CITY MANAGER'S OFFICE

THIS WEEKEND: Peninsula Wildfire Preparedness Town Hall and Expo April 26

Join Assemblymember Al Muratsuchi and the cities of Rancho Palos Verdes, Palos Verdes Estates, Rolling Hills Estates and Rolling Hills for a Town Hall and Expo to hear about the lessons learned from the January wildfires and how to prepare for potential wildfire risks.

The Town Hall will feature presentations by the California Department of Insurance, Los Angeles County Sheriff's and Fire Departments, and Palos Verdes Peninsula Unified School District. Residents will also find more information at the Expo featuring various organizations and agencies including the Palos Verdes Peninsula cities.

RSVP and submit a question on Assemblymember Muratsuchi's [event page](#).

FY 2025-26 Capital Improvement Program Budget Workshop - April 29

On April 29, 2025, the City Council will host its Capital Improvement Program Budget Workshop for Fiscal Year 2025-26, developing a roadmap for allocating resources to improve and maintain public infrastructure and facilities.

The hybrid in-person/virtual meeting will take place at 6 p.m. in McTaggart Hall at Fred Hesse Jr. Community Park and via Zoom. Please note that the meeting will not be televised or livestreamed on rpvca.gov, but a recording will be available at rpvca.gov/agendas.

RPV Submits State Budget Requests for Construction of an Emergency Operations Center and Energizing Deep Dewatering Wells

Earlier this week, the City submitted state budget requests to Assemblymember Al Muratsuchi and Senator Ben Allen for two projects: \$7 million for a new Emergency Operations Center (EOC) at the Ken Dyda Civic Center and \$2.1 million for a permanent power source for the City's deep dewatering wells in the landslide area. While it is unclear whether this state budget cycle will include the opportunity for district requests, City Staff still submitted them on behalf of the City. They are identical to [requests submitted in March](#) to federal lawmakers for earmark requests (Congressional Direct Spending Requests). In past state budgets, Assemblymember Muratsuchi included a \$1.5 million appropriation for the Pano AI wildfire detection camera network, and Senator Allen included \$5 million toward the acquisition of the City's wildlife corridor.

Staff will continue to monitor both the state and federal requests.

PVPUSD Hosts Measure SOS Town Hall Events

Apply to Join the Youth Advisory Committee

The Youth Advisory Committee is anticipating 9 vacancies starting July 1, 2025. RPV students in grades 7-12 are invited to apply for a seat on the YAC, which works towards empowering youths to provide positive programming and policies through local government.

Students who are selected for a seat on the YAC will serve 1 or 2 year terms that will begin in August 2025. To learn more or to request an application, email cityclerk@rpvca.gov. Applications are due June 30, 2025.

Preparing Through Practice

Today, Staff will attend LAX's full-scale emergency exercise to observe and learn from this important emergency response practice.

Practicing is the best way to mentally and physically prepare for emergencies, helping ensure the right actions are taken to keep everyone safe, while reducing stress and anxiety. When preparing for emergencies, whether as an emergency manager leading the coordination of emergency response efforts, or a resident just trying to stay safe, there are typically three ways to practice.

- 1. Tabletop Exercises or Thought Experiments** – Examine an emergency scenario, such as a fire or earthquake, and walk through the actions each person would take step by step. These exercises are a great way to start preparing for emergencies and can help identify the things you will need in your emergency plans and kits.
- 2. Functional Exercises or Drills** – A game played using an emergency scenario, where players physically take some, but not all, of the actions they should take in a real emergency. For example, for a fire drill, you may practice evacuating a building but likely will not practice pulling the fire alarm or evacuating a building filled with smoke. These exercises are useful for testing plans and getting familiar with what actions need to be taken in an emergency, helping reduce panic and ensure a safe response.
- 3. Full-Scale Exercise** – A realistic performance of an emergency scenario, where players act out, as closely as possible, the actions they would take in an emergency. Full-scale exercises can include simulations of the sound, smell, and/or looks of an emergency and require players to act out all, or most, of the steps they would take in a real emergency. While these exercises are more difficult to conduct, they are a great way to test out emergency plans, supplies, and response actions.

Practicing often, using these different methods and different scenarios, can help ensure emergency readiness. Rancho Palos Verdes employees and Emergency Preparedness Committee are dedicated to practicing and preparing for emergencies, as are our neighboring jurisdictions and partners. We will do all we can to keep our community safe and encourage you to do the same by completing your own emergency exercises.

Fire Hazard Zone Update Info Session April 30

On March 24, 2025, the State Fire Marshal released updated Fire Hazard Severity Zone maps to local agencies. These zones are tied to safety requirements aimed at reducing wildfire risk. They are developed using a science-based and field-tested model that assigns a hazard score based on the factors that influence fire likelihood and fire behavior.

The City of Rancho Palos Verdes was identified as having a combination of Moderate, High, and Very High Fire Hazard Severity Zones (FHSZ) within our jurisdiction. Notably, the State Fire

Marshal's proposed update removes significant portions of the City from the Very High designation, which has covered virtually all of RPV since 2008, due to updated methodology that takes the Peninsula's specific climate and environment into consideration.

To learn more about the updates and new methodology, join the City and the Los Angeles County Fire Department for a **Fire Hazard Zone Update Info Session**. This will be an opportunity to also learn about the methodology used to develop the maps, fuel modification requirements, brush clearance implications and share your feedback, before the City Council considers adopting the map at its June 17, 2025 meeting.

An interactive Cal Fire map and additional information are available on the City website at rpvca.gov/emergency.

Meeting Info

The Fire Hazard Zone Update Info Session will take place on Wednesday, April 30, 2025, at 6 p.m. in McTaggart Hall at Hesse Park, located at 29301 Hawthorne Boulevard. The meeting will be broadcast live on RPVtv Cox 33/FiOS 38 and livestreamed to the City's YouTube channel at youtube.com/rpvchannel33. Refreshments will be served.

If you have questions about the Info Session, please email RPV Emergency Preparedness Coordinator Luna Mohammad at lmohammad@rpvca.gov.

Equine First Aid Essentials Event May 3

The Cities of Palos Verdes Estates, Rancho Palos Verdes, Rolling Hills, and Rolling Hills Estates are hosting an Equine First Aid Essentials event on **May 3 at Ernie Howlett Park at 25851 Hawthorne Blvd. in Rolling Hills Estates.** The program will feature presentations from veterinarians specializing in various areas of equine health. In addition to the educational sessions, attendees can explore equine-focused booths and access preparedness resources, offering valuable information for local horse owners and equestrians.

Fourth Pano AI Camera Installation Update

Pano AI, SoCalGas, and Cal Water will be meeting on April 24 to finalize an agreement that would allow the fourth Pano AI wildfire camera to be installed on San Pedro Hill. Upon completion of the agreement, City Planning will begin processing the permit and the camera should be installed shortly after.

Significant updates will be provided in the weekly report and via regular methods of City communication (i.e. social media, website, meetings).

Apply for a Public Safety Reimbursement from the City

The City of Rancho Palos Verdes offers reimbursements for half the cost of a new doorbell or neighborhood camera system, up to \$2,000 for neighborhoods/HOAs, and up to \$100 for individuals. The City aims to encourage the use of cameras and other public safety tools to strengthen neighborhood vigilance and security.

Learn more about the application process at:

Case-Shiller Home Price Indices – December 2024

On March 25, 2025, data from the S&P CoreLogic Case-Shiller Home Price Indices, the leading measure of residential real estate prices, were released for January 2025. This information provides insight into the housing market by highlighting monthly and annual changes reported in the National and Los Angeles Home Price Indices.

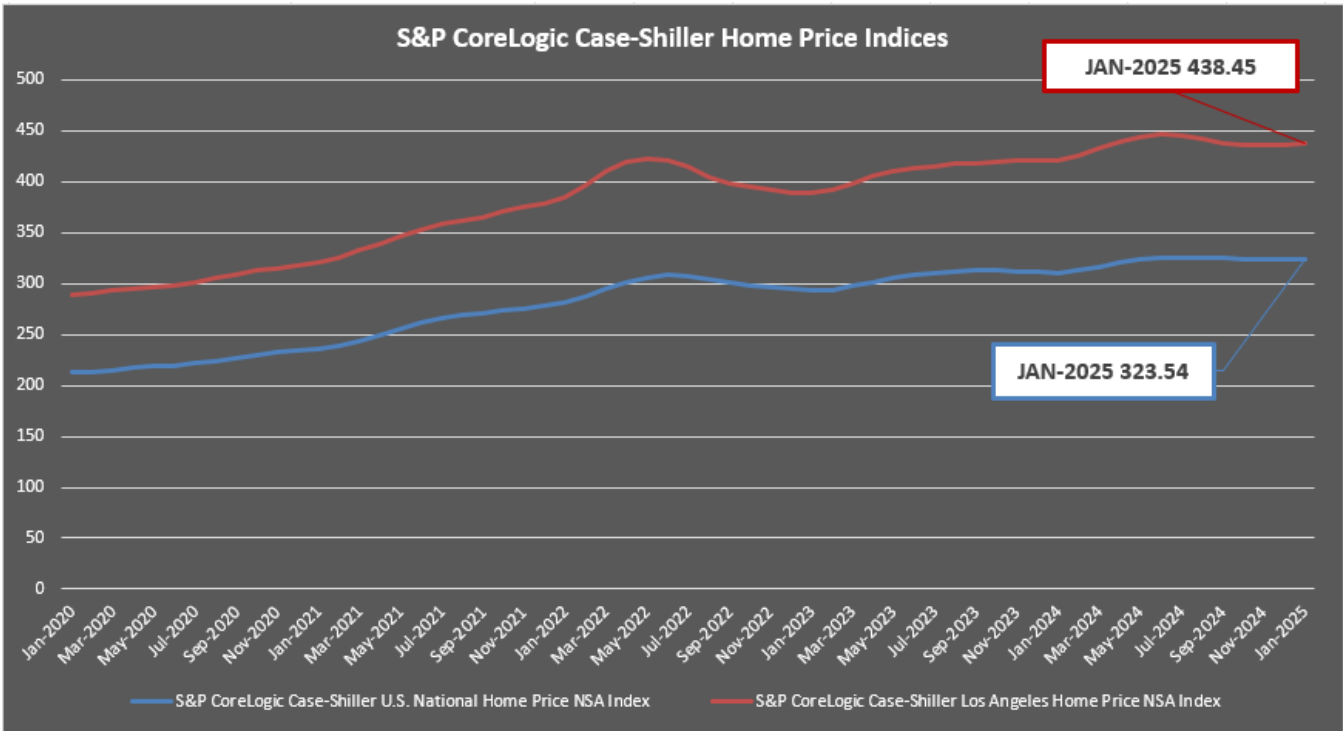

Month-over-Month

The pre-seasonally adjusted U.S. National and 20 City Composite Indices showed slight upward movement in January 2025. The National Index posting a month-over-month increase of 0.1% before seasonal adjustments. After seasonal adjustment, the U.S. National index posted a month-over-month increase of 0.6%.

Year-over-Year

The National Index reported a 4.1% annual return in January 2025, up from a 3.9% annual return in the previous month. The annual gain for Los Angeles was 3.98%, slightly above the national average. Among the 20 cities in the indices, New York again reported the highest annual gain with a 7.7% increase in January 2025. Chicago and Boston also reported much higher than average annual increases of 7.5% and 6.6%, respectively.

PUBLIC WORKS DEPARTMENT

Landslide Emergency Stabilization

In response to unprecedented movement of the deep slide plane in the Greater Portuguese Bend-Ancient Altamira Landslide Complex (Landslide Complex), the City installed vertical deep de-watering wells (DDWs) to penetrate the deep slide plane and relieve water pressure.

Additionally, the City performed emergency winterization measures in the form of filling fissures/grabens, lining canyons, and improving drainage.

Status of the Deep Dewatering Wells Programs

- Work is complete for all DDWs as well as the associated test boreholes and monitoring wells funded by the City Council. The DDWs continue to be monitored and re-drilled or replaced as needed within the current approved budget.
- The total combined water extraction rate of the DDWs is currently at approximately **610 gallons per minute** or **0.90 million gallons per day**.
- Since the start of the DDW program, approximately **203 million gallons**, or **624 acre-feet** of water have been extracted from certain locations around the toe of the Landslide Complex.
- DDW-6 is being evaluated and may need to be re-drilled in the near future.
- DDW-10 has pinched off due to land movement and is being evaluated for re-drilling in the near future.
- DDW-11 experienced pump failure because of an insufficient water flow rate to keep the pump cooled. Based on the low production rate of this DDW, the City's

geologists are advising that this well should not be re-drilled, but rather re-located, should additional funding become available.

DDW Current Water Extraction Rates as of April 21, 2025

DDW No.	Date Operational	Current Approximate Water Extraction Rate (Gallons Per Minute)	Total Water Extraction to Date	
			Acre-Ft	Million Gallons
1	9/13/2024	90 (<i>re-drilled 3/21/25</i>)	75.4	24.6
2	9/17/2024	100	89.7	29.2
3	9/21/2024	100 (<i>re-drilled 3/24/25</i>)	72.3	23.6
4	9/21/2024	(<i>decommissioned 3/27/25</i>)	53.6	17.5
4A	3/29/2025	75	6.6	2.1
5	9/25/2024	105 (<i>re-drilled 3/26/25</i>)	79.8	26.0
6	9/28/2024	55 (<i>re-drilled 12/29/24</i>)	66.0	21.5
7	10/15/2024	10	13.4	4.4
8	10/17/2024	40 (<i>re-drilled 01/30/25</i>)	50.9	16.6
9	10/25/2024	<i>Decommissioned 11/07/24</i>	2.0	0.7
9A	11/16/2024	35 (<i>re-drilled 12/29/24</i>)	34.1	11.1

11	12/03/2024	<i>Decommissioned 3/14/25</i>	2.1	0.7
Totals		610	624	203

All DDWs will continue to be monitored for pinching/shearing and re-drilling plans will be developed as needed, to the extent possible within the current approved budget.

Status of Winterization

All planned winterization activities are completed. Monitoring of winterized areas will continue, including assessments after rain events, and adjustments made in preparation for future rain events, to the extent possible within the current approved budget.

Update on the Hesse Park Community Center Roof Replacement Project

Work continues on the Hesse Park Community Center Roof Replacement Project. Demolition of the facility's old roof is nearing completion and should be completed by early next week. Meanwhile, the contractor is continuing with the installation of the new roofing material, a high-performance, multi-layer membrane known for its long-term weather protection and energy efficiency.

The project remains on schedule, and park operations and public access continue to be maintained without disruption.

The project includes replacing aging roof and skylights at the Hesse Park Community Center. During the winter storms in early 2024, sections of the roof leaked and damaged interior areas of the building, including sensitive computer equipment used to facilitate public meetings and events. Public Works Staff made temporary repairs to the building and further determined through a detailed assessment that the roof, including all 17 skylights, was nearing the end of its useful service life, and a full replacement would be needed soon. Subsequently, a heavy wind event in January 2025 damaged some of the temporary repairs made in 2024, as well as some skylights.

Installation of new roofing material for the Hesse Park Roof Replacement Project

Prepare for the Citywide Brush Clearing

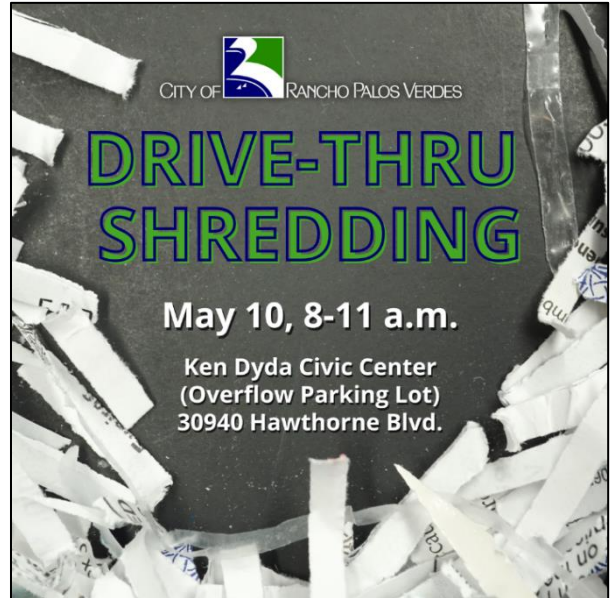

The spring season brush-clearing event begins on Saturday, March 29, and will continue for four consecutive Saturdays. Each week a different area of RPV is serviced. The goal of the event is to assist homeowners' dispose (free of charge) excess brush, shrubs, hedges, tree branches, and bushes to comply with the Los Angeles County Fire Department's fire safety guidelines. This is a great opportunity to help prevent local brush fires! For more information, you may contact the City's waste collection contractor, EDCO, at 310-540-2977 or <https://rancho-palos-verdes.edcodisposal.com/events/rpv-brush-clearing-event/>

Next Paper Shredding Event, May 10

Mark your calendars! Our next paper/document shredding event will be on May 10 from 8-11 a.m. The event will be held at City Hall's overflow parking lot and will be free to all Rancho Palos Verdes residents. During the event, electronic waste will be collected for recycling, and mulch will be available to residents.

The Goats Have Returned for the 2025 Fuel Modification Season

Goats have resumed their important role in reducing fire hazards and protecting homes. While we understand that many people enjoy seeing the goats, we ask that you avoid visiting them out of respect for nearby residents.

To ensure safety, a temporary electrified fence is in place to contain the goats while they work. Approaching them puts both you and the goats at risk. Please refrain from taking selfies, attempting to touch them, or bringing pets near the area, as this can cause stress or injury to both you and the goats.

In addition, human crews are performing brush clearance throughout the City as part of the 2025 fuel modification program.

Traffic Safety Committee (TSC)

A joint TSC- Infrastructure Management Advisory Committee (IMAC) special meeting is scheduled for April 28 at 6 p.m. in the Community Room at City Hall. The agenda will include soliciting public input on a traffic study for the intersections of Palos Verdes Drive South (PVDS) and Conqueror Drive, Schooner Drive, and Forrestal Drive/Trump National Drive.

On July 17, 2018, the City Council discussed existing issues regarding several intersections along PVDS. The issues included periodic turning movement congestion at certain intersections during peak travel times. Staff was directed to investigate any improvements that would allow for better circulation, reduce traffic delays and, most importantly, enhance the safety of these intersections.

Subsequently, plans were prepared for improvements at PVDS and Seahill Drive, Conqueror Drive, Schooner Drive, and Forrestal Drive/Trump National Drive; however, prior to being issued for construction, IMAC expressed interest in studying the feasibility of roundabouts at these intersections. As a result, a joint TSC- IMAC subcommittee was formed to discuss the idea.

On August 17, 2021, a joint TSC-IMAC recommendation was presented to the City Council for a pilot program to install a “modern roundabout” at the intersection of PVDS and Forrestal Drive/Trump National Drive. The City Council adopted FY 2024-25 CIP includes studying a pilot roundabout at Forrestal Drive and the other aforementioned intersections. In addition to a roundabout, the study will evaluate other possible solutions, with input from the community.

The public is invited to attend or participate in person, or remotely via the Zoom platform, to provide input to be considered as part of the traffic study. For instructions on how to participate remotely, please contact the Public Works Department at publicworks@rpvca.gov or the City Clerk’s office at CityClerk@rpvca.gov.

- In addition to regularly scheduled maintenance and repairs, Public Works performed the following work:

- In addition to routine weekly landscape maintenance at all City parks, the following repairs were completed:
 - Repaired the entrance gate latches of Ladera Linda Community Park.
 - Repainted and refreshed the Eastview Park restrooms.
 - Repaired and serviced the swing structure at Hesse Park.

- The landscape team is dedicated to improving both the appearance and safety of the City's main arterial streets and right-of-way areas. This week, crews focused on weed removal and trimming in the following center medians and right-of-way sections:
 - Crenshaw Boulevard from Silver Spur Road to Crest Road
 - Montemalaga Drive from Silver Spur Road to City limits

- Palos Verdes Drive East from City limits to Palos Verdes Drive South
- Silver Spur Road from Dry Bank Road to Montemalaga Drive
- Use the link to watch our virtual landscape maintenance:
<https://www.relive.com/view/vQvyKoeRM46>

- The Public Works Department performed the following infrastructure repairs in the public right-of-way:
 - Replaced the chevron sign on Hawthorne Boulevard near Ryan Park.
 - Grinded the sidewalk deviations at the following locations:
 - Deepbrook Drive
 - Scotwood Drive

Graffiti Removal

- 19 graffiti incidents were reported and removed this week.
- Residents can help keep RPV looking great by downloading the **RPV Clean** app to report graffiti to City Staff.

- On Friday, April 18, a lobe of the Abalone Cove Landslide moved into Palos Verdes Drive South near Wayfarers Chapel. The lane where material was encroaching was closed and thanks to quick support from the L.A. County Sanitation Districts, k-rails were provided and installed to help secure the area and slough material. The outside lane in this area will remain closed until long term stabilization of the Abalone Cove Landslide is reached.

COMMUNITY DEVELOPMENT DEPARTMENT

Exotic Animal Permit Required for the Keeping of Chickens

An Exotic Animal Permit is required to keep wild animals, which are defined as any wild, exotic, dangerous or non-domestic animal, including but not limited to mammals, fowl, fish or reptiles, or other domestic animals not specifically permitted in the City's Zoning Code. Construction of accessory structures for the keeping of animals may require the submittal of development plans and the issuance of a building permit.

For questions regarding the issuance of an Exotic Animal Permit or the requirements for issuance of a building permit, please contact the City's Planning Division at 310-544-5228 or via email at Planning@rpvca.gov. A copy of the City's [Exotic Animal Permit Application \(PDF\)](#) is available on the City website.

2025 Peafowl Census Report

The City Council will be reviewing the 2025 Peafowl Census Report on May 6, 2025. The Census Report is a component of the City's [Peafowl Management Plan](#) (PMP), which is a City-initiated plan to humanely manage the peafowl population within the City. The Census Report details a physical count of peafowl within six neighborhoods in the City including Portuguese Bend, Crestridge, Sunnyside Ridge, Grandview, Vista Grande and Monaco. Based on report findings, the City Council may consider pausing or reinstating peafowl trapping and relocating efforts for the coming year. For more information and/or questions about the City's PMP, please contact the City's Code Enforcement Division at 310-544-5281 or via email at codeenforcement@rpvca.gov.

Free Garden Design Class

West Basin Municipal Water District has teamed with Metropolitan Water District and the Water Replenishment District to host a series of free in-person classes that focus on garden design, landscaping, and grass removal.

The next class is scheduled for May 6, 2025, at West Basin headquarters in Carson. This class will focus on how to successfully design a watershed-wise landscape. Topics will include:

- Sizing and siting the rainwater capture area
- Developing a palette of climate-appropriate plants
- Applying key design principles
- Laying out a successful planting plan

For more information and registration details, please visit the following link:

Trashcan Placement Requirements

As a friendly reminder, in accordance with the Rancho Palos Verdes Municipal Code, trashcans must be stored out of view from the public or private street right-of-way on non-collection days. For more information, please contact the Code Enforcement Division at 310-544-5281 or via email at

CodeEnforcement@rpvca.gov

Listed below are the two City ordinances pertaining to trashcan violations:

§ 8.24.060(A)(2) – Prohibited Activities and Unlawful Conditions.

A. It shall be unlawful for any person owning, leasing, occupying, or having charge or possession of any property in the city to cause, or to permit, or to maintain thereon any condition which is at variance with the level of maintenance of surrounding properties, or which results in substantial detriment to the comfortable enjoyment of life or property by others in the immediate vicinity thereof. Such conditions include, but are not limited to, the following:

2. The storage of trash, garbage or refuse cans, bins, boxes or other such containers in front or side yards, which are not substantially screened from view from the public or private street right-of-way, except when placed for collection pursuant to the provisions of this Code.

§ 8.20.320(F)(2) – Containers at Residential Premises.

F. Curbside Service.

2. No residential customer who receives curbside refuse removal service shall place or permit to be placed any solid waste, recyclable materials, organic waste and/or any container therefore at the place of collection at the residential premises before 4:00 p.m. of the day preceding the scheduled collection or leave any such container at the place of collection after 10:00 p.m. on the day of collection.

RECREATION AND PARKS DEPARTMENT

Egg Hunt Eggstavananza was Bunny-tastic for all!

Rancho Palos Verdes' annual Eggstravaganza hopped into action this past weekend at the Ken Dyda Civic Center, and what a bunny-tastic day it was! With clear skies and big smiles, nearly 100 kids enjoyed egg hunts, bouncy inflatables, a bunny petting zoo, and sweet treats from Spun with Love cotton candy. A huge thank you to our friends at REACH, who kept the magic alive at the ever-popular basket giveaway station, handing out chocolate bunnies, Peeps, plushies, and more, bringing joy to every little face.

Another shoutout goes to our generous sponsor, Chip Cookies Rolling Hills, for donating enough Cadbury egg cookies to sweeten the day for every participant. And of course, no Eggstravaganza would be complete without our star of the show, the Big Bunny, spreading cheer and photo ops for kids and grown-ups alike all day long.

A final thank you to our incredible Rec and Parks Staff for their hard work behind the scenes, and as always, to our City Council for its continued support in making events like this egg-stra special.

Little Fish Tales by the Sea

On April 17, 27 adults and 30 children enjoyed Little Fish Tales, a free, fun, and interactive story time designed especially for toddlers. Held from 10:30-11:30 a.m. on the third Thursday of the month in the Sunset Room at the Point Vicente Interpretive Center, the engaging program features stories, songs, movement, and a hands-on craft — all planned and led by dedicated RPV Staff.

Don't miss out on this exciting opportunity for little ones to explore and learn through storytelling and play! Upcoming Little Fish Tales dates include:

- May 15
- June 19
- July 17

Mark your calendar and join us for more memorable mornings of fun and learning!

REACH Update

The REACH program serves the social and recreational needs of youths and adults with developmental disabilities and is back at Hesse Park for in-person activities.

To RSVP for REACH activities or if you have questions, please email reach@rpvca.gov.

REACH Goes Hunting for some Easter Fun

Let the Egg-citement begin! Over the weekend, REACH volunteered for the City's Egg Hunt Eggstravaganza. There's nothing like a good mix of organized chaos, sunshine, and sweet delights to keep the little hoppers and their families entertained. Whether on the sidelines cheering on the kiddos, or stuffing easter baskets and maybe sneaking a few snacks, REACH had a blast helping out on such a joyous occasion. A little bit of anarchy, some sweet treats and egg-stra fun made the day one you cant forget.

Upcoming REACH events include welcoming back Chef Arm as she teaches us how to chop it up in the kitchen on April 23, where we have a little pre-Cinco De Mayo fiesta celebration. Then next week on April 30, we are headed down to the batting cages to hit a few sluggers. Watch out!

Mural Day at Ryan Park

Thirteen adult and youth volunteers enjoyed an afternoon of work on a three-panel native bird and plant themed mural that will be hung at Hesse Park upon completion. Using small brushes and pontillist technique, volunteers applied paint in small strokes to build color and texture. The volunteers' names will be painted on the reverse of the mural at the end of the project as a lasting record of their participation and contributions. Recreation Specialist Dana Torrey led the day's activity.

Volunteers In Action

Eight volunteers lent a hand at our annual Egg Hunt Eggstravaganza. Volunteers helped with decorating, hiding eggs, supervising the inflatables area, and handing out prizes.

Palos Verdes Blue Butterfly Releases in the Palos Verdes Nature Preserve

The City of Rancho Palos Verdes is part of the Palos Verdes Blue Butterfly Recovery Group, along with the U.S. Fish and Wildlife Service, Palos Verdes Peninsula Land Conservancy, Moorpark College, Urban Wildlands Group, and the U.S. Navy. Together, these partners are working to bring the federally endangered butterfly species back to its historical territory, which includes the City of Rancho Palos Verdes.

The butterflies are captively bred, and released into various locations on the Peninsula, including areas within the Palos Verdes Nature Preserve (Preserve), where there are healthy populations of the butterflies' habitat. Five releases will take place this spring within the Preserve. The City is excited to be a part of this wonderful team and effort. Please remember to stay on trails when hiking to avoid

impacting the Palos Verdes blue butterfly habitat and enjoy searching for these amazing small gray/blue butterflies during your hikes!

South Bay Archery Club Facilities and Three City Beaches Closed due to Land Movement

As spring is bringing beautiful weather, and summer approaches, the Open Space and Trails Division would like to provide a reminder of some important coastal closures. In September 2024, the City implemented a temporary closure of the open space area east of Inspiration Point, where the South Bay Archery Club facilities are located, due to landslide related damage and conditions. This included stopping archery range operations. The City additionally implemented temporary closures of Abalone Cove Beach, Sacred Cove Beach, and the beach below the archery range facilities due to landslide related damage and conditions. These closures are currently in place, and the City is implementing and coordinating the closures with the City geologist, L.A. County Lifeguards, and California Coastal Commission. The City is continuing to evaluate changing landslide conditions and will look forward to working on a plan to reopen closed areas. However, it is anticipated that these areas will remain closed throughout the summer.

Abalone Cove Park/ Reserve

On April 18, Park Rangers cleared overgrown mustard and other weeds on Abalone Cove Park. Several trails within the Abalone Cove Reserve continue to be temporarily closed with the exception of Via de Campo Trail. However, Abalone Cove Park continues to remain open at this time, with many visitors seen picnicking and inspecting the coastline for whale or dolphin sightings.

On April 21, Staff conducted several instances of litter removal along the 30-minute parking lot and on Beach School Trail.

On April 21, Staff removed graffiti on the back of regulatory signage within the temporarily closed section of Sea Dahlia Trail.

Forrestal Reserve

On April 18, Staff replaced several instances of worn out or faded decals on carsonites. Decals provide information about permitted users, as not all trails are multi-use trails.

Vicente Bluffs Reserve

Over the last week, Staff found one of the trail counters within this Reserve was vandalized. The trail counter was removed and discarded from its wooden housing unit. Staff has been unable to find the counter, but worked quickly to replace the unit to operational order with additional supplies. Trail counters are a tool to monitor trail use by measuring the number of people using a trail. They can also differentiate between user groups (i.e. equestrian vs. bicyclist vs. pedestrian) which provides the City with data about who is using the trails. Trail counters are not cameras, rather they count users based on heat signature or movement.
