Residential Fire Insurance Advocacy Letter - Now Available on the City Website

Are you struggling to find adequate fire insurance for your home? In California, the increasing frequency and severity of wildfires have significantly impacted the residential fire insurance market. This has resulted in higher premiums, reduced coverage options, and, in some cases, policy cancellations.

In RPV, these statewide challenges are evident, with many residents reporting increased premiums and difficulty in maintaining their fire insurance coverage.

ADMINISTRATIVE REPORT

December 6, 2023

Page 6

In response to these concerns, the City's Emergency Preparedness Committee (EPC), in collaboration with City Staff, has developed a [comprehensive insurance resource letter \(PDF\)](#) (see attached letter).

This advocacy tool is tailored to help you, our residents and businesses, communicate effectively with your insurance providers. It highlights the extensive fire risk reduction efforts undertaken by the City of Rancho Palos Verdes and the Los Angeles County Fire Department, showcasing our commitment to minimizing fire hazards and enhancing community safety. This letter can be a powerful asset for you to advocate for maintaining your current insurance policies and potentially negotiating lower premiums. We encourage you to utilize this resource to its full extent.

To access this tool, please visit our dedicated Home Fire Insurance Information and Resources webpage at rpvca.gov/fireinsurance. To maximize reach and awareness, the City plans to leverage various communication platforms. These include announcements at City Council meetings, information shared in City newsletters, social media posts, and printed copies available at key locations ensuring the community is well-informed about the availability of this resource.

Put a Freeze on Winter Home Fires

As residents prepare for the holiday season, it is important to remember that the holiday season is a prime time for residential fires. December, January, and February are the months that home fires most often occur. To ensure that the festivities are both happy and safe, here are some useful holiday season fire safety tips from the [National Fire Protection Association \(NFPA\)](#):

Holiday decorating

- Be careful with holiday decorations. Choose decorations that are flame resistant or flame retardant.
- Keep lit candles away from decorations and other things that can burn.
- Some lights are only for indoor or outdoor use, but not both.
- Replace any string of lights with worn or broken cords or loose bulb connections. Read the manufacturer's instructions for a number of light strands to connect.
- Use clips, not nails, to hang lights so the cords are not damaged.
- Keep decorations away from windows and doors.

Holiday Entertaining

- Test your smoke alarms and tell guests about your home fire escape plan.
- Keep children and pets away from lit candles.
- Keep matches and lighters up high in a locked cabinet.
- Stay in the kitchen when cooking on the stovetop.
- Ask smokers to smoke outside. Remind smokers to keep their smoking materials with them so young children do not touch them.

Christmas Tree Safety

- Choose a tree with fresh, green needles. The needles should not fall off when touched.
- Place the tree a minimum of three feet away from any heat source, including fireplaces, radiators, candles, heat vents, and lights.
- Do not place the tree in an area where it may be blocking an exit.
- Add water to the tree stand daily.
- Check whether your string lights are intended for indoor use and use lights that have the label of a recognized testing laboratory.
- Check your holiday lights to make sure they are not worn and do not have broken cords or loose bulb connections. Review the manufacturer's instructions for the number of light strands to connect.
- Never decorate a tree with lit candles.
- Always turn off the lights on your tree before going to bed or leaving home. Dispose of your tree after Christmas or when it becomes dry. Dried out trees are a fire hazard. Do not keep a tree that has become dried out in your home or garage or lean it up outside against your home.

Job Openings and Labor Turnover – October 2023

On December 5, the Bureau of Labor Statistics (BLS) released the October data from the Job Openings and Labor Turnover Survey (JOLTS). This monthly report includes estimates of the number and rate of job openings, hires, and separations and provides insights into the current labor market.

The BLS reported that the number of job openings decreased to 8.7 million for the

month ending October. This resulted in a job openings rate of 5.3%, which decreased by 0.3% over the month and by 1.1% over the year. A notable decline in job openings occurred in the health care and social assistance, finance and insurance, and real estate and rental industries.

Additionally, the number and rate of hires through October fell slightly to 5.9 million and 3.7%, respectively. The accommodation and food services industry experienced a significant decrease in the number of hires for the month. The number of total separations in October ticked up slightly to 5.6 million and upheld a rate of 3.6% for the fifth consecutive month. October's increase is attributed to the number of total separations in the professional and business services industry.

As illustrated below, job openings have continued to decrease since October 2021 and may indicate that the historically tight labor market is loosening.

RECREATION AND PARKS DEPARTMENT

Tree Lighting Ceremony and Skating in the Park Kicks Off the Holidays

The December 1 tree lighting ceremony and kickoff to Skating in the Park was a big success. Visitors enjoyed festive food, creative crafts, inspiring inflatables, a performance by the Salvation Army Band and a majestic tree-lighting ceremony.

Almost 200 people skated during the rink's opening weekend, which included a Meet Santa Claus day on December 2 and an Ugly Sweater theme day on December 3. The rink, which features a synthetic ice platform, will reopen December 26-31 from 12-7:30 p.m. each day. There are special events and attractions each day including an 80s theme concert, bounce houses, a "Frozen" theme day, a cocoa, crafts ,and coffee day, and much more. Go to rpvca.gov/skate for more information, to register, and to see how to donate. Don't miss out on these upcoming skate dates. See you skater!

Breakfast With Santa This Saturday

Well, the elves are doing the cooking, but Santa Claus and Recreation and Parks Staff are busy checking their lists, shining Rudolph's nose, and making plans for the annual Breakfast with Santa event on December 9 at Hesse Park which benefits the City's REACH program for youths and adults with developmental disabilities. This event again features two separate sessions: -the first at 8:30 a.m. and the second at 11:30 a.m. Spaces are still available. Both sessions feature Santa arriving via firetruck (thank you to Station No. 106) as well as a delicious breakfast, crafts, carols, and photo opportunities galore. It's the ho-ho-holiday event of the season.

REACH for the Holidays!

The REACH program serves the social and recreational needs of youths and adults with developmental disabilities and is back at Hesse Park for in-person activities.

To RSVP for REACH activities or if you have questions, please email reach@rpvca.gov.

REACH Gets Crafty-Holiday Style

REACH members spent the evening at the AR Workshop in Torrance. The atmosphere at the workshop exuded creativity and a sense of togetherness, making for an enjoyable night. Attendees engaged with a variety of materials, exchanging laughter and advice as they crafted individualized items. Participants created holiday-themed pieces using scratch wood panels and raw materials. At the end of the night, participants departed with not only their unique creations, but also fond memories of a delightful night filled with artistic expression and connection.

FOR IMMEDIATE RELEASE

Vina D. Ramos Named Director of Finance

Dec. 5, 2023 (Rancho Palos Verdes, Calif.) — The City of Rancho Palos Verdes last week announced the promotion of Interim Director of Finance Vina D. Ramos to permanent Director of Finance.

Ms. Ramos began her new position on Nov. 20, though she has been leading the department following the departure of former Director of Finance Trang Nguyen, who left the City in May to hold the same position in the City of Orange.

She brings 20 years of experience in city government and municipal finance, including eight years in Rancho Palos Verdes.

"I am very excited to take on the position of Director and am grateful to RPV for this opportunity," Ms. Ramos said. "I also look forward to continuing to serve the community along with the outstanding RPV team. I feel fortunate to be surrounded by hardworking and supportive colleagues and City leaders. As I have the past eight years, I will stay committed to safeguarding the City's finances and bringing forward ideas that will both sustain and improve the City's strong fiscal health."

Ms. Ramos joined the City in 2015 as Accounting Supervisor, overseeing day-to-day accounting activities, annual audits, compensation reports, and the City's Annual Comprehensive Financial Reports. She played a key role in updating the City's internal controls, finance policies, migrating to the new financial system and leveraging other financial tools for improved operational efficiency. Ms. Ramos was promoted to Deputy Director of Finance in 2020. Under her leadership, the City received its first Distinguished Budget Presentation Award from the Government Finance Officers Association in 2023. Ms. Ramos has prepared complex financial analyses to help City leaders make informed decisions on major projects, including the revitalization of Ladera Linda Community Park and the Civic Center Master Plan.

"I have had the opportunity to work with Vina since 2015, and to watch her rise through the ranks to the position of Finance Director speaks volumes of her capabilities and skills," said Rancho Palos Verdes City Manager Ara Mihranian. "I am thrilled that the City was able to promote from

within the organization with someone who understands the City's culture and community, which is especially important when it comes to financing and budget forecasting."

Before joining RPV, Ms. Ramos worked for the City of El Segundo for 12 years, holding positions as Accounting Supervisor for Finance, Senior Analyst for Recreation and Parks, and Management Analyst for the Fire Department.

Ms. Ramos studied at Cal State Long Beach for her Bachelor of Arts degree in accounting and is completing a Master of Public Administration degree in public sector management and leadership from Cal State Northridge.

RE: City of Rancho Palos Verdes Efforts to Help Reduce Wildfire Risks

Dear Insurance Agent,

The City of Rancho Palos Verdes (RPV) is dedicated to minimizing wildfire risks through prevention, early detection, and home hardening techniques aimed at safeguarding both property and lives. On behalf of the policy owner, this letter is being provided to you and your adjuster outlining the City's strategies and measures to reduce wildfire risk intended to contribute to more favorable insurance premium rates and policy availability for our residents and businesses.

RPV collaborates closely with the Los Angeles County Fire Department (LACoFD), [a Class II department recognized by the Insurance Services Office \(ISO\)](#). Covering approximately 26.3 square miles and serving an estimated 65,000 Palos Verdes Peninsula (PVP) residents, LACoFD operates six strategically located fire stations, including two within RPV.

Notably, RPV enhances its wildfire management capabilities with the following measures to significantly improving our emergency response and preparedness:

- Maintaining City-owned landscaped and open spaces near residential areas through year-round fuel modification. RPV's robust [ANNUAL WEED ABATEMENT PROGRAM](#) aims to create defensible spaces between open areas and combustible structures, significantly reducing fire fuel load. Regular inspections ensure adherence to [LACoFD's Defensible Space requirements](#).
- [GOAT GRAZING FOR FUEL MODIFICATION](#): On city-owned lands including public rights-of-way. Goats effectively remove brush and grass from hard to access terrain thereby significantly reducing fire loads and risks.
- [GENASYS PROTECT \(ZONE HAVEN\)](#): Implemented in May 2023, this critical emergency preparedness tool is available to residents at [PVPready.gov](#), as an Evacuation Management Platform in identifying evacuation zones and guiding residents on necessary actions during emergencies.
- [PANO AI'S WILDFIRE CAMERAS](#): This network of AI cameras provide early detection of wildfire smoke across the Palos Verdes Peninsula and has proven effective in delivering timely and accurate early alerts for fire ignitions.
- [HELOPOD FIREFIGHTING DIP SOURCE](#): The City installed a [HeloPod](#) at its Civic Center that is in close proximity to open space and canyons areas enabling rapid water refilling for firefighting helicopters.

The City has further initiated the following measures to enhance community safety against wildfires:

- [Firescaping training workshops](#).
- [Home hardening videos](#).
- [Monthly emergency preparedness safety tips](#).
- Collaborative efforts with Southern California Edison (SCE) for utility line hardening and undergrounding.
- A comprehensive [Multi-Jurisdictional Hazard Mitigation Plan](#), offering in-depth insights into RPV's wildfire mitigation strategies on pages 151-158 of the plan.

For any further information or queries, please contact Jesse Villalpando, Senior Administrative Analyst, Emergency Preparedness, Jvillalpando@rpvca.gov Phone - (310) 544-5209.

We appreciate your consideration of this matter and anticipate a favorable assessment for our residents and business owners seeking insurance coverage.

Sincerely,

A handwritten signature in blue ink, appearing to read "AM".

Public Correspondence:

We highly encourage written materials regarding Planning Commission Agenda items be submitted no later than 4:00 P.M. the Monday prior to a Planning Commission meeting to allow the Planning Commission Members ample time to review and consider the issues raised prior to making decisions at the Planning Commission meeting. Please keep in mind that it is difficult for Planning Commission Members to carefully review materials submitted after that deadline or at the meeting. Written materials, including emails, submitted to the city are public records and may be posted on the City's website. Accordingly, you may wish to omit personal information from your written materials or oral presentation as it may become part of the public record regarding an agenda item. In addition, City meetings may be televised and may be accessed through the City's website at www.rpvca.gov/agendas.

Public Participation:

Participants must speak from the podium using the lectern microphone; comments are to be directed to the Planning Commission and not to the staff or the public; repetition should be avoided; and reading a submission that has been copied or contained in the agenda will be discouraged. Virtual participation is also offered please visit www.rpvca.gov/participate.

Public Comments:

The Planning Commission may limit the public input on any item based on the number of people requesting to speak, the length of the agenda, or the business of the Planning Commission.

Conduct at the Planning Commission Meeting:

Pursuant to GC 54957.95: (a)(1) In addition to authority exercised pursuant to Sections 54954.3 and 54957.9, the presiding member of the legislative body conducting a meeting or their designee may remove, or cause the removal of, an individual for disrupting the meeting. (2) Prior to removing an individual, the presiding member or their designee shall warn the individual that their behavior is disrupting the meeting and that their failure to cease their behavior may result in their removal. The presiding member or their designee may then remove the individual if they do not promptly cease their disruptive behavior. This paragraph does not apply to any behavior described in subparagraph (B) of paragraph (1) of subdivision (b)(1) means engaging in behavior during a meeting of a legislative body that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to, one of the following: (A) A failure to comply with reasonable and lawful regulations adopted by a legislative body pursuant to Section 54954.3 or any other law. (B) Engaging in behavior that constitutes use of force or a true threat of force.(2) "True threat of force" means a threat that has sufficient indicia of intent and seriousness, that a reasonable observer would perceive it to be

an actual threat to use force by the person making the threat.

Time Estimates:

The time noted next to an agenda item is only an estimate of the amount of time that will be spent during the meeting on that particular item. Accordingly, these estimates should not be relied on in determining when a matter will be heard, especially since agenda items are often re-ordered during a meeting and may be discussed at any time.

Continuation of Meeting:

The Planning Commission will adjourn its meetings on or before 11:00 p.m. and will not consider new business items after 10:15 p.m., unless a majority of the Planning Commission members who are present affirmatively vote either to extend the meeting after 11:00 p.m. or to consider new business after 10:15 p.m. If the meeting ends before all items listed on the agenda are completed, any unfinished business will be continued to the next succeeding day that is not a holiday, at a location to be determined.

Closed Session:

Please be advised that, pursuant to the Ralph M. Brown Act, “a person may not disclose confidential information that has been acquired by being present in a Closed Session . . . to a person not entitled to receive it, unless the legislative body authorizes disclosure of that confidential information.” (Gov. Code § 54963(a).) “[C]onfidential information” means a communication made in a Closed Session that is specifically related to the basis for the legislative body of a local agency to meet lawfully in Closed Session . . .” (Gov. Code § 54963(a).) Please be further advised that any “violation of [Government Code § 54963] may be addressed by the use of such remedies as are currently available by law, including, but not limited to: (1) injunctive relief to prevent the disclosure of confidential information prohibited by this section; (2) disciplinary action against an [public or city official] who has willfully disclosed confidential information in violation of this section; (3) referral of a member of a legislative body who has willfully disclosed confidential information in violation of this section to a grand jury.” (Gov.
