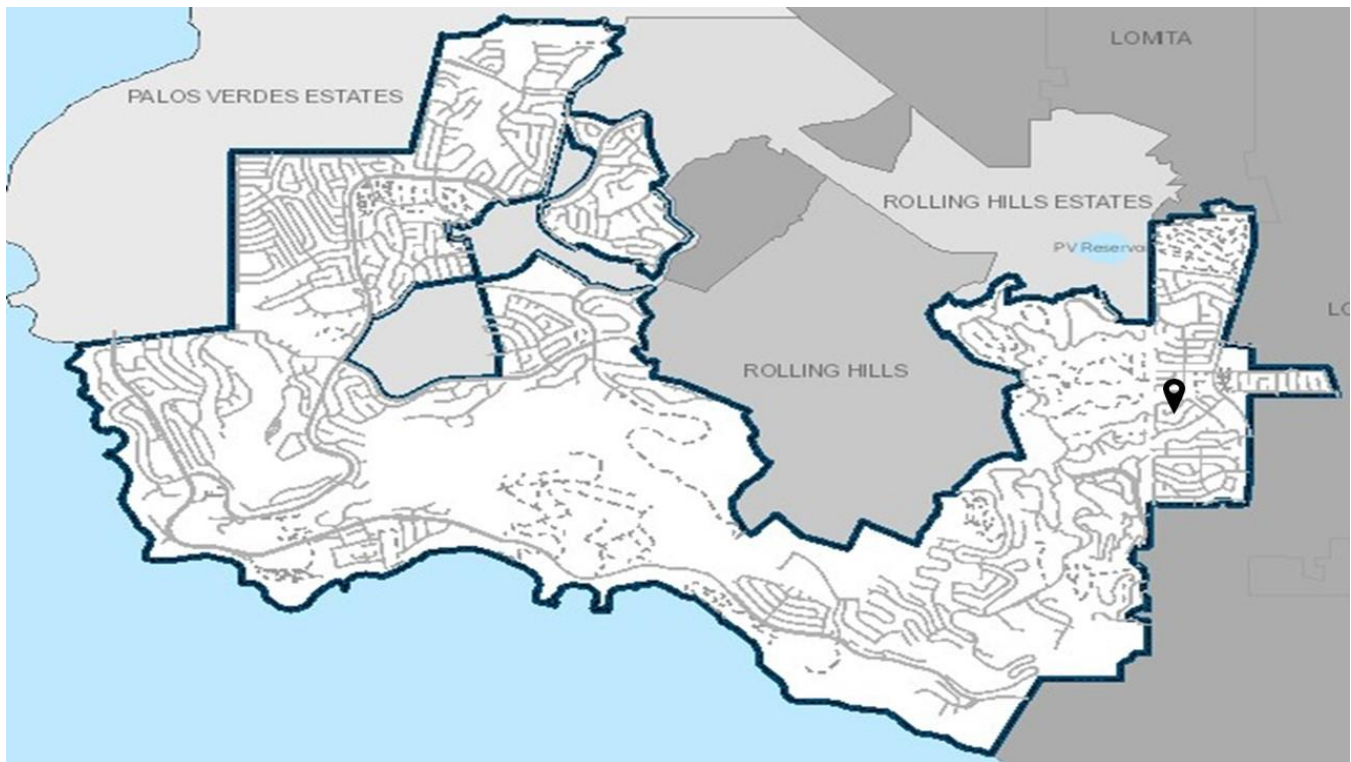

- Sparta Drive and Enrose Avenue
- Dorado Drive and Enrose Avenue
- Caddington Drive and Enrose Avenue
- Caddington Drive and Goya Drive
- Gunter Road and Mendon Drive
- Ronsard Road and Mendon Drive

This week, crews will perform minor asphalt work near the completed ramps for drainage purposes and complete any remaining punch list items.

October 23 Paper/Document Shredding Event

The next RPV/EDCO paper/document shredding event is scheduled for October 23 from 8 a.m. to 11 a.m. at City Hall/Civic Center, in the overflow parking lot. More details on this event will be provided in the coming months.

In addition to regularly scheduled maintenance and repairs, Public Works performed the following:

- Public Works continues daily cleaning and sanitizing parks' facilities and restrooms to reduce the spread of COVID.
- At the Calle Entradero vistapoint, the Public Works Department installed 1,000 square feet of hydroseed. While this area will be closed during the installation and growing process, there remains a large amount of free space that can be utilized. Therefore, public Works anticipates the affected area to be closed for eight weeks.

Vistapoint-Calle Entradero

Street Median and Public Right of Way Landscape Maintenance

- Continued de-weeding and cleaning the center medians along Palos Verdes Drive South in front of Abalone Cove Park. The team will also be working along Palos Verdes East and Miraleste Drive.
- Completed de-weeding along Western Avenue.
- Installed new landscape and signs at City Hall in preparation for the Sakura City Sister City anniversary event set for August 4, 2021.

Public Right-of-Way/Roadway Repairs

- Western Avenue: Removed all non-permitted newspaper dispensers, refreshed curb painting, and began painting bus benches as well as replacing worn out signage.

Graffiti Removal

- **21** cases of graffiti were reported and removed this week.
- The RPV graffiti reporting app can be downloaded for Android and Apple devices under the name of "**RPV Clean**." Residents can help keep RPV look great by using this app.

Emergency Response items

- On July 30, Public Works received a report of a large, fallen tree in the right-of-way located at Via Bramante and Miraleste Drive. Public Works had tree services on scene within an hour and removal began the same day.
- On July 30, Public Works responded to a fallen tree branch in the right-of-way located on Whitley Collins Drive. Public Works had the branch removed within hours.

Public Works Training

The Public Works Department is committed to continuous safety training and industry training for its staff. Below are some recent training and courses completed by the Public Works Team.

Marymount California University Updates

Special Use Permit Request

Marymount California University has applied for its annual Special Use Permit (SUP) to allow amplified sound at certain outdoor events during the 2021-2022 academic year. On July 28, a public notice was mailed to property owners within a 500 foot radius and also sent to listserv subscribers on July 30, 2021.

Click [here](#) to view a copy of the notice. This year's request consists of 18 date and time specific events, as well as six additional events that will be determined later, for a total of 24 events. The City is accepting public comments during a 15-day period, which began on July 29. After that initial 15 days, but within 30 days from the distribution of the notice, the Director will make a decision, which will be appealable to the Planning Commission. For questions, please contact Senior Planner Amy Seeraty at (310) 544-5231 or via email at amys@rpvca.gov. Staff will provide additional updates as more information becomes available.

2021-2029 Housing Element Updates

Housing Element Update – City Council/Planning Commission Study Session August 24

Did you know all cities in California are required by state law to adopt a guide for land use and planning decisions? The City of Rancho Palos Verdes' Housing Element is being updated to ensure the City is prepared to meet future housing needs for the next housing cycle which covers 2021 to 2029.

Learn more by joining us on August 24 for a joint City Council/Planning Commission Housing Element Update Study Session. Topics will include:

- Housing Element overview
- Presentation from the California Department of Housing and Community Development (HCD) regarding housing element law and the requirements for the 6th Cycle Housing Element Update
- Regional Housing Needs Assessment (RHNA) Plan prepared by the Southern California Association of Governments (SCAG)
- Developing regulations to accommodate the City's RHNA allocation in all income categories
- City Council and Planning Commission input on up-zoning, accessory dwelling units (ADUs), streamlined permit processing, etc. to accommodate more housing.

The hybrid in-person/virtual meeting will take place at 7 p.m. in McTaggart Hall at Fred Hesse Jr. Community Park and via Zoom with a very limited number of in-person attendees and COVID-19 safety protocols in place. **Virtual participation is highly encouraged.** The meeting will be live-streamed on the City website and televised on RPVtv Cox 35/Frontier FiOS 39. If you would like to provide comments during the meeting or leave a pre-recorded voice message, please complete a form at rpvca.gov/participate.

You can also share your thoughts with the City Council and Planning Commission by emailing them to housingelement@rpvca.gov.

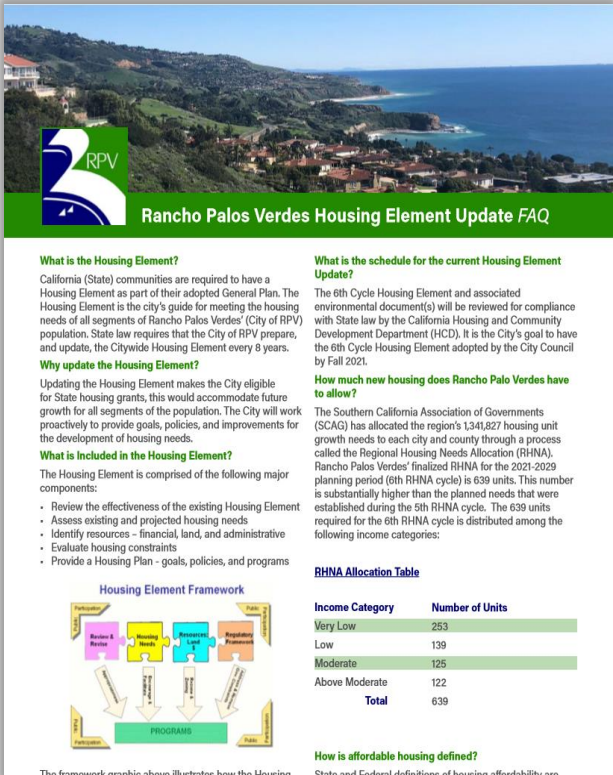

For more information about the Housing Element Update process, visit rpvca.gov/housingelement, and for updates, sign up for the Housing Element Update listserv at rpvca.gov/notify.

If you are a person with a disability and need an accommodation to participate in programs, services, activities and meetings, contact the City's ADA Coordinator/Risk Manager at 310-683-3157, adarequests@rpvca.gov, 30940 Hawthorne Blvd., Rancho Palos Verdes, CA 90275, at least 48 hours in advance to request an auxiliary aid or accommodation.

Housing Element Update Homepage

2021-2029 Housing Element Fact Sheets and Frequently Asked Questions (FAQ) are now available on the City's Housing Element Update Homepage. The documents provide a background on state housing law, Housing Element requirements and next steps in the update process. Rancho Palos Verdes Housing Element Update FAQ

What is the Housing Element?
California (State) communities are required to have a Housing Element as part of their adopted General Plan. The Housing Element is the city's guide for meeting the housing needs of all segments of Rancho Palos Verdes' (City of RPV) population. State law requires that the City of RPV prepare, and update, the Citywide Housing Element every 8 years.

Why update the Housing Element?
Updating the Housing Element makes the City eligible for State housing grants, this would accommodate future growth for all segments of the population. The City will work proactively to provide goals, policies, and improvements for the development of housing needs.

What is included in the Housing Element?
The Housing Element is comprised of the following major components:

- Review the effectiveness of the existing Housing Element
- Assess existing and projected housing needs
- Identify resources – financial, land, and administrative
- Evaluate housing constraints
- Provide a Housing Plan - goals, policies, and programs

What is the schedule for the current Housing Element Update?
The 6th Cycle Housing Element and associated environmental document(s) will be reviewed for compliance with State law by the California Housing and Community Development Department (HCD). It is the City's goal to have the 6th Cycle Housing Element adopted by the City Council by Fall 2021.

How much new housing does Rancho Palos Verdes have to allow?
The Southern California Association of Governments (SCAG) has allocated the region's 1,341,827 housing unit growth needs to each city and county through a process called the Regional Housing Needs Allocation (RHNA). Rancho Palos Verdes' finalized RHNA for the 2021-2029 planning period (6th RHNA cycle) is 639 units. This number is substantially higher than the planned needs that were established during the 5th RHNA cycle. The 639 units required for the 6th RHNA cycle is distributed among the following income categories:

Income Category	Number of Units
Very Low	253
Low	139
Moderate	125
Above Moderate	122
Total	639

How is affordable housing defined?
State and Federal definitions of housing affordability are

RECREATION AND PARKS DEPARTMENT

ParkMobile Parking App Update

On July 6, the City of Rancho Palos Verdes launched an online parking reservation system for Del Cerro Park and the popular Portuguese Bend Reserve. Visitors can now use the ParkMobile website or mobile app to reserve parking spaces on Crenshaw Boulevard south of Crest Road and on Park Place, near the Rattlesnake and Burma Road Trailheads. A total of 336 reservations were made between July 26- August 1.

Staff will continue to report on total reservations and other data points each week.

The system is being implemented to manage parking and improve traffic flow in the Del Cerro Park area. Staff is working closely with ParkMobile personnel to fine-tune the system and respond to all user concerns and issues.

Parking with ParkMobile

- **Update:** Starting this week on August 2, reservations were no longer free of charge. Reservations are now \$10 per reservation block and can be paid using ParkMobile. An additional \$0.35 processing fee will apply to all paid reservations.
- ParkMobile reservations are now required for 58 spaces on Crenshaw Boulevard south of Crest Road and Park Place.
- Reservations must be made by 11:59 p.m. the night before your visit.
- Visitors will not be able to park and then reserve their spot.
- Reservations will be limited to blocks of two hours and 45 minutes from 7 a.m. to an hour after sunset (shorter or longer blocks are not available at this time).
- Parking will be free from 7 a.m. to 8:45 a.m. on weekdays.
- Fifteen spaces on Park Place adjacent to Del Cerro Park remain available to those who hold a Residential Recreational Parking Permit at this time. Permit holders will need to reserve these spaces (in Zone A) using ParkMobile.

- The two ADA parking spaces on Park Place no longer require Residential Recreational Parking Permits or ParkMobile reservations. They are available on a first come-first served availability basis for any visitor with a valid ADA parking placard. This reduces the total number of reservable spaces from 60 to 58.
- Street parking on Crenshaw Boulevard north of Crest Road remain free and will not require reservations.

Visitors can make parking reservations on a mobile web browser or by downloading the free ParkMobile app for iOS or Android devices from the App Store or Google Play. Reservations can also be made by calling ParkMobile Member Services at 866-330-7275.

For more information and a list of frequently asked questions, visit:

rpvca.gov/parkmobile

Email parkingpreserve@rpvca.gov to contact City Staff with any concerns or questions about the system.

If you are a person with a disability and need an accommodation to participate in programs, services, activities, and meetings, contact the City's ADA Coordinator/Risk Manager at 310-683-3157, adarequests@rpvca.gov, 30940 Hawthorne Blvd., Rancho Palos Verdes, CA 90275, at least 48 hours in advance to request an auxiliary aid or accommodation.

Concert in the Park

Around 400 people attended Concert in the Park on July 28 at the RPV Civic Center. The performance by Running Hot was a hit with the crowd, with concertgoers dancing and singing along to some of the best classic rock and roll hits. Attendees grabbed a bite to eat at the food trucks and visited the Recreation and Parks booth for some fun giveaways. The large slide provided plenty of fun for the kids in attendance. Thank you to the Palos Verdes Sunset Rotary for hosting the beer and wine booth. We look forward to the next Concert in the Park on August 28 featuring 80's tribute band 80-DO.

REACH Participants Enjoy “The Price is Right” Game Night!

Last week was all fun and games for REACH participants! Participants enjoyed playing the iconic game show, “The Price is Right,” and had some hot high-tech 2021 gadgets to check out. Everyone had fun competing and trying to guess the price for each gadget.

Cub Scouts Explore the Discovery Room!

Cub Scouts Pack 955 had a great visit to the Discovery Room at Ladera Linda Park and Community Center on July 24 for the first time after the long pandemic hiatus. There were 25 Cub Scouts in attendance.

Recreation Activities

Registration for summer classes and camps is now open, and classes are underway! Classes include sports and fitness, dance, language, and wellness for kids and adults. Register for activities at rpvca.gov/parks.

Keep RPV Clean Volunteer Program

A private group has requested their own volunteer park cleanup. They will arrive at Lower Hesse Park next Wednesday to work with park staff to weed and spread mulch around the picnic table area. On August 14, we are recruiting volunteers to help staff prior to the Movie in the Park at Upper Point Vicente Park/Civic Center. Visit our website to view and sign up for all our summer volunteer events at rpvca.gov/volunteer. The Native Plant Garden will host volunteers on August 15 from 10 a.m. to noon at Point Vicente Interpretive Center. Please contact Megan at megan@sccnps.org at least two days prior to the event to sign up.

Abalone Cove Reserve

From June 26 to August 1, the following Marine Protected Area (MPA) contacts, all from Abalone Cove, were made:

- Ranger/OSM contacts with MPA violators: 0
- Individuals deterred from poaching: 0
- Estimated number of animals prevented from being poached: 0

On July 27, Rangers discarded a beach tent that had been abandoned at Sacred Cove Beach. The tent had minor trash inside, but no valuables or tags to locate the owner(s).

Forrestal Reserve

During this reporting period, Rangers continued to educate patrons on permitted and approved use of Ladera Linda fields located on PVPUSD property. Patrons were advised to use the field at Ladera Linda Park for casual soccer play or to use existing trails within the Forrestal Reserve to access the trail system.

Ocean Trails Reserve

As a result of a landslide within Ocean Trails Reserve, trail closures remain in effect including the Coastal Switchback Trail and adjacent beach area. The nearby bridge along Catalina Trail and Lakeview Trail is also closed as a result of land movement. Geologists continue to inspect this area weekly to monitor additional movement and provide recommendations to staff for trail reroutes when deemed safe.

On July 28, Staff received reports of two trash cans thrown over the cliffs and three additional trash cans on the adjacent beach on Southshore Coastal Trail. This area is frequently vandalized and requires continual maintenance and replacement of trashcans. City Staff notified Trump National Golf Club to safely retrieve the trash cans.

Portuguese Bend Reserve

On August 2, Cal Water began to replace the above ground piping located on Burma Road Trail. The piping was previously being pushed by landslide movement and was in need of repairs.

Parks and Trails Open

Beaches, parks, and trails, including the Palos Verdes Nature Preserve, are open. In accordance with the L.A. County and State of California Health Officer Orders, private, informal, outdoor gatherings outdoors are permitted. L.A. County continues to urge everyone, especially those who are not or cannot be vaccinated against COVID-19 to exercise caution and good judgment as physical distancing requirements and capacity limitations have lifted. In addition, all individuals must follow the requirements in the Guidance for the Use of Face Coverings issued by the L.A. County Department of Public Health.

When participating in gatherings or activities, all park rules must be followed and attendance at informal gatherings cannot exceed thresholds in the Special Event Permits ordinance.

SUBJECT: Concerns Regarding Special Directive Policies Impacting Public Safety

Honorable District Attorney:

The City Council of the City of Rancho Palos Verdes acknowledges receipt of your July 21, 2021 letter. Unfortunately, your letter arrived after the community urged the Council to adopt its resolution of "no-confidence" at the City Council meeting of July 20, 2021. The City does appreciate your thoughtful comments.

Like you, the City Council acknowledges that reforms within the criminal justice system are warranted. However, criminal justice reforms that go to an extreme will, in our view, actually serve to undermine public safety.ⁱ It is out of our concern for public safety and for the victims of criminal conduct that, for the reasons that will follow, we must respectfully disagree with your directives which we view as "extreme." For example, the *Humphrey* decision, to which your letter makes reference, does require that a court review three criteria in making a bail determination.ⁱⁱ But, our Supreme Court certainly does not go as far as your Special Directive 20-06.

Your "extreme" special directive, on the other hand, commands that your staff "**shall not** request cash bail for **any** misdemeanor, non-serious felony, or nonviolent felony offense." We are advised that the maximum discretion your directive authorizes is for your prosecutors to request that a court impose the "least restrictive means" which you describe as anything from "no conditions" to electronic monitoring or home detention. For the community of Rancho Palos Verdes, this policy strays far beyond the requirements of the California Supreme Court and represents a significant danger to public safety.ⁱⁱⁱ

We are equally troubled by your "extreme" Special Directive 20-07 which declines to prosecute certain misdemeanor charges, including trespassing, disturbing the peace,

criminal threats, drug and paraphernalia possession, under the influence of controlled substance, public intoxication, and resisting arrest. The study to which you cite, and upon which you seem to rely for your directive, hardly offers a conclusive endorsement of this directive.

In the words of the authors of that study, the very most that can be said of their analysis is that “(o)ur findings **imply** that not prosecuting marginal nonviolent misdemeanor defendants substantially reduces their sub-sequent criminal justice contact. . . .” (Emphasis added.) Particularly concerning to the City Council is the prospect that, under your directive, many serial misdemeanants will never be prosecuted for their chronic violations. We urge you to consider that such individuals can wreak havoc on a community and make our residents feel unsafe in their own homes and neighborhoods.

Most “extreme,” in our view, is your Special Directive 20-08 & 20-08.2. This directive provides that “[i]f the charged offense is probation-eligible, probation **shall be the presumptive offer** absent extraordinary circumstances warranting a state prison commitment.” (Emphasis added.) Unfortunately, our research indicates that nearly every crime is probation eligible, up to and including murder. Carjacking is probation eligible. Kidnapping is probation eligible.^{iv}

What typically results in an alleged crime being **ineligible** for probation is the addition of a sentencing enhancements; the use of a deadly weapon or infliction of great bodily injury for example. Since the filing of all but a handful of sentencing enhancements is prohibited under your directive, we are concerned that this means that nearly every crime remains probation eligible. Moreover, your directive does not define what constitutes an “extraordinary circumstance” that would justify a deviation from your directive. As we understand your policy, your prosecutors **are required** to offer a plea bargain that results in the defendant going home on probation rather than serving time in custody.

We have also reviewed the additional study to which your letter makes reference. For our part, we would urge you to carefully consider the peer reviewed study prepared by the Criminal Justice Legal Foundation, entitled “*Sentence Length and Recidivism: A Review of the Research*” which we view as reaching a contrary conclusion. We are advised that data available from the U.S. Department of Justice demonstrates that the number of crimes committed during the years that California enacted and enforced tough sentencing for habitual felons, crime rates dropped dramatically. Comparing crimes reported in 1992 with 2011, there were 932,996 (45%) fewer of the seven major crimes, 190,681 (55%) fewer violent crimes, and 2,129 (54%) fewer murders.

As a consequence, the City feels an obligation to support the actions taken by your Deputy District Attorneys’ Association in successfully challenging some of your directives before the Los Angeles County Superior Court. We have directed the City Attorney’s office to closely monitor the appeal of this case (Los Angeles County Superior Court Case No. 20STCP04250, Second Appellate District Case No. B310845). Notwithstanding, the City appreciates that you have agreed to abide by the decision of the lower court. Please

understand that our support for this lawsuit is not intended as an affront to you personally or professionally, but rather as a respectful way to oppose what we believe are “extreme” directives that are contrary to the best interests of justice.

Finally, the City is strongly supportive of those policies that protect public safety, particularly through the provision of mental health and social services; respectfully, your directives undermine crime deterrence and prevention, considering that many proposed pre-filing diversion programs are either unfunded or have yet to be created. We urge you to reevaluate your directives in light of the concerns raised in this letter and the unintended adverse impacts the same are having on public safety on Los Angeles County residents.

Sincerely,

Eric Alegria

¹ In an “op. ed.” piece, dated June 21, 2021, entitled “*It’s Time for Californians to Recognize that Prop. 47 Criminal Justice Reform Failed*,” The Times of San Diego observed that “San Diego County [is] inundated with property crime But even if the crime victim has a video of the thief stealing a package off a porch or a bicycle from the driveway, not much will be done to apprehend the perpetrator due to . . . restrictions imposed by Proposition 47. This proposition, approved by voters in 2014, makes it almost impossible to incarcerate shoplifters and thieves. Proposition 47 it is a failed experiment in criminal justice reform that needs to be changed so we can put a stop to property crime. . . . The intent of the law is admirable, but the unintended consequences are a public safety disaster for San Diego residents and store owners.”

² The *Humphrey* opinion sets forth a three-part framework to assist courts in making a bail determination:

Non-Financial Conditions. provided “the record reflects the risk of flight or a risk to public or victim safety, the court should consider whether nonfinancial conditions of release may reasonably protect the public and the victim or reasonably assure the arrestee’s presence at trial.”

Money Bail The Defendant Can Reasonably Afford to Pay. “If the court concludes that money bail is reasonably necessary, then the court must consider the individual arrestee’s

ability to pay, along with the seriousness of the charged offense and the arrestee's criminal record, and—unless there is a valid basis for detention—set bail at a level that the arrestee can reasonably afford.”

Pretrial Detention Order. “[I]f the court concludes that public or victim safety, or the arrestee's appearance in court, cannot be reasonably assured if the arrestee is released, it may detain the arrestee only if it first finds, by clear and convincing evidence, that no nonfinancial condition of release can reasonably protect those interests.”

³ We are advised that the following is a non-exhaustive list of crimes that are considered neither serious nor violent which thus qualify for zero cash bail under your policy: Solicitation to commit murder; Felony assault by means of force likely to produce great bodily injury in violation of Penal Code § 245(4)(a); False imprisonment to prevent arrest such that it increases the risk of harm to the victim in violation of Penal Code § 210.5; Felony domestic violence resulting in a traumatic condition in violation of Penal Code § 273.5; Felony use of force or threats against a witness or victim of a crime in violation of Penal Code § 140; Felony resisting a peace officer and causing serious injury in violation of Penal Code § 148.10; A felony hate crime with present ability to commit violent injury, or which does cause injury pursuant to Penal Code § 422.7; Felony elder or dependent adult abuse likely to cause great bodily harm or death in violation of Penal Code § 368(b)(1) ; Molestation of a child aged 15 and older in violation of Penal Code § 288(c); Sexual penetration of a mentally disabled or developmentally disabled victim, a drugged victim, or an unconscious victim in violation of Penal Code § 289(b), (d) or (e); Sodomy of a mentally disabled or developmentally disabled victim, a drugged victim, or an unconscious victim in violation of Penal Code § 286(f), (g), or (i) ; Oral copulation of a mentally disabled or developmentally disabled victim, a drugged victim, or an unconscious victim in (of Penal Code § 287f), (g), or (i) ; Human trafficking of a minor for commercial sex acts in violation of Penal Code § 236.1(c)(1).

⁴ Moreover, as you acknowledge, the voters of California rejected Proposition 25 which would have eliminated cash bail.

⁵ This “extreme” directive, in our view, only facilitates recidivism among offenders. As you know, California has among the highest rates of recidivism in the nation. According to a 2012 report by the California Department of Corrections and Rehabilitation, more than Sixty-five percent of those released from California's prison system return within three years. Seventy-three percent of the recidivist committed a new crime or violated parole within the first year. These numbers have not changed significantly over the years. A probation-presumptive directive will, in our judgment, only embolden lawlessness rather than protect our community.

WATERSHED UPDATE:

The City of
Rancho Palos Verdes
July 2021

NEXT MS4 PERMIT

At the conclusion of the public hearing spanning four dates, the Regional Board adopted the 2021 MS4 Permit on July 23, 2021. The new MS4 Permit covers the City of Long Beach, Los Angeles County, and Ventura County, but does not differ significantly from the previous 2012 MS4 Permit for cities within Los Angeles County. The two most contentious hearing topics related to: 1) Ventura County's request for alternative methods to comply with TMDLs, and 2) several environmental groups' request for the removal of what they considered compliance "safe harbor" provisions. Neither party prevailed in their primary requests, although both did receive smaller concessions. In terms of impacts to Los Angeles County Permittees, notable updates to the MS4 Permit include new monitoring requirements, expanded annual and semi-annual reporting, details on the process for requesting time extensions, and expectations for identifying and pursuing additional funding sources. The MS4 Permit will become effective in early September (barring any upcoming requests to extend this timeframe) and will remain in effect through at least 2026.

TMDL DEADLINE EXTENSION

At its meeting in February 2021, the Regional Board approved extensions for nine coastal TMDLs within Los Angeles County (e.g. for Ballona Creek, Marina del Rey, Santa Monica Bay, and Malibu Creek). The watershed groups granted these extensions will need to provide written and verbal progress reports to the Regional Board on an annual basis until the water quality targets have been achieved. Regional Board staff has indicated that other TMDLs may be considered for deadline extensions in the future.

STATE BOARD ORDER

The State Board Order finding the (Enhanced) Watershed Management Programs [(E)WMPs] to be insufficient was adopted by the State Board in November 2020. Subsequently, significant revisions to the (E)WMPs within Los Angeles County have been made and submitted to the Regional Board. Notable changes include:

- The removal of references to funding contingencies. In other words, insufficient funding is no longer considered a valid justification for not constructing regional projects (though funding limitations can still be grounds for extensions).
- The demonstration that past milestones have been met.
- A much more robust watershed modeling effort.

Additionally, the Executive Officer of the Regional Board is now required to report to the State Board on the progress of the Regional Board and Watershed Management Groups in complying with the Order on an annual basis.

AB 377

AB 377 is a proposed California State Assembly bill that would require the State Board and Regional Boards to enforce all water quality standard violations that are causing or contributing to water quality exceedances in the State by January 1, 2023. The State Board and Regional Boards would also need to evaluate and report to the legislature the status of impaired surface waters and provide a plan to bring all water segments into attainment by January 1, 2025. Exceedance penalties collected through enforcement of water quality standards would be deposited into the Waterway Recovery Account in the Waste Discharge Permit Fund to improve impaired water segments. The bill was approved at its initial committee hearing on 4/21/21, but has since been moved to a two-year bill (meaning it will not proceed further until January 2022, if at all).

SAFE CLEAN WATER PROGRAM

The Safe Clean Water Program was created following the November 2018 passage of Measure W, which levied a parcel tax (exempting schools and municipal facilities) on property tax bills beginning in October 2019. The tax revenue is used to fund stormwater programs and projects, with the funds being allocated to regional programs, municipal programs, and administration by the County in a 50/40/10 arrangement, respectively. Municipalities filed for and should have received the FY 2020-2021 (year one) municipal returns. Watershed Area Steering Committees (WASCs) established to allocate funds for regional projects have finalized the FY 2021-2022 (year two) stormwater investment plans (SIPs), which were then approved by the Regional Oversight Committee. The SIPs are now moving onto the LA County Board of Supervisors for final approval. The city's Municipal Annual Expenditure Plan for 2020-21 can be found [here](#).

ENHANCED WATERSHED MANAGEMENT PROGRAM

Submittal of the updated Palos Verdes Peninsula Enhanced Watershed Management Program (EWMP), including an updated Reasonable Assurance Analysis (RAA), was provided to the Los Angeles Regional Water Quality Control Board on June 30, 2021. The updated EWMP and RAA were prepared in accordance with the requirements of the 2012 MS4 Permit¹ and consistent with State Water Board Order WQ 2020-0038. The updated EWMP and RAA incorporate water quality and flow data collected through June 2020 from the Peninsula Coordinated Integrated Monitoring Program. The updated EWMP and RAA implement the requirements of the MS4 Permit on a watershed scale and address water quality priorities for the Palos Verdes Peninsula watersheds.

AB 78

AB 78 is a proposed California State Assembly bill that would expand the Rivers and Mountains Conservancy to include the Dominguez Channel Watershed and Santa Catalina Islands. This expansion would provide more Proposition 1 grant opportunities for cities within Dominguez Channel to fund stormwater projects and related park or river greening projects. The bill is currently in the Appropriations Committee for consideration.

REGIONAL PROJECTS

Torrance Airport Storm Water Basin Project, Phase 2 Design

The South Santa Monica Bay WASC approved \$906,000 of funding for the Phase 2 Design of the Torrance Airport Storm Water Basin Project. A majority of the captured flow from Phase 2 originates from the Palos Verdes Peninsula Watershed, which includes the City of Rancho Palos Verdes. The design phase will provide Final Design and California Environmental Quality Act (CEQA) documents for this project. The goal of this project is to divert, capture and treat urban stormwater runoff to prevent potentially contaminated flow from reaching Machado Lake. The completion of this project will contribute to compliance with the Machado Lake water quality standards, increase water supply, and improve flood management.

Eastview Park

The City of Rancho Palos Verdes received \$300,000 to conduct a Preliminary Engineering Design Report for storm water treatment at Eastview Park. Eastview Park is located adjacent to a large storm drain main that drains about 350 acres. A stormwater project at Eastview Park has the potential to capture urban runoff and stormwater before it flows to the Los Angeles Harbor, contributing to an improvement in water quality, an increase in groundwater recharge, flood management, and water resilience.

Regional Pathogen Reduction Study

The Regional Pathogen Reduction Study was included in the South Santa Monica Bay and Upper San Gabriel River SIPs. The scientific study that would be used to support the reduction of human pathogens and protect human health. This study will produce strategies that prioritize the highest risk sources of human pathogens, protect public health more effectively and efficiently, and can be incorporated into Watershed Management Programs and Enhanced Watershed Management Programs (E/WMP).
