CITY MANAGER'S OFFICE

February 18, 2025 City Council Meeting Highlights

- The Council denied an appeal requested by Verdes Estates Inc. of the Planning Commission's decision upholding the Director of Community Development's determination for property located at 5323 Ironwood Street.
- The Council accepted over \$65,000 in state funding to develop incentive programs for affordable housing opportunities in the City. This could include grants of \$10,000-\$15,000 for property owners to create affordable ADUs, and \$5,000 grants for lower-income homeowners, including seniors and persons with disabilities, for home repairs and improvements.
- The Council received update on the Abalone Cove Landslide Abatement District's plan to use a \$1.6 million loan from the City to install up to 10 deep dewatering wells 250 feet underground to relieve water pressure that is fueling land movement.

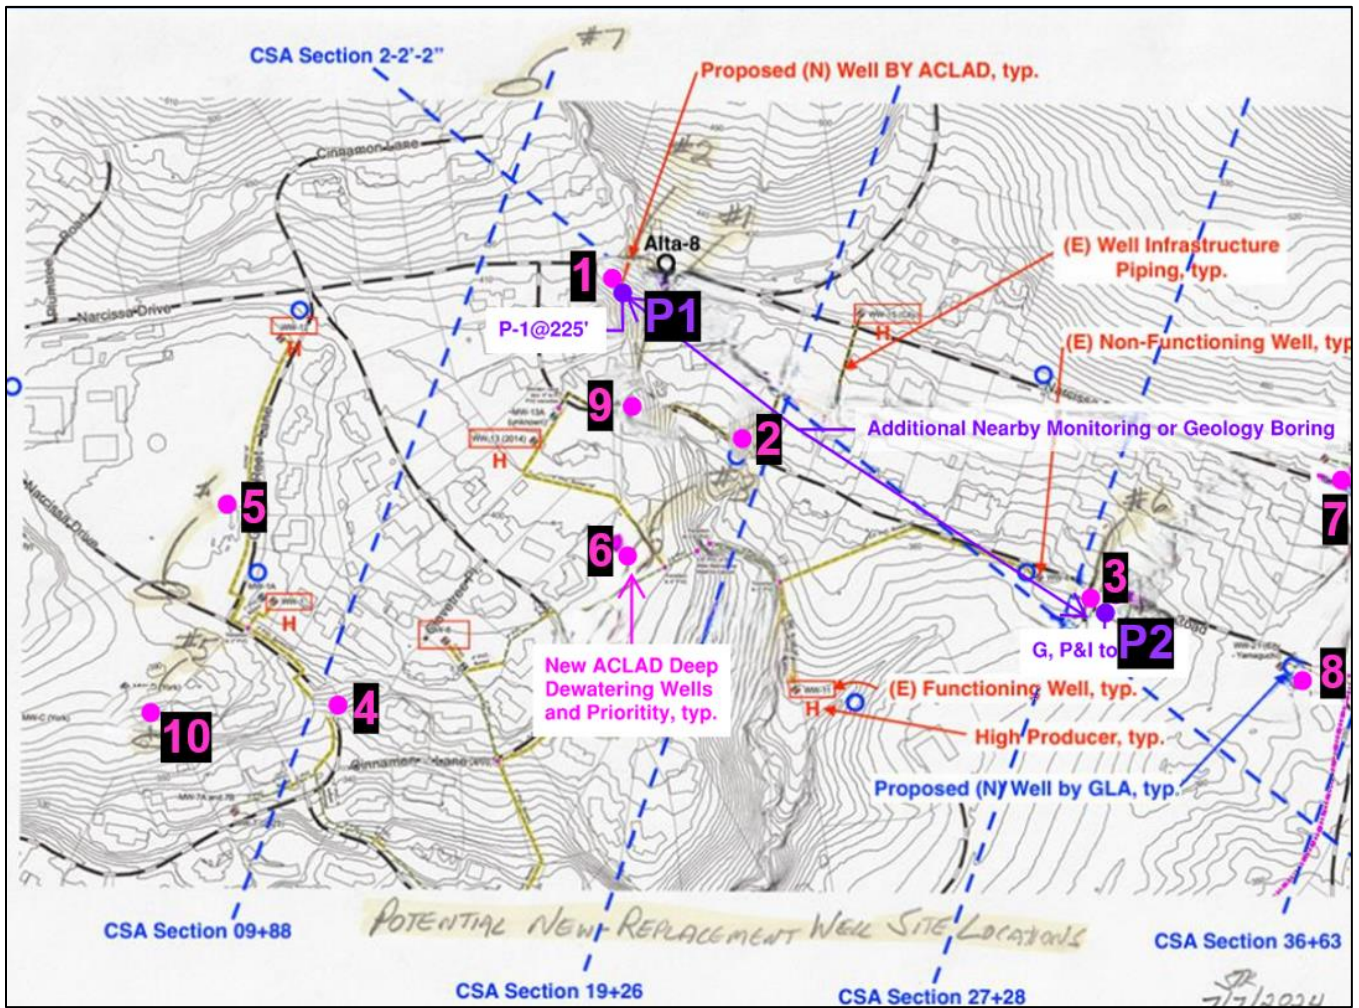

For all City Council actions from the meeting, watch video at rpvca.gov/agendas.

CITY OF RANCHO PALOS VERDES

At last night's meeting, the City Council received a more refined plan from the Abalone Cove Landslide Abatement District (ACLAD) to use a \$1.6 million loan from the City to install up to 10 deep dewatering wells 250 feet underground to relieve water pressure that is fueling land movement.

The figure above shows the approximate locations of the proposed wells, which are numbered in order of priority. These locations were selected based on proximity to ACLAD's historically most productive wells, gaps in dewatering areas, expected

survivability, drilling access, and drainage availability. However, they may change as the project progresses and data is collected after each well is drilled. Construction could begin in as soon as in two weeks. Data assessing the wells' effectiveness will be provided during regular landslide updates at City Council meetings.

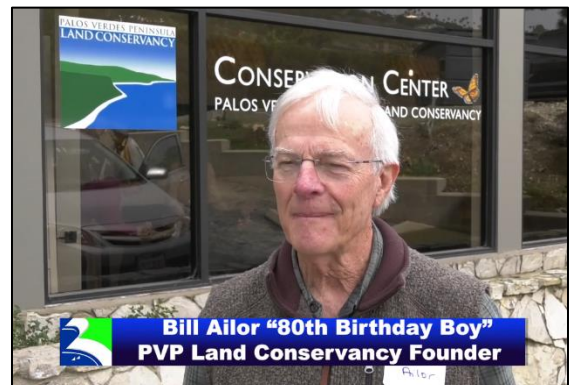

ACLAD estimates the dewatering wells will cost up to \$200,000 each, and a pair of monitoring wells that will measure water pressure will cost about \$125,000. Annual operations and maintenance is expected to cost approximately \$550,000. The City will provide \$100,000 worth of in-kind services for project/construction management and geological services. The City's loan has a 12-year term with a 2.5% interest rate, and the first estimated payment is scheduled for December 2025. ACLAD is expected to request an extension for the first payment since no amount has been disbursed yet this fiscal year. If ACLAD requests additional financial assistance for its dewatering efforts in the future, it will go to the Council for consideration.

Update on Red-Tagged Home at 4361 Exultant Drive

During a closed session at last night's meeting, the Council authorized the abatement of 4361 Exultant Drive, the vacant, bank-owned home on the corner of Dauntless and Exultant Drives that was the first property to be red-tagged in the City in 2023 due to damage from accelerated land movement. The condition of the blighted and sunken property has significantly worsened since, drawing complaints, spectators, and posing a public nuisance. The City Attorney will seek a court order of abatement so the property can be demolished for public safety as soon as possible.

Additionally, the City performed emergency winterization measures in the form of filling fissures/grabens, lining canyons, and improving drainage.

Status of the Deep Dewatering Wells Programs

- Work is complete for all DDWs as well as the associated test boreholes and monitoring wells funded by the City Council.
- The total combined water extraction rate of the DDWs is currently at approximately **760 gallons per minute** or **1.1 million gallons per day**.
- Since the start of the DDW program, approximately **151 million gallons**, or **462 acre-feet** of water have been extracted from certain locations around the toe of the Landslide Complex.

- Additional high-flow protective measures were installed at the interface between the base of the winterized Klondike Canyon and the existing storm drain inlet structure under Palos Verdes Drive South.
- Sections of Palos Verdes Drive South near Klondike Canyon were patched to eliminate low spots where water can collect and pond during a rain event.
- Adjustments were made in preparation for rain events last week.

Drainage pipes in the Seaview neighborhood and along Palos Verdes Drive South have been assessed, and repairs are being scheduled. The repairs are anticipated to be completed in February.

Are you ready, RPV?

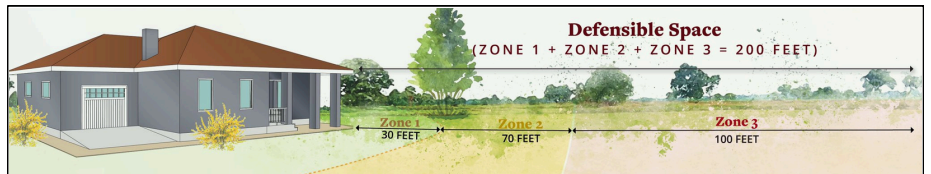

CITY OF RANCHO PALOS VERDES

The City of Rancho Palos Verdes and our public safety partners are committed to keeping our community safe from wildfires. **Remember, it takes all of us to ensure we are prepared.** Here are some steps you can take. Learn more at rpvca.gov/emergency.

Maintain defensible space.

For more information, go to the LA County Fire Department's website at fire.lacounty.gov.

Harden your home.

Keep your roof and gutters clean. Use fire-resistant materials to protect against windblown embers and fire.

Learn more about retrofitting and take a self-assessment to see how prepared your property is for wildfire on Cal Fire's website at fire.ca.gov.

Make a kit.

Gather emergency supplies that will allow you to either shelter in place or create a go-bag if you need to evacuate. Think of the Five Ps:

1. People
2. Pets
3. Pills (medications)
4. Photos (including photo documentation of your home for insurance purposes)
5. Papers (documents such as utility bills, birth certificates, etc.)

Have a plan.

Identify how you will communicate with loved ones, where you will go, and how will you get there if you have to evacuate your area because of an emergency. Have important contact information, including an out-of-state contact, written down and place a copy in the backpacks, purses, and/or wallets of all household members and in your go-bags. Establish family meeting places near your home, in the neighborhood, and outside of your city that are familiar and easy to find.

Know your emergency terms.

Advisory: An advisory is a notification about a potential hazard or situation that may require your attention. While not as urgent as warnings or orders, advisories should be closely monitored.

Shelter in Place: If authorities tell you to shelter in place, it means you need to go indoors. Shut and lock doors and windows. Prepare to self-sustain until further notice and/or until contacted by emergency personnel for additional direction.

Evacuation Warning: If you receive an evacuation warning, this means you need to start preparing to leave. If you have animals, children, or need additional time evacuating, this is the time to leave.

Evacuation Order: If you receive an evacuation order, this means you need to leave **immediately**. Emergency responders have determined there is an imminent life safety risk and you need to evacuate.

Always remember, you don't have to wait to evacuate. If you feel unsafe, LEAVE.

Know Your Zone.

Get to know the Peninsula's evacuation readiness platform at **PVPready.gov**.

Find your zone, save it in your phone, write it down, and keep it somewhere that's easy to find in an emergency.

During an emergency, such as a wildfire, you can check your zone's status and the actions you need to take on the website's map. This map is updated as soon as an evacuation or shelter in place order or warning is issued by authorities

Sign up for Alert SouthBay.

Get emergency alerts by texting "alertsb" to 888-777 or registering at **AlertSouthBay.com**.

Public Correspondence:

We highly encourage written materials regarding Planning Commission Agenda items be submitted no later than 4:00 P.M. the Monday prior to a Planning Commission meeting to allow the Planning Commission Members ample time to review and consider the issues raised prior to making decisions at the Planning Commission meeting. Please keep in mind that it is difficult for Planning Commission Members to carefully review materials submitted after that deadline or at the meeting. Written materials, including emails, submitted to the city are public records and may be posted on the City's website. Accordingly, you may wish to omit personal information from your written materials or oral presentation as it may become part of the public record regarding an agenda item. In addition, City meetings may be televised and may be accessed through the City's website at www.rpvca.gov/agendas.

Public Participation:

Participants must speak from the podium using the lectern microphone; comments are to be directed to the Planning Commission and not to the staff or the public; repetition should be avoided; and reading a submission that has been copied or contained in the agenda will be discouraged. Virtual participation is also offered please visit www.rpvca.gov/participate.

Public Comments:

The Planning Commission may limit the public input on any item based on the number of people requesting to speak, the length of the agenda, or the business of the Planning Commission.

Conduct at the Planning Commission Meeting:

Pursuant to GC 54957.95: (a)(1) In addition to authority exercised pursuant to Sections 54954.3 and 54957.9, the presiding member of the legislative body conducting a meeting or their designee may remove, or cause the removal of, an individual for disrupting the meeting. (2) Prior to removing an individual, the presiding member or their designee shall warn the individual that their behavior is disrupting the meeting and that their failure to cease their behavior may result in their removal. The presiding member or their designee may then remove the individual if they do not promptly cease their disruptive behavior. This paragraph does not apply to any behavior described in subparagraph (B) of paragraph (1) of subdivision (b)(1) means engaging in behavior during a meeting of a legislative body that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to, one of the following: (A) A failure to comply with reasonable and lawful regulations adopted by a legislative body pursuant to Section 54954.3 or any other law. (B) Engaging in behavior that constitutes use of force or a true threat of force. (2) "True threat of force" means a threat that has sufficient indicia of intent and seriousness, that a reasonable observer would perceive it to be an actual threat to use force by the person making the threat.

Time Estimates:

The time noted next to an agenda item is only an estimate of the amount of time that will be spent during the meeting on that particular item. Accordingly, these estimates should not be relied on in determining when a matter will be heard, especially since agenda items are often re-ordered during a meeting and may be discussed at any time.

Continuation of Meeting:

The Planning Commission will adjourn its meetings on or before 11:00 p.m. and will not consider new business items after 10:15 p.m., unless a majority of the Planning Commission members who are present affirmatively vote either to extend the meeting after 11:00 p.m. or to consider new business after 10:15 p.m. If the meeting ends before all items listed on the agenda are completed, any unfinished business will be continued to the next succeeding day that is not a holiday, at a location to be determined.

Brown Act, "a person may not disclose confidential information that has been acquired by being present in a Closed Session . . . to a person not entitled to receive it, unless the legislative body authorizes disclosure of that confidential information." "[C]onfidential information" means a communication made in a Closed Session that is specifically related to the basis for the legislative body of a local agency to meet lawfully in Closed Session . . ." (Gov. Code § 54963(a).) Please be further advised that any "violation of [Government Code § 54963] may be addressed by the use of such remedies as are currently available by law, including, but not limited to: (1) injunctive relief to prevent the disclosure of confidential information prohibited by this section; (2) disciplinary action against an [public or city official] who has willfully disclosed confidential information in violation of this section; (3) referral of a member of a legislative body who has willfully disclosed confidential information in violation of this section to a grand jury."
