## RPV Earns Certificate of Excellence for Landslide Communications at CAPIO Annual Conference

Last week, Staff attended the annual California Association of Public Information Officials (CAPIO) Conference in Napa, where hundreds of public information officers (PIOs) from government agencies across the state convened to train on a full range of key topics for public communicators.

During the conference, the City received a Certificate of Excellence for its EPIC Awards submission for the City's landslide communications program, which is overseen by Staff with support from government communications firm Tripepi Smith.

Staff attended sessions on artificial intelligence, crisis communications, listening and trust building, social media strategies during emergencies, and other informative topics.

## Free WiFi at City Hall and Select Parks

Residents and visitors of Rancho Palos Verdes can now enjoy free public WiFi at City Hall and at selected parks. The free public WiFi network, called RPV-Guest, is available at City Hall, Hesse Park, Point Vicente Interpretive Center, and Ryan Park. This initiative aims to improve the visitor experience by offering easy internet access near and inside City Hall and park buildings.

Once you are in range, select RPV-Guest from the list of the available wireless networks and accept the Terms and Conditions by tapping "Sign in." You are now connected! Please note that by connecting you are agreeing to the terms and conditions listed at <https://rpvca.gov/1564/WiFi-Warning-Disclaimer-and-Terms>.

## Apply to Join the Youth Advisory Committee

The Youth Advisory Committee is anticipating 9 vacancies starting July 1, 2025. RPV students in grades 7-12 are invited to apply for a seat on the YAC, which works towards empowering youths to provide positive programming and policies through local government.

Students who are selected for a seat on the YAC will serve 1 or 2 year terms that will begin in August 2025. To learn more or to request an application, email [cityclerk@rpvca.gov](mailto:cityclerk@rpvca.gov). Applications are due June 30, 2025.

## EMERGENCY PREPAREDNESS

### PVPUSD Evacuation Drills

The Palos Verdes Peninsula Unified School District, in its dedication to supporting its students' disaster readiness and overall safety, held off-site evacuation drills at all schools from February to April 2025.

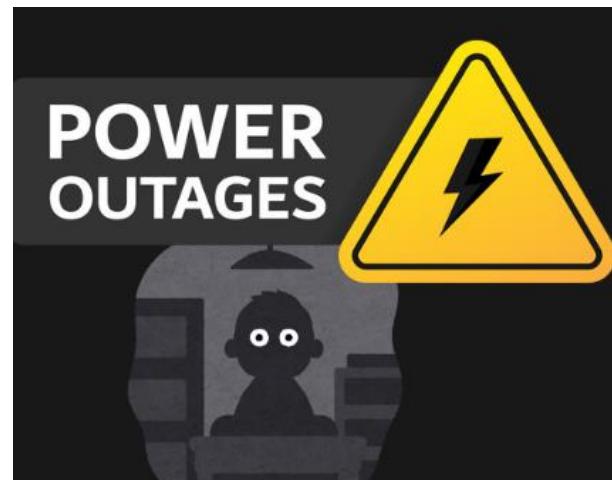

Evacuation drills are an excellent way to prepare both students and staff for emergencies, enhancing familiarity with evacuation routes, locations, and procedures. Drills can save lives and prevent injuries by ensuring everyone knows what to do in an emergency and where to go to stay safe, while also reducing the stress and anxiety that often accompany emergencies.

The 18 drills conducted by the district throughout the peninsula were supported by a collaborative effort between the district and school staff, the Los Angeles County Sheriff's Department, and the local cities. Rancho Palos Verdes City Hall was used for one of the school's evacuation locations, additional evacuation locations included other school sites, parks, fields, and parking lots.

RPV thanks the Palos Verdes Peninsula School District, school staff, first responders, and students for their dedication to disaster readiness. We cannot predict what the next emergency will be, but we can overcome anything when we practice, prepare, and work together.

## What to Do When the Power Goes Out

- ✓ Use flashlights, not candles, to avoid fires.
- ✓ Never use a stove to heat your home.
- ✓ If using a generator, ensure it is properly installed and keep it outside in a well-ventilated area away from windows.
- ✓ Carefully turn off and unplug electrical equipment to avoid power surge damage when power is restored. Leave one light on to know when power comes back on.
- ✓ After the power outage: Wait a few minutes before turning on major electric appliances to avoid issues if there is a power surge.

### Avoid food spoilage:

- ✓ Avoid opening your refrigerator and freezer to preserve cool temperatures. *An unopened refrigerator will keep foods cold for about 4 hours. An unopened full freezer will keep the temperature for about 48 hours (24 hours if half full).*
- ✓ Freeze refrigerated items that won't be used immediately, such as leftovers, milk and fresh meat and poultry, to keep food colder for longer. Remember to keep your raw foods separate from your ready-to-eat foods.
- ✓ Use perishable food from the refrigerator first, then food from the freezer. Use non-perishable foods and staples last.
- ✓ Measure the food temperature in your refrigerator and freezer with a thermometer. Throw out food that has been warmer than 40 degrees for two hours or more and/or that has an unusual odor, color or texture.

**If driving and traffic signals are out**, treat them as a stop sign – come to a complete stop at every intersection and look before you proceed. The person on the right has the right-of-way.

To check on the status of power outages, visit: [www.sce.com/outage-center](http://www.sce.com/outage-center)

## Apply for a Public Safety Reimbursement from the City

The City of Rancho Palos Verdes offers reimbursements for half the cost of a new doorbell or neighborhood camera system, up to \$2,000 for neighborhoods/HOAs, and up to \$100 for individuals. The City aims to encourage the use of cameras and other public safety tools to strengthen neighborhood vigilance and security.

## FINANCE DEPARTMENT

### FAC Meeting Recap

On April 3, 2025, as part of the FY 2025-26 budget process, the Finance Department presented the draft budget assumptions to the Finance Advisory Committee (FAC). In line with City Council direction from March 17, 2025 City Council Goals Workshop, Staff also presented potential financial sustainability strategies, including a review of existing revenue sources, suspended revenues, financial assistance programs, and cost-containment measures. Staff's presentation was structured into (1) potential short-term actions, such as reviewing current resources and uses, and (2) long-term strategies, developing a framework for fiscal sustainability.

Overall, the FAC provided feedback in all categories, including a suggestion to provide the City Council with a scenario, showing a sensitivity analysis of the current budget assumptions, factoring in a 5% decrease in revenues and a 5% increase in expenditures. Revenue-generating ideas were also provided and will be submitted for City Council's consideration at the upcoming budget workshop on April 17, 2025. These include both short-term revenues-related action items that City Council may consider for the FY 2025-26 budget and long-term strategies that may require more than a year to implement.

The committee also received a presentation on the Greater Portuguese Bend Landslide Complex. Additionally, the Finance Advisory Committee was introduced to the Finance team's newest Sr. Administrative Analyst, James O'Neill.

The next FAC meeting is scheduled for May 8<sup>th</sup> in the Community Room at the Ken Dyda Civic Center, 30940 Hawthorne Blvd.

## PUBLIC WORKS DEPARTMENT

# PUBLIC WORKS PROJECTS

### Landslide Emergency Stabilization

In response to unprecedented movement of the deep slide plane in the Greater Portuguese Bend-Ancient Altamira Landslide Complex (Landslide Complex), the city installed vertical deep de-watering wells (DDWs) to penetrate the deep slide plane and relieve water pressure.

Additionally, the city performed emergency winterization measures in the form of filling fissures/grabens, lining canyons, and improving drainage.

#### Status of the Deep Dewatering Wells Programs

- Work is complete for all DDWs as well as the associated test boreholes and monitoring wells funded by the City Council. The DDWs continue to be monitored and re-drilled or replaced as needed within the current approved budget.
- The total combined water extraction rate of the DDWs is currently at approximately **680 gallons per minute** or **1 million gallons per day**.
- Since the start of the DDW program, approximately **192 million gallons**, or **589 acre-feet** of water have been extracted from certain locations around the toe of the Landslide Complex.
- The re-drilling of DDW-1, DDW-3, and DDW-5 are complete.
- DDW-4 was replaced with a new DDW ("4A") due to land movement pinching off the well to the extent that a re-drill was not possible.
- DDW-6 is being evaluated and could need to be re-drilled in the near future.

## ADMINISTRATIVE REPORT

April 9, 2025

Page 18

- DDW-10 has pinched off due to land movement and is being evaluated for a re-drill in the near future.
- DDW-11 experienced pump failure because of an insufficient water flow rate to keep the pump cooled. Based on the low production rate of this DDW, the City's geologists are advising that this well should not be re-drilled, but rather re-located, should additional funding become available.

**DDW Current Water Extraction Rates as of April 7, 2025**

DDW No.	Date Operational	Current Approximate Water Extraction Rate (Gallons Per Minute)	Total Water Extraction to Date	
			Acre-Ft	Million Gallons
1	9/13/2024	105 (re-drilled 3/21/25)	70.1	22.8
2	9/17/2024	105	83.7	27.3
3	9/21/2024	120 (re-drilled 3/24/25)	68.8	22.4
4	9/21/2024	(decommissioned 3/27/25)	53.6	17.5
4A	3/29/2025	80	2.0	0.6
5	9/25/2024	110 (re-drilled 3/26/25)	73.3	23.9

7	10/15/2024	15	12.8	4.2
8	10/17/2024	45 (re-drilled 01/30/25)	48.3	15.7
9	10/25/2024	Decommissioned 11/07/24	2.0	0.7
9A	11/16/2024	40 (re-drilled 12/29/24)	32.0	10.4
10	10/24/2024	0	77.9	25.4
11	12/03/2024	Decommissioned 3/14/25	2.1	0.7
<b>Totals</b>		<b>680</b>	<b>589</b>	<b>192</b>

All DDWs will continue to be monitored for pinching/shearing and re-drilling plans will be developed as needed.

### Status of Winterization

All planned winterization activities are completed. Monitoring of winterized areas will continue, including assessments after rain events, and adjustments made in preparation for future rain events, to the extent possible within the current approved budget.

### **Putting Extracted Landslide Groundwater to Use**

On Monday, April 7, 2025, members of the City's Infrastructure Management Advisory Committee (IMAC) and City staff toured the Robert W. Goldsworthy Desalter facility located in the City of Torrance. This facility extracts brackish (salty) groundwater from the region's groundwater basin and converts it into potable water for use by the City of Torrance. Through this tour, IMAC members hoped to learn more about groundwater

reuse and whether a similar approach could be applied to groundwater extracted by the deep dewatering wells in the Greater Portuguese Bend-Ancient Altamira Landslide Complex (Landslide Complex). During the tour, IMAC members learned about topics including:

- Groundwater treatment technologies and how they work;
- Regulatory structures for water systems and requirements for both potable and non-potable water sources;
- Costs of water system infrastructure (wells, pipes, reservoirs/tanks, etc.);
- How water supply planners make financial decisions about whether to invest in groundwater reuse facilities;
- How agencies like the Water Replenishment District might be able to help develop groundwater reuse facilities for the Landslide Complex; and
- Other related topics.

At the conclusion of the tour, IMAC members thanked the Water Replenishment District for the knowledge they shared and committed to exploring these issues further at upcoming meetings.

### **Update on the Hesse Park Community Center Roof Replacement Project**

Work has begun on the Hesse Park Community Center Roof Replacement Project. During the past week, the contractor began to bring in equipment and demolish the existing roof.

## ADMINISTRATIVE REPORT

April 9, 2025

Page 20

The project will replace the aging roof and skylights at the Hesse Park Community Center. During the winter storms in early 2024, sections of the roof leaked and damaged interior areas of the building, including sensitive equipment used to facilitate public meetings and events. Public Works staff made temporary repairs to the building and further determined through a detailed assessment that the roof, including all 17 skylights, was nearing the end of its useful service life; and a full replacement would be needed soon. Subsequently, a heavy wind event in January 2025 damaged some of the temporary repairs made in 2024, as well as some skylights.

*Skylight Damage Sustained by Winds in January, 2025 (Left)  
and View of Low Points in the Existing Roof That are Causing Ponding after Rain Events (Right)*

The work will be divided into two phases. The first phase is the roof replacement with a duration of approximately 4-5 weeks. Due to the time required to fabricate and deliver the replacement skylights, a second phase to replace the existing skylights is scheduled to start and be completed in June. The work is not anticipated to disrupt normal operations of the facility, including City Council meetings. No construction work will be done during weekends. The project is being constructed in a way that minimizes any impact on parking or access to the facility, the nearby playground, and other park amenities.

### **Collection Results from the Household Hazardous Waste/Electronic Waste Roundup Event**

On Saturday, March 29, the City hosted the annual Los Angeles County sponsored Household Hazardous Waste/Electronic Waste roundup event. Public Works' Maintenance Staff diligently worked to prepare and organize the City's maintenance yard to make accommodations for the event. Additionally, a special event traffic control plan was implemented in the vicinity of City Hall on Hawthorne Boulevard and the main

City Hall parking lot was used to reduce the traffic overflow on Hawthorne Boulevard. This event was repeatedly promoted via fliers, newsletter articles, banners, and Nextdoor announcements. Staff expresses special thanks to the County of Los Angeles and the Sanitations Districts of Los Angeles County for their efforts, sponsorship, and cooperation.

Approximately 925 households or 855 vehicles were served by this annual event. Below is a summary provided by the County listing items that were dropped off for proper disposal and/or recycling:

## Prepare for the Citywide Brush Clearing

The spring season brush-clearing event begins on Saturday, March 29, and will continue for four consecutive Saturdays. Each week a different area of RPV is serviced. The goal of the event is to assist homeowners' dispose (free of charge) excess brush, shrubs, hedges, tree branches, and bushes to comply with the Los Angeles County Fire Department's fire safety guidelines. This is a great opportunity to help prevent local brush

fires! For more information, you may contact the City's waste collection contractor, EDCO, at 310-540-2977 or <https://rancho-palos-verdes.edcodisposal.com/events/rpv-brush-clearing-event/>

## **The Goats Have Returned for the 2025 Fuel Modification Season!**

Goats have resumed their important role in reducing fire hazards and protecting homes. While we understand that many people enjoy seeing the goats, we ask that you avoid visiting them out of respect for nearby residents.

To ensure safety, a temporary electrified fence is in place to contain the goats while they work. Approaching them puts both you and the goats at risk. Please refrain from taking selfies, attempting to touch them, or bringing pets near the area, as this can cause stress or injury to both you and the goats.

In addition, human crews are performing brush clearance throughout the City as part of the 2025 fuel modification program.

## **Traffic Safety Committee (TSC)**

A joint TSC- Infrastructure Management Advisory Committee (IMAC) special meeting is scheduled for Monday, April 28 at 6 p.m. in the Community Room at City Hall. The agenda will include soliciting public input on a traffic study for the intersections of Palos Verdes Drive South (PVDS) and Conqueror Drive, Schooner Drive, and Forrestal Drive/Trump National Drive.

On July 17, 2018, the City Council discussed existing issues regarding several intersections along PVDS. The issues included periodic turning movement congestion at certain intersections during peak travel times. Staff were directed to investigate any improvements that would allow for better circulation, reduce traffic delays and, most importantly, enhance the safety of these intersections.

Subsequently, plans were prepared for improvements at PVDS and Seahill Drive, Conqueror Drive, Schooner Drive, and Forrestal Drive/Trump National Drive; however, prior to being issued for construction, IMAC expressed interest in studying the feasibility of roundabouts at these intersections. As a result, a joint TSC- IMAC subcommittee was formed to discuss the idea.

On August 17, 2021, a joint TSC-IMAC recommendation was presented to the City Council for a pilot program to install a “modern roundabout” at the intersection of PVDS and Forrestal Drive/Trump National Drive. The City Council adopted FY 2024-25 CIP includes studying a pilot roundabout at Forrestal Drive and the other aforementioned intersections. In addition to a roundabout, the study will evaluate other possible solutions, with input from the community.

The public is invited to attend or participate in person, or remotely via the Zoom platform, to provide input to be considered as part of the traffic study. For instructions on how to participate remotely, please contact the Public Works Department at [publicworks@rpvca.gov](mailto:publicworks@rpvca.gov) or the City Clerk’s office at [CityClerk@rpvca.gov](mailto:CityClerk@rpvca.gov).

## **Infrastructure Management Advisory Committee (IMAC)**

An IMAC regular meeting is scheduled for Monday, April 21 at 6 p.m. in the Community Room at City Hall. The public is invited to attend or participate in person, or remotely via the Zoom platform. For instructions on how to participate remotely, please contact the Public Works Department at [publicworks@rpvca.gov](mailto:publicworks@rpvca.gov) or the City Clerk’s office at [CityClerk@rpvca.gov](mailto:CityClerk@rpvca.gov).

### Trump National Golf Club Trail Monitoring & Maintenance Review

On April 15, 2025, the City Council will conduct the annual review of Trump National Golf Club's compliance with its maintenance obligations relating to trails and open space. The review outlines the Trump National Golf Club's actions to maintain, manage, improve and enhance various areas of the property including open space, public amenities, trails and signage. During this review period, City Staff worked with the property owner to address several maintenance issues including trail erosion, weed abatement and vandalism to public amenities. Please see a copy of the [public notice](#) for additional meeting details and project information. For questions, please contact Senior Planner, Amy Seeraty at (310) 544-5231 or via email at [amys@rpvca.gov](mailto:amys@rpvca.gov).

### 2025 Peafowl Census Report

The City Council is tentatively scheduled to review the 2025 Peafowl Census Report on May 6, 2025. The Census Report is a component of the City's [Peafowl Management Plan \(PMP\)](#), which is a City-initiated plan to humanely manage the peafowl population within the City. The Census Report details a physical count of peafowl within six neighborhoods in the City including Portuguese Bend, Crestridge, Sunnyside Ridge, Grandview, Vista Grande and Monaco. Based on report findings, the City Council may consider pausing or reinstating peafowl trapping and relocating efforts for the year. For more information and/or questions about the City's PMP, please contact the City's Code Enforcement Division at (310) 544-5281 or via email at [codeenforcement@rpvca.gov](mailto:codeenforcement@rpvca.gov).

## Building Inspection Schedules Available Online

As a reminder to the public, building inspections for construction projects, including but not limited to, plumbing and electrical improvements as well as foundation and roofing repairs can be scheduled on the City's website at <https://www.rpvca.gov/1450/Todays-Inspection-Schedule>.

The site also provides daily listings of inspection schedules including anticipated window of inspection and overall results. To schedule an inspection online, please visit the website and create an account either through the public or contractor portals. For more information and/or instructions, please contact the City's Building & Safety Division at (310) 544-5280 or via email at [BuildingSafety@rpvca.gov](mailto:BuildingSafety@rpvca.gov).

## Los Angeles County Department of Animal Care & Control - Animal Noise Complaints

Animal noise complaints, including those related to barking dogs can be filed with the Los Angeles County Department of Animal Care

& Control (DACC). DACC provides animal care and control services throughout Los Angeles County including the City of Rancho Palos Verdes. DACC understands that continuous animal noise can adversely affect the quality of life and is dedicated to helping to work with animal owners to resolve such situations. Complaints can be submitted by telephone, online or by visiting any of the DACC Animal Care Centers. Online submittal forms along with additional information and resources are available at the DACC website: <https://animalcare.lacounty.gov/animal-noise-complaint-form/>.

### Whale of a Day This Weekend!

Get ready for a whale of a good time at the 40<sup>th</sup> annual Whale of a Day taking place on April 12 from 10 a.m. to 4 p.m.

The Point Vicente Lighthouse grounds will be open again for tours. The event will have plenty of fun for everyone, including live music, children's activities, a silent auction, a raffle, beer and wine, food trucks, and more.

New features have been added to commemorate the 40<sup>th</sup> Anniversary including a historical exhibit showcasing Whale of a Day's legacy, a collaborative community whale themed chalk mural, an oral history booth, a trivia tournament, and a special video featuring past and present event highlights.

Check out [whaleofaday.com](http://whaleofaday.com) for more information about the bookmark contest and Whale of a Day. Free parking and shuttle service will be located at the Ken Dyda Civic Center at 30940 Hawthorne Boulevard.

If Whale of a Day is cancelled due to rain, the make-up day will be on April 26.

## REACH Update

The REACH program serves the social and recreational needs of youths and adults with developmental disabilities and is back at Hesse Park for in-person activities.

To RSVP for REACH activities or if you have questions, please email [reach@rpvca.gov](mailto:reach@rpvca.gov).

### REACH Dives Deep Into Art with Dana

With a very special celebration coming right around the corner, REACH was inspired to get messy and creative. With just a little bit of encouragement and guidance, experienced artist and teacher Dana Torrey led us through colorful strokes and creative chaos. Everyone let their inner artist, turn blank canvases into lively masterpieces. Each member expressed what the big, beautiful ocean meant to them, and the creatures they found in them. Thank you, Dana, for such a wonderful, fun filled experience!

Upcoming REACH events include a chill night at our local Dave & Buster's on April 9, followed by our visit to the very special 40<sup>th</sup> Anniversary of Whale of a Day on April 12.

### **Preserve and Beach Weekend**

**April 5-6**

Public Contacts: 229

Violations observed: 16

### **Abalone Cove Reserve**

Park Rangers reported an instance of graffiti on the sidewalk at the 30-minute parking lot near the Reserve. A report was made to GPC, the city's graffiti removal contractor.

## Alta Vicente Reserve

A segment of Alta Vicente Trail from Prickly Pear Trail to Palos Verdes Drive South and the Southeastern segment of Prickly Pear Trail were temporarily closed from April 1-4. This temporary closure allowed PVPLC crews to remove non-native vegetation removal. These trails re-opened on April 4 at noon. City Staff will continue to work in this area to make improvements.

On April 8, Park Rangers performed maintenance on the walkway adjacent to the overflow parking lot in preparation for Whale of a Day on April 12.
