Helopod Unveiling Ceremony and Demonstration May 4

A fire-fighting helopod will be unveiled at a ceremony at the Ken Dyda Civic Center on May 4 at 11 am. Los Angeles County Fire Department (LACOFD), California Water Service (Cal Water), and the City of Rancho Palos Verdes have worked together to help improve firefighting capabilities. With the installation of the helopod, helicopters do not have to land to fill up their tanks with water; filling up a helicopter with a helopod is four times faster than filling up by landing. In addition, helicopters will be able to fill up with water at the helopod and existing Civic Center helipad simultaneously. Cal Water provided a \$38,000 grant to the LACOFD, and the City approved placing the helopod at the Civic Center on January 17, 2023, following a recommendation by the Civic Center Advisory Committee. The ceremony on May 4 will include remarks from LACOFD, Cal Water, and City officials, as well as a live helicopter demonstration.

Emergency Preparedness Town Hall Hosted by Insurance Commissioner Ricardo Lara and State Senator Ben Allen

City Staff will participate in an upcoming important virtual town hall on emergency preparedness in our region, hosted by Senator Ben Allen and California Insurance Commissioner Ricardo Lara, on May 3, at 4:00 p.m. (see attachments). With natural disasters becoming more frequent and severe, it's crucial that we take steps to prepare ourselves, our loved ones, and our homes. That's why FEMA, Cal Fire, and the California Earthquake Authority (CEA) experts will share valuable insights on evacuation readiness, property insurance, and home hardening and retrofitting during this virtual town hall.

Residents can register to attend the webinar and submit questions for the experts [here](#). In addition, if you require assistance accessing state programs or services, Senator Allen's team can be reached at (310) 318-6994, senator.allen@senate.ca.gov, or [online](#).

This is a unique opportunity to learn from the experts and take steps to protect yourself and your loved ones. So take advantage of this crucial information.

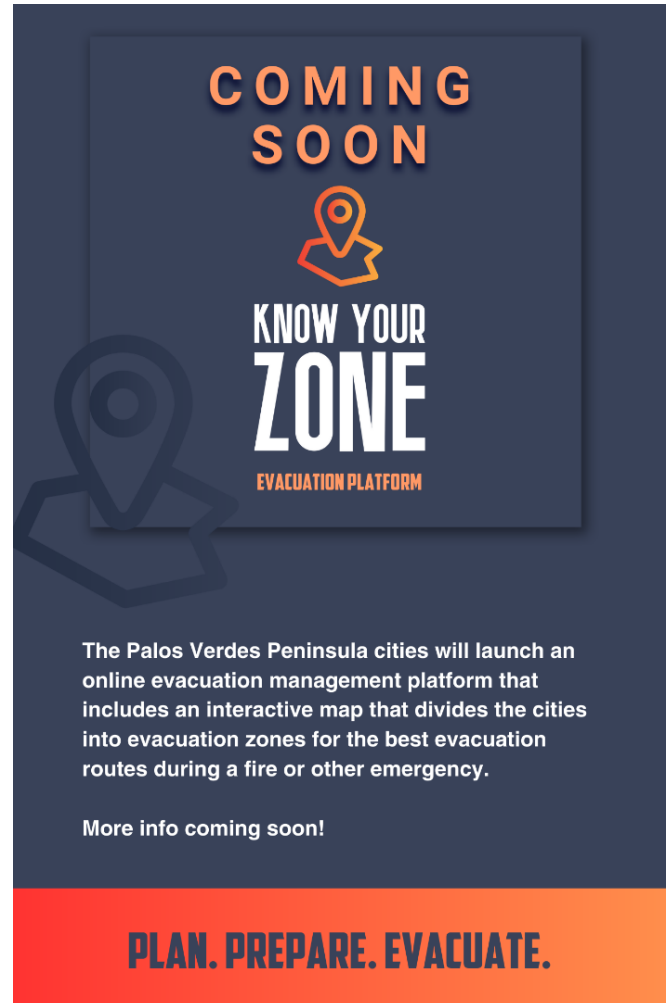

Be prepared, RPV!

PVP Wide Know Your Zone Evacuation Platform – Coming Soon

In collaboration with the Peninsula cities and the L.A. County Office of Emergency Management, the City of Rancho Palos Verdes will be launching an online evacuation management platform that will include an interactive map that divides the Peninsula cities into evacuation zones for the best evacuation routes during a fire or other emergency. Severe Weather Tips - Courtesy of the RPV EPC

Weather is often unpredictable. It's important to be prepared for any potential severe weather events in our area. Taking the time to prepare now can help keep you and your loved ones safe in the event of an emergency.

To ensure you and your family are prepared for severe weather, the City's Emergency Preparedness Committee (EPC) has provided information on its monthly preparedness messaging to residents.

The Committee's April 2023 monthly messaging "On preparing for Wild Weather." is available here: <https://www.rpvca.gov/ArchiveCenter/ViewFile/Item/3254>

To receive the Committee's monthly messaging, be sure to sign up for the "Emergency Notifications" City listserv at rpvca.gov/notify. For additional information about emergency preparedness in the City of Rancho Palos Verdes, visit the City's website at www.rpvca.gov/Emergency

Know the Difference: What Evacuation Warnings and Orders Mean

Residents are reminded of the importance of being prepared as a significant storm continues to impact portions of the state. In addition, extreme weather conditions, such as heavy precipitation and snowfall, contribute to hazardous conditions. To keep people safe, law enforcement frequently issues evacuation warnings or orders before major emergencies, such as severe weather, so it is crucial that all residents understand what it means and how to respond to law enforcement guidance.

Evacuation Warning vs. Evacuation Order

- An EVACUATION WARNING means there's an impending danger to your life or property. If a warning is given, assume an evacuation order will follow. Start gathering important items for your family and pets. Individuals needing extra time to evacuate, or anyone with large animals, should pack up and leave when a warning is issued.
- An EVACUATION ORDER means an immediate threat to your life, and you must leave now! It's critical to follow all directions from law enforcement to ensure you and your family evacuate safely.

When to Evacuate

- Leave as soon as evacuation is recommended to avoid being caught in flood waters or road congestion. In some emergencies, officials may not have time to knock on every door. If you are advised to leave, don't hesitate!
- Officials will determine the evacuation areas and escape routes based on the danger's location, behavior, terrain, etc.
- You will be advised of potential evacuations as early as possible. So take the initiative to stay informed and aware.
- Do not return to your home until officials determine it's safe. Notifications will be given as soon as possible and will consider safety and accessibility.

Pack a Go-Bag

When a disaster hits, you might need more time to gather the necessary supplies. Be sure to Pack a [Go Bag](#) so it's ready to grab in an emergency. Think about the items you'd take if you only had two minutes to leave your home:

- Important Documents
- Cash
- Medicine & important medical information
- Phone charger & backup battery

Pet Preparedness Kit

Plan for your pets and know where you will take or leave them during an emergency. Local animal rescue organizations work with law enforcement and fire departments to

rescue as many animals as possible during a crisis. It would be best if you also had a go-bag packed for your animals:

- Pet carrier for each pet
- Two-week supply of food and water
- Pet first aid kit
- Identification tags
- Vaccination information
- Medications and dosing instructions
- Plastic bags for waste disposal
- Leashes/collars/harnesses

PUBLIC WORKS DEPARTMENT

Ladera Linda Community Park Project Update

Last week, crews continued waterproofing the building exterior, installing interior drywall, installing electrical wiring, and grading the driveway. In addition, crews completed concrete work on the last accessible ramp wall, placed the concrete slab for the utility enclosure, and continued work on the parking lot. The export of surplus spoils was temporarily suspended last Tuesday until additional information requested by the City is provided by the Contractor.

This week, crews are scheduled to continue work on the building exterior waterproofing, interior drywall, electrical wiring, parking lot, and the stepped terrace and accessible ramp waterproofing.

The City and contractor continue to work on a plan for managing the use of the lower gate during the construction of the driveway and parking lot areas, during which the ability to use the main gate will be restricted. Additionally, Staff continue to work with the contractor on measures to stop early arrives and/or idling on Forrestal Drive. Finally, staff are in communication with the neighbors who have

previously expressed concerns about this issue.

To see a current (refreshed once per minute) live view of the project site, you can visit the project page on the City website at: rpvca.gov/LaderaLinda

If you have any questions or would like to learn more about this project, please contact, James O'Neill at joneill@rpvca.gov

Repair of Sinkhole on Hawthorne Boulevard

Work to repair the sinkhole on Hawthorne Boulevard just south of the intersection of Seamount Drive and Eddinghill Drive is complete. The work included repairing a failed corrugated metal pipe by installing a new pipe within the old pipe, rebuilding the roadbed, and restoring the project area. All construction-related equipment and materials have been removed, and traffic lanes have been reopened.

Goats Are Back for the 2023 Fuel Modification Season!

Goats are back to perform the important job of helping reduce fire loads and protect homes. Although we understand many people enjoy seeing the goats, please refrain from going to see them out of respect for residents living near where the goats work.

A temporary electrified fence is used to contain the goats while they are working, and attempting to approach them puts you, as well as the goats, at risk. Please avoid attempting to take selfies/pictures or trying to touch the goats, especially if you have dogs or pets with you. This will prevent stress and/or injury to you and the goats.

In addition to the goats, you may see Stay Green crews performing brush clearance in various areas of the City as part of the City's 2023 fuel modification program.

Prepare for the Citywide Brush Clearing

The spring season brush-clearing event began on April 8, and will continue for three consecutive Saturdays. Each week a different area of RPV is serviced. The goal of the event is to assist homeowners' dispose (free of charge) excess brush, shrubs, hedges, tree branches, and bushes to comply with the Los Angeles County Fire Department's fire safety guidelines. This is a great opportunity to help prevent local brush fires!

For more information, you may contact the City's waste collection contractor, EDCO, at 310-540-2977 or <https://rancho-palos-verdes.edcodisposal.com/events/rpv-brush-clearing-event/>

Subject: You're Invited: May 3 Emergency Preparedness Town Hall

Dear Friend,

I'm reaching out to invite you to an important town hall about emergency preparedness in our region.

This winter's barrage of powerful storms served as a stark reminder that natural disasters are not a question of "if" in California, but rather a question of "when." Compounding our state's ever-present threat of earthquakes, the climate crisis has increased the frequency and severity of wildfires, floods, and mudslides. Given these dangers, we have a responsibility to prepare ourselves, our loved ones, and our homes.

That's why I'll be hosting a virtual town hall on Wednesday, May 3, at 4:00 p.m. in partnership with California Insurance Commissioner Ricardo Lara. We'll discuss topics such as evacuation readiness, property insurance, and home hardening and retrofitting with experts from the Federal Emergency Management Agency, California Department of Forestry and Fire Prevention, and California Earthquake Authority.

You can register to attend the webinar and submit questions for the experts [here](#).
