CITY MANAGER'S OFFICE

Legislative Update

The State Assembly and State Senate are in the final days of the legislative session, with floor votes on bills due August 31. To update the City Council on the status of bills the City has taken positions on, Staff has prepared a table attached to this report that summarizes their status as of the morning of August 26 (please note that due to a new COVID-19 case at the state Capitol, the Senate canceled its floor session today).

Peninsula City Managers Meet with Cox Communication Representatives

On Thursday, August 20, the City Manager along with the three other Peninsula City Managers held a virtual meeting with staff from Cox Communication representing various divisions including government affairs, marketing, customer service and construction. The purpose of this meeting was to express the community's dissatisfaction with the services and customer service provided by Cox when it comes to internet speed and reliability, and to identify measures to improve services provided to our residents. Cox Communication responded with information underway to improve internet service to the Peninsula, as well as trouble-shooting assistance that residents can utilize such as having the most recent modem. The following are links to their troubleshooting FAQs and videos, a [wifi optimization guide](#) including a helpful [infographic](#). It was agreed that on-going meetings should continue in order for the City Managers to stay up-to-date with their infrastructure improvements. The City Manager intends to invite Cox Communication to attend an upcoming City Council meeting.

Clear Water Project – Tunnel Boring Machine Naming & Artwork Contest

In 2012, the Sanitation Districts' Board of Directors approved the Clearwater Project to protect local waterways by addressing aging infrastructure. Under the project, a new tunnel will be built to convey treated water from the Joint Water Pollution Control Plant in Carson to existing ocean outfalls located at Royal Palms Beach in the Palos Verdes Peninsula. To achieve this, a tunnel boring machine (TBM) is used to dig tunnels through anything from hard rock to sand.

Like ships, TBMs are named and decorated before they are put into service. This fall, students will have the opportunity to name and decorate the TBM that will be used to construct the Clearwater Project tunnel. The submission period is September 15 – October 15. For more information on eligibility, and requirements visit <https://www.clearwater.lacsd.org/schooloutreach.asp>

Be Counted. Complete the Census.

Have you completed your 2020 census? Responses to the census shape decisions about how billions of dollars in federal funds flow into communities each year for the next 10 years for critical services, including health care, emergency response, schools and education programs, and roads and bridges. The COVID-19 pandemic underscores the importance of census data and census participation.

As of August 25, Rancho Palos Verdes had a self-response rate of 77.5%, above state and national averages, but behind our goal of 100% participation. The U.S. Census Bureau, however, has extended the official deadline to participate in the census to September 30 in response to the evolving COVID-19 crisis. If you haven't already done so, complete your census form now online at my2020census.gov, by phone at 844-330-2020, or by mail if you receive a paper form.

COVID-19 Community Updates

The City continues to monitor the spread of the novel coronavirus in Los Angeles County and distributes **COVID-19 Community Updates via listserv and social media on Thursdays**, though any major announcements in between will be shared with the community. The newsletter provides a range of information, such as up-to-date case numbers for the City, and the neighboring Peninsula cities, along with information on resources and services available.

If you haven't done so already, sign up for COVID-19 Community Updates by subscribing to the Breaking News listserv at rpvca.gov/notify. An archive of COVID-19 Community Updates is available at: <http://rpvca.gov/1304/Community-Updates>

A webpage on the City website with coronavirus updates, resources and information is continuously being updated at rpvca.gov/coronavirus

And be sure to follow the City on [Nextdoor](#), [Facebook](#), [Twitter](#) and [Instagram](#)!

COVID-19 Cases

As of August 25, there are 233,777 confirmed cases of COVID-19 across Los Angeles County (population 10.17 million), including the South Bay, so the public should not think one location is safer than another and everyone should be aware and practice physical distancing. The total includes 265 cases in Rancho Palos Verdes (population 41,731), 79 in Palos Verdes Estates (population 13,190), 38 in Rolling Hills Estates (population 8,066), eight in Rolling Hills (population 1,874), and eight in the unincorporated areas of the Peninsula. Countywide, 5,605 people have died.

According to the Department of Public Health, 12 deaths have been reported in Rancho Palos Verdes. The City extends its deepest condolences to the families of these residents.

For a list of cases broken down by city, demographic characteristics, and settings, visit: <http://publichealth.lacounty.gov/media/Coronavirus/locations.htm>

For an interactive dashboard with maps and graphs showing testing, cases and death data by community, poverty level, age, sex and race/ethnicity visit:

http://dashboard.publichealth.lacounty.gov/covid19_surveillance_dashboard/

An interactive dashboard of COVID-19 cases in the South Bay maintained by the City of Torrance is available at bit.ly/2XB1fv1. The dashboard reflects information sourced by the Los Angeles County Department of Public Health.

New Temporary Special Use Permit for RPV Businesses

The Community Development Department has developed a new Temporary Special Use Permit (TSUP) to assist Rancho Palos Verdes businesses with the opportunity to provide limited outdoor operations during the COVID-19 pandemic. A TSUP will allow for outdoor operations on sidewalks and parking lots for:

- Restaurants
- Fitness centers
- Hair salons and barbershops
- Personal care services, such as nail salons, massage, and tattoo parlors

A TSUP will be processed administratively without a filing fee, public notification, or appeal process that is typically required for a standard Special Use Permit. For a complete list of operational requirements and permit limitations, please see the TSUP application at bit.ly/3gcLFME. For questions regarding the application or submittal requirements, please contact the Planning Division at 310-544-5228 or send an email to the Planning Division at planning@rpvca.gov.

Emergency Preparedness

Alert SouthBay Board Meeting

On Thursday, August 27, staff will be attending an Alert SouthBay regional emergency alert and warning notification system Board Meeting. Alert SouthBay is a multi-jurisdictional emergency notification system used by 13 South Bay cities – including Rancho Palos Verdes -- to keep our communities informed about disasters and emergencies with uniform, expeditious alerts. All 13 South Bay participating member cities compromise of the Governance Board for Alert SouthBay. On Thursday, the Board will discuss the developing of a Joint Powers Agreement (JPA), Alert SouthBay emergency alerts opt-in campaigns, and emergency preparedness materials and resources.

Alert SouthBay is the City’s primary vehicle for emergency communication. Users can sign up by:

- Texting “alertsrb” to 888-777, which returns a link to register for Everbridge (for COVID-19-related alerts, text the keyword "cv19rpv")
- Registering online at alertsouthbay.com
- Downloading the free [Everbridge app](#) on an iOS or Android device from the [App Store](#) or [Google Play](#)

Home Hardening Letter to Residents

On Tuesday, August 18, the City Council authorized sending a letter, on behalf of the City Council, to residents expressing the City’s commitment to risk reduction, and measures residents can take to “harden” their home from a potential wildfire. This letter to residents includes simple, DIY, low-expense tips for hardening your home from wildfire and creating a defensible space around your residence through vegetation management. Your wildfire mitigation efforts will go a long way toward making RPV a wildfire safe community. In the coming weeks, keep an eye out for the letter in your mailbox. If you have any questions or for additional emergency preparedness resources contact Emergency Services Coordinator Jesse Villalpando at jvillalpando@rpvca.gov.

Wildfire Preparedness Webinar

Today, Staff attended the seventh in a series of webinars on wildfire preparedness hosted by the League of California Cities. Today’s session focused on the pathways that cities and their residents can take to clean-up, recover, and rebuild in the aftermath of a disaster. Jim Lewis, City Manager of the City of Pismo Beach, Jason Nutt, Assistant City Manager, for the City of Santa Rosa and Jeff D. Toney, Director of the San Diego County Office of Emergency Services, discussed what Cities can expect after a wildfire disaster, including the transition from response to recovery and what to keep in mind with closeout procedures. These webinars provide city staff with helpful information on cities' successful approaches to respond to wildfires and how city staff can be prepared to lead their communities through emergencies. Staff will continue to attend these webinars

Active Shooter

An active shooter is an individual engaged in attempting to kill people in a confined space or populated area. Active shooters typically use firearms and have no pattern to their selection of victims. This following describes what to do in an active shooter event. Remember, during an active shooting to RUN. HIDE. FIGHT.

PREPARE BEFORE

- If you see something, say something to the authorities right away.
- Be aware of your environment and any possible dangers.
- Make a plan with your family and make sure everyone knows what to do if confronted with an active shooter.
- Wherever you go look for the two nearest exits, have an escape path in mind and identify places you could hide if necessary.

DURING

- **RUN and escape if possible.**
- Getting away from the shooter or shooters is the top priority.
- Leave your belongings behind and get away.
- Help others escape, if possible, but evacuate regardless of whether others agree to follow.
- Warn and prevent individuals from entering an area where the active shooter may be.
- Call 9-1-1 when you are safe and describe the shooter, location and weapons.

HIDE if escape is not possible.

- Get out of the shooter's view and stay very quiet.
- Silence all electronic devices and make sure they won't vibrate.
- Lock and block doors, close blinds and turn off lights.
- Don't hide in groups. Spread out along walls or hide separately to make it more difficult for the shooter.
- Try to communicate with the police silently. Use text message or social media to tag your location or put a sign in a window.
- Stay in place until law enforcement gives you the all-clear.
- Your hiding place should be out of the shooter's view and provide protection if shots are fired in your direction.

FIGHT as an absolute last resort.

- Commit to your actions and act as aggressively as possible against the shooter.

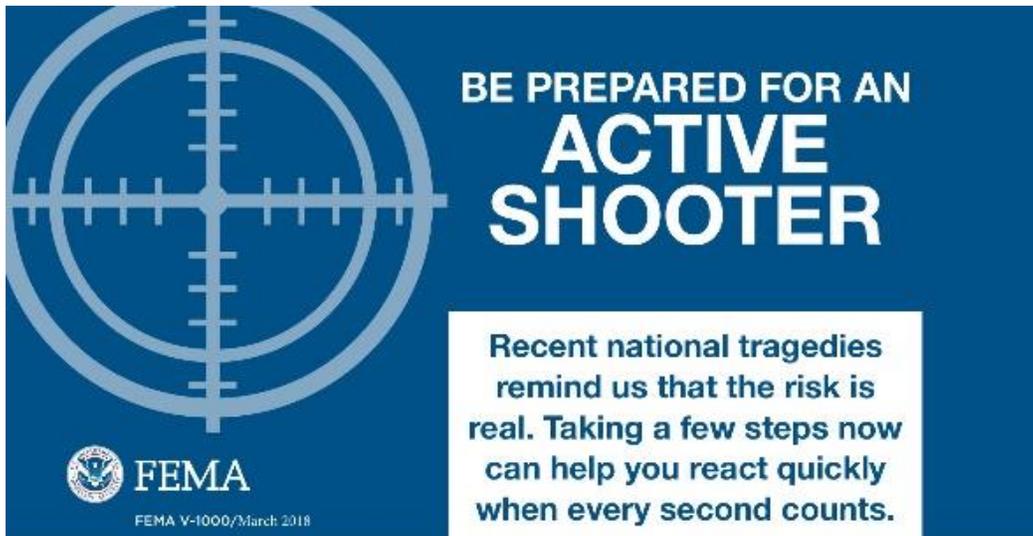

- Recruit others to ambush the shooter with makeshift weapons like chairs, fire extinguishers, scissors, books, etc.
- Be prepared to cause severe or lethal injury to the shooter.
- Throw items and improvise weapons to distract and disarm the shooter.

AFTER

- Keep hands visible and empty.
- Know that law enforcement's first task is to end the incident and they may have to pass injured along the way.
- Officers may be armed with rifles, shotguns or handguns and may use pepper spray or tear gas to control the situation.
- Officers will shout commands and may push individuals to the ground for their safety.
- Follow law enforcement instructions and evacuate in the direction they come from unless otherwise instructed.
- Take care of yourself first, and then you may be able to help the wounded before first responders arrive.
- If the injured are in immediate danger, help get them to safety.
- While you wait for first responders to arrive, provide first aid. Apply direct pressure to wounded areas and use tourniquets if you have been trained to do so.
- Turn wounded people onto their sides if they are unconscious and keep them warm.
- Consider seeking professional help for you and your family to cope with the long-term effects of the trauma.

Additional Resources:

- [RUN. HIDE. FIGHT. Surviving an Active Shooter Event \(Video\)](#)
- [SURVIVING AN ACTIVE SHOOTER - LA County Sheriff \(Video\)](#)
- ready.gov/active-shooter
- lasd.org/active-shooting

An active shooter is an individual engaged in attempting to kill people in a confined space or populated area. Active shooters typically use firearms and have no pattern to their selection of victims.

IF YOU ARE INVOLVED IN AN ACTIVE SHOOTER INCIDENT

See something, say something.

Learn first aid skills so you can help others.

Before you run, know the exits.

Help law enforcement.

Find a place to hide.

Seek help to cope with trauma.

Weekly Crime Report Summaries

The City continues to provide its residents with crime report summaries when they are made available. These weekly summaries include information about reported crimes

and arrests served by the Lomita Sheriff's Station, including the City of Rancho Palos Verdes. The summaries are updated on the City's website, distributed via Nextdoor and the Public Safety Alerts listserv, and included in the Weekly Administrative Report (see attachments).

These summaries can be found in the City website under City Services > Public Safety > Law Enforcement > Crime Reports – Weekly Summaries. <http://rpvca.gov/1030/Crime-Reports---Weekly-Summaries>

Additionally, the Los Angeles Sheriff's Department maintains a website mapping incidences of Part 1 Crimes within its jurisdiction, including the City of Rancho Palos Verdes. To view the City's incidences on the website, please visit: <https://www.crimemapping.com/map/agency/304>

In the website, you may view incidences from other cities and jurisdictions as well. Please visit the website and follow instructions as given: <https://www.crimemapping.com/>

Safety Tips and Precautions

The City of Rancho Palos Verdes is dedicated to the safety and well-being of its residents and community members. The City encourages residents to participate in neighborhood safety and remain vigilant in protecting personal property. There are many ways individuals can reduce the chance of becoming a victim and contribute to community safety. Please see below for crime prevention tips for you and your loved ones:

Tips to Avoid Vehicle Burglaries:

- Always lock your vehicles whenever not in use
- Close and lock all windows
- Keep your valuables, such as your purse, wallet, or bag, with you or secure them out of sight and stored away
- Do not display items of value in your vehicle: place them in your trunk or keep them covered
- Remove valuables, packages, garage openers, mail, or other devices from sight

Tips to Prevent Residential Burglaries:

- Lock all windows and doors, including backyard, side, and garage doors
- Keep all curtains closed at night or when no one is home

- If you are away and you are capable, leave house lights on or set them to turn on at intervals
- Set up a security camera system with video and audio
- Notify trusted neighbors if you will be away for an extended period

If you see something, say something! We encourage you to call the Lomita Sheriff's Station at 310-539-1661 if you see any suspicious persons or activities.

Please note: Please be aware that many of the burglaries that have occurred are carried out because of unlocked or open entryways such as doors, windows, or garages. Please be sure to check that these entryways are closed and locked, and valuables are stored and out of sight.

See Something, Say Something

Community safety is enhanced by individual participation, which assists our Lomita Sheriff Station Deputies.

Residents are always encouraged to practice **"See Something, Say Something"** and to report any suspicious activity or persons. If you observe suspicious activity, report it **immediately** to the Lomita Sheriff's Station by calling **(310) 539-1661**.
In the case of an emergency, call or text 9-1-1

**See Something,
Say Something**

LOMITA SHERIFF STATION: 310-539-1661

Vacation Security Camera Loaner

The City encourages the use of video/audio recording devices with security footage capabilities as an additional measure of home protection. For RPV residents who may be away from home for an extended period, the City offers a Vacation Security Camera Loaner program. This program allows residents to borrow a Ring Spotlight Camera for short-term use. For more information, please visit the City website: <http://www.rpvca.gov/1118/Vacation-Security-Camera-Loaner-Program>.

FINANCE DEPARTMENT

Tips for Taxpayers Who Need to File a New W-4

All taxpayers should review their withholding annually. They can use the [IRS Tax Withholding Estimator](#) to check and make sure they're not having too little or too much federal tax withheld. This tool offers workers, retirees, and self-employed individuals a step-by-step method to help figure out if they should adjust their withholding.

Those who need to adjust their withholding should submit a new [Form W-4](#), *Employee's Withholding Certificate* to their employer.

People who should check their withholding include those:

- who are part of two-income families
- working two or more jobs or who only work for part of the year
- with children who claim credits such as the child tax credit
- with older dependents, including children age 17 or older
- who itemized deductions on their 2019 tax return
- with high incomes and more complex tax returns
- with large tax refunds or large tax bills for 2019
- who received unemployment at any time during the year

The [IRS Tax Withholding Estimator](#) can help taxpayers check their withholding.

- This tool will help determine if they should complete a new Form W-4.
- It will also help users determine what information to put on a new Form W-4.
- It will save them time because they don't need to complete the form worksheets. The Estimator does the worksheet calculations.

Taxpayers who complete a new Form W-4 should submit it to their employer as soon as possible. With withholding occurring throughout the year, it's better to take this step sooner rather than later.

People should generally increase withholding if they hold more than one job at a time or have income from sources not subject to withholding. If adjustments are not made for these situations, they will likely owe additional tax and possibly penalties when filing their tax return.

On the other hand, people should generally decrease their withholding if they are eligible for income tax credits or deductions other than the basic standard deduction.

Having the most recent pay statements, information for other income sources, and the most recent income tax return can help taxpayers use the Withholding Estimator to figure out their correct withholding.

They might also need to adjust their state or local withholding. They can contact their [state's department of revenue](#) to learn more.

Source: Internal Revenue Service

Small Business Financial Assistance Plan Update

On April 8, 2020, the City of Rancho Palos Verdes implemented the Small Business Financial Assistance Plan to provide relief and promote the general welfare of the City's small business community experiencing negative financial impacts stemming from the COVID-19 pandemic. The Small Business Financial Assistance Plan provides a one-time refund of the 2020 business license.

On June 2, 2020, the City Council received a status report on the Small Business Financial Assistance Plan. As a result of the low response, the City Council expressed a desire to increase the number of eligible small businesses by removing the limitation that a small business must have a "brick-and-mortar" location to be eligible to receive a refund.

Since the implementation on April 8:

- the City has received 20 requests for business license tax refunds
- 6 of the 20 requests were not eligible for the program
- 13 refunds totaling \$4,313 have been issued to date

We encourage businesses in need of assistance to visit <http://www.rpvca.gov/1284/Financial-Assistance> for information on the program and to submit a request. Businesses that apply will receive a confirmation email from the staff. If an application is approved a check will be mailed directly to the business at the address on file.

PUBLIC WORKS DEPARTMENT

Assistant Engineer

The City is pleased to announce Sean Lopez as the newest member of the Public Works team!

Sean’s first day on the job was this Monday, August 24. He is filling the Assistant Engineer position and is working full time with the Public Works Department. He comes to us from the City of Vallejo, where he managed CIP and development projects. His experience and engineering skills will be put to good use as we move forward toward accomplishing our project delivery goals this fiscal year.

Please join us in welcoming Sean to Rancho Palos Verdes!

Coastal Bluff Fence Replacement Project Updates

Construction of the Coastal Bluff Fence Replacement project along the Vicente Bluffs Reserve continues. The contractor is removing the old and deteriorated wooden fences. During the weekdays, there is a temporary trail closure in place. On the weekends, the trail has been and will remain open. One-way directional walking traffic access to the trail is provided. Chain link fencing has been installed along the active work site's perimeter to prevent trail users from encroaching onto the worksite area. Construction is expected to be completed by mid-November.

Maintenance Activities

This week, Public Works continued its regularly scheduled maintenance, trash pickup, and general repairs at all City parks and facilities.

Public Works made several urgent repairs to the City roadway, including a large pothole on Palos Verdes Drive South near Peppertree. Public Works Staff quickly responded and made repairs to make continue to provide safe roadways for motorists and cyclists. At

Point Vicente Interpretive Center, Public Works restriped the small overflow parking lot to help with congestion and confusion within the parking area. Sign repairs were made on Geronimo Drive, Palos Verdes Drive East, and Barkentine Road. On Avenida Cuaderno, Public Works repaired the sidewalk of deviations and trip hazards. Lastly, a large branch fell on Crestwind Drive. Public Works removed it within an hour of it being reported.

Pot hole on PVDS near Peppertree Dr.

Repaired pothole on PVDS near Peppertree Dr.

Striping at PVIC parking lot.

Fallen branch on Crestwind Dr.

This past week, the City of Rancho Palos Verdes experienced excessive heat and humidity. This resulted in Southern California Edison to request customers with the ability to run generators to do so in order to reduce electrical demand. In response, the City of Rancho Palos Verdes switched three of its primary sights (City Hall, Point Vicente Interpretive Center and Hesse Park) to generator mode. Thus, aiding in the availability of electricity to our Rancho Palos Verdes residents. The City maintained generator

power for three days until Southern California Edison ended its request. A big thank you to the residents who live near these sites for being patient with the noise level. Your understanding was greatly appreciated.

The Public Works Department responded to the following urgent/emergency requests:

- 23 graffiti removals cases were addressed during this week.
- Responded to a fallen tree branch on Sunday at Hesse Park. Public Works secured the area until removal could take place.
- Responded and removed debris in the roadway on Hawthorne Boulevard and Palos Verdes Drive West on Sunday as well.

Fallen branch at Hesse Park

COMMUNITY DEVELOPMENT DEPARTMENT

Abalone Cove Restoration Work

Next month the Palos Verdes Peninsula Land Conservancy (PVPLC) is scheduled to begin restoration work within Abalone Cove. The restoration work will revegetate areas in the reserve that were impacted by unpermitted grading activities on and in the area of 5500 Palos Verdes Drive South. The restoration work is set to commence on September 22 and will include the installation of an irrigation system and planting of vegetation as well as continued maintenance and monitoring. Staff will continue to provide updates as more information becomes available.

Southern California Association of Governments (SCAG) Housing Element Workshops

On August 20, 2020, Community Development Department staff participated in the first of two digital housing element workshops hosted by SCAG. The workshop focused on providing local governments and other stakeholders in the SCAG region with information and resources to support their sixth Cycle Housing Element Updates. The workshop provided information on changes in housing element and related planning laws as well as available technical assistance offered by the California Department of Housing and Community Development (HCD) and SCAG. The second workshop is scheduled for August 27.

Rolling Hills Riviera HOA Coyote Update

Code Enforcement staff met with residents from the Rolling Hills Riviera HOA over the last few weeks regarding their concerns with coyote sightings in the area. A newsletter with coyote information was sent to 722 residents in the immediate HOA area (see attachment). Staff continues to work collectively with the LA County Agricultural Weights & Measures Department to canvass the neighborhood for coyote attractants and potential warranty trapping in designated areas. In addition, Code Enforcement staff mailed out several swale maintenance letters for brush abatement to assist with deterring coyotes out of the neighborhood. Overall residents were thankful and pleased

with the Code Enforcement Division's proactive approach in taking the time to educate and raise awareness on coyote measures.

Planning Commission Follow-up Agenda

See attached follow-up agenda from the Planning Commission meeting on Tuesday, August 25, 2020.

P.C. Follow-up Agenda for Tuesday, August 25, 2020 – Page 55

RECREATION AND PARKS DEPARTMENT

Status Report on Staff Follow Up on Council Directives to Address Del Cerro/Portuguese Bend Reserve Traffic Concerns

On August 18, the City Council directed Staff to follow-up on long-standing noise and traffic impacts in neighborhoods adjacent to the Del Cerro area and Portuguese Bend Reserve. The Council focused on six mitigation measures to explore and implement over the next two months. Below is a list of the six measures and steps taken-to-date to implement these measures. Staff will provide weekly progress updates.

1. **Continue the social media campaign including exploring novel ways to direct/educate visitors.**
 - a. Continue claiming Google Business websites. **Status: On-going**
 - b. Explore editing google maps with accurate Preserve information. **Status: Ongoing**
 - c. Meeting with Admin., IT and R&P staff to discuss maximizing public education campaign on new parking restrictions prior to September 1 City Council Meeting. **Status: Done**
 1. Order banners to place at Burma and Rattlesnake Gates. Banners to be in place by August 27 announcing parking restrictions. **Status: On target**
 2. Change the message on the existing electronic message boards near Del Cerro Neighborhood access points indicating that parking restrictions will be in place soon. **Status: Done**
 3. Send a listserv message to Preserve listserv group on the City Council action taken, summarizing it, and communicating that a 60-day parking moratorium is coming so the public has time to submit their feedback prior to the September 1 City Council Meeting. **Status: Done**
 4. Place information on the upcoming parking restrictions on Crenshaw Blvd. south of Crest Rd. on the Preserve website by August 27. **Status: On target**
 - d. Continue Social media marketing campaign directing the public to alternative preserve trail locations. **Status: Ongoing**

- e. Identify websites with RPV Trails and Open Space information on the internet. Edit with approved messaging and information.
Status: Ongoing

2. Within 60 days, Staff to return with a holistic analysis of alternatives for reserve parking for the entire Preserve (incl. Ladera Linda, AB Cove, Forrestal, Gateway Park).
 - a. Reach out to all HOAs adjacent to the Preserve: Ask about experiences and major concerns/challenges they are facing by September 4.
Status: On Target

3. Within 60 days, install- or provide City Council with a detailed timeline to install gates at Burma Rd. and Rattlesnake Trails.
 - a. Return at the September 1 City Council Meeting with a contract for Burma Road Gate. **Status: Staff Report submitted**
 - b. Work with City Attorney on HOA's liability concerns related to the Rattlesnake fence. **Status: Ongoing**

4. Within 60 days, Staff to investigate additional alternatives for enforcement of parking via the use of additional code enforcement staff/Rangers/Sheriff Deputies; **Status: Ongoing.**

5. Investigate parking reservation and/or pay systems/alternatives along with analysis of parking limitation system (for Del Cerro area specifically).
 - a. Locate DPW's previous proposal on parking meters. **Status: On-Going**

6. Install temporary signs/red curbs (parking limitations) to prohibit parking along Crenshaw Blvd., south of Crest Road, and return with a long term solution. This will be a 60-day prohibition of parking along Crenshaw Blvd. south of Crest Rd.
 - a. Design and order no parking signage on Crenshaw. **Status: Done**
 - b. Update message boards in the Del Cerro area to notify of temporary parking restrictions on Crenshaw. **Status: Done**
 - c. Return to the September 1 City Council Meeting with Resolution formalizing the parking restrictions on Crenshaw Blvd.
Status: Staff Report on the 9/1 Agenda
 - d. Coordinate with DRP Rangers, OSM staff, and LA County Sheriff Deputies to patrol the Del Cerro area to enforce parking restrictions.
Status: On-going

Outdoor Recreation Programs Coming Soon!

The Recreation and Parks Department is excited to offer a variety of outdoor recreation and enrichment activities beginning September 14. The City is committed to providing activities that promote health and wellness and serve the social and emotional needs of the community in a safe environment.

After School Recreational Enrichment Program

In partnership with the San Pedro & Peninsula YMCA, the City is offering an After School Recreational Enrichment Program for Grades K-5 Monday through Friday at various City parks. Activities include physical conditioning exercise, individual conditioning sports, games, arts & crafts, enrichment, STEAM, recreation, service learning, nature appreciation, and so much more with physical distancing required. Program dates are September 14 - December 18, 2020, Monday – Friday (except where noted) from 3:00 PM – 6:00 PM on school days only. This program is 100% outdoors and will not operate on days with inclement weather.

Registration open now! For more information and to register for the After School Program visit www.yocala.org

Recreation Classes

The Recreation and Parks Department plans to offers a full menu of contract instructor-led classes. All activities will be held on-site at outdoor park facilities and will adhere to the Los Angeles Department of Public Health protocols. New activities will be added regularly, and class schedules and offerings are subject to change.

For more information, to view class schedules and to register for programs and activities, please visit www.rpvca.gov.

**RECREATION PROGRAMS
COMING SOON!**

The City of Rancho Palos Verdes Recreation and Parks Department is excited to offer a variety of outdoor recreation and enrichment activities beginning September 14th.

After School Recreational Enrichment Program

In partnership with the San Pedro & Peninsula YMCA, The City is offering an After School Recreational Enrichment Program for Grades K-5 Monday through Friday at various City parks.

Registration open now! For more information and to register for the After School Program visit www.yocala.org

Recreation Classes

The Recreation and Parks Department offers a full menu of contract instructor led outdoor sports, art, music, and language activities for all ages. Offerings include soccer, baseball, painting, yoga, guitar, cooking, Spanish and more.

For more information, to view class schedules, and to register for programs and activities, please visit www.rpvca.gov.

The poster features colorful illustrations of children playing instruments, a basketball, a paint palette, and children engaged in various activities like jumping rope, playing guitar, and painting.

Marine Protected Area Update

The City of Rancho Palos Verdes has been invited to participate in the second part of a series on Intertidal Habitats of Southern California on August 25th. This panel, which is headed by the Cabrillo Marine Aquarium and USC Sea Grant, will focus on Management, Policy, and Enforcement in the Rocky Intertidal zone. Senior Park Ranger Saldana will be one of the panelists alongside a local California Department of Fish and Wildlife Warden. This panel is an excellent opportunity to learn from other land managers struggling with violation of Marine Protected Area guidelines and management of rocky intertidal zones (tide pool areas). See the link below for more information.

Wednesday, August 26, 2020
6:30-8:00 pm PDT

Attend the second in a series of virtual roundtable events discussing our rocky intertidal (tidepool) ecosystems. This session will feature presentations from professionals in policy, management, and enforcement for these important habitats in Southern California. The discussion time will explore current challenges and human influences facing these fragile ecosystems.

To RSVP, please go to bit.ly/Roundtable2RSVP

Additionally, Park Rangers and Open Space Management Staff have worked with RPVTV Channel 33 to film a public service announcement with information on Marine Protected Areas and best practices when visiting the City's beaches and tide pool areas. The PSA should air in late September.

Preserve and Beach Weekend Activity

Activity was lower than usual. This was likely due to the hot and humid weather resulting from the storm system in the Pacific.

Saturday-Sunday, August 22-23:

Public Contacts: 1,666

Notice to Appear Citations Issued: 0

Parking citations: 14

Violations Observed: usually corrected and/or warning given: 14

Abalone Cove Reserve:

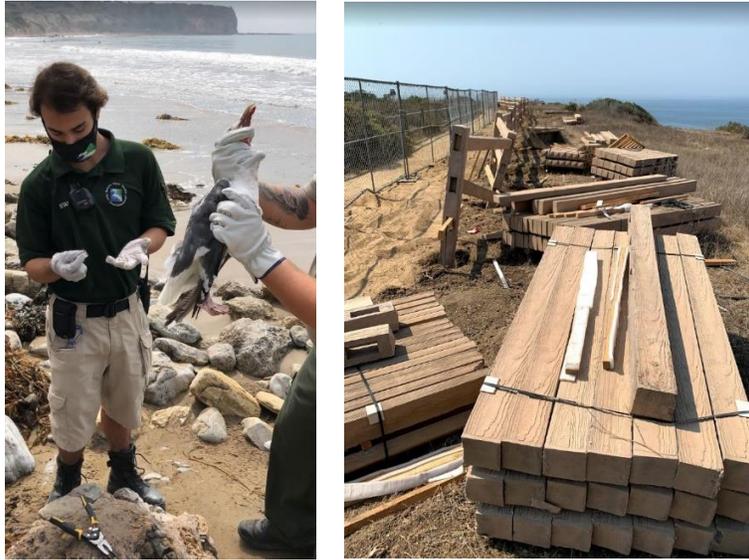

- Violations observed and enforced included illegal fishing- most corrected and complied, dogs on the beach, and people off-trail.
- Parking lot closed 14 times throughout the day when it reached 120 capacity.
- OSM staff assisted in litter abatement and removal of graffiti at Altamira Canyon.
- OSM staff identified an injured seagull at the western tide pools at Abalone Cove Beach. The seagull had a fishhook pierced through its beak and tongue. Additionally, its body was tangled in the fish line, and it was unable to leave the area without causing further damage. Staff called Animal Control, and worked together to remove the fish line and hook. The seagull was taken by Animal Control to clean the infected area and provide for the recovery of the seagull. The City would like to remind all that Abalone Cove is an MPA area, and it is a no-take zone. Additionally, outside of MPA zones, all fish lines and hooks shall be appropriately disposed of in a trash receptacle for human and wildlife safety.

Portuguese Bend Reserve:

- Deputy presence at Del Cerro Park, educating patrons about permit parking restrictions.
- OSM Staff assisted three individuals for heat exhaustion related symptoms with Volunteer Trail Watch assistance. Twenty-four water bottles handed out to patrons with insufficient water.
- Rangers reminded two female patrons seen with picks that Portuguese Bend Reserve is part of the Palos Verdes Nature Preserve, which includes no injury, damage, or take of any resource. Patrons returned shale rock collected.

Vicente Bluffs Reserve:

- Due to construction and replacement of bluff top fence, a portion of Seascape trail was closed to one-way directional only as trail was significantly narrow.

Agents Of Discovery: An APP on a Mission

Thank you for celebrating Parks & Recreation Month with our fun, outdoor adventures, and self-guided activities! Agents of Discovery was so successful that its adventures are being extended through September 30, 2020! Download the free Agents of Discovery app and explore “Missions” at Eastview and Hesse Parks.

Players that complete all the challenges receive a gift bag from the Recreation and Parks Department. See the park staff for details.

AGENTS OF DISCOVERY
Now Available Through
September 30, 2020!

YAY

**DOWNLOAD THE APP
AND
FOLLOW THE MISSION!**

Explore your RPV parks this summer with a fun, interactive game. Download the free "Agents of Discovery" app to play.

AGENTS OF DISCOVERY

HELLO AGENTS!
LET'S MOVE, PLAY,
LEARN AND EXPLORE!

Parks and Preserve Weekend Report

Beaches, parks, and trails, including the Palos Verdes Nature Preserve, have been open since May 13 with physical distancing, in accordance with guidance from the County of Los Angeles. Please go to www.rpvca.gov for further information.

Below is a public usage summary report over the past weekend.

PALOS VERDES NATURE PRESERVE and ABALONE COVE

Public Contacts: 1,666

HESSE PARK - walking paths and grass area

Status of State Assembly and Senate Bills as of August 26, 2020

Bill	Senator (s)	Bill Title	Summary	RPV Position	Bill Status
SB 1191	Dahle	Organic waste: reduction goals: local jurisdictions.	Existing law requires the State Air Resources Board to complete, approve, and implement a comprehensive strategy to reduce emissions of short-lived climate pollutants in the state to achieve, among other things, a reduction in the statewide emissions of methane by 40%. Existing law requires methane emissions reduction goals to include specified targets to reduce the landfill disposal of organics. This bill would require the department, upon request by a local jurisdiction, to issue a waiver from a requirement imposed pursuant to those regulations to separate and recover food waste and food-soiled paper for all or part of the local jurisdiction where there are or could be public safety issues associated with food waste collection as a result of nearby bear populations. The bill would establish an alternative organic waste management program that a local jurisdiction may comply with instead of those regulations until specified dates. The bill would require a local jurisdiction that chooses to implement an alternative organic waste management program to submit a notification to the department that contains specified information, including a statement by a representative, attested to under penalty of perjury, that all information contained in the notification is true and correct to the best of the representative's knowledge and belief. By expanding the existing crime of perjury, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on text date 3/23/2020)	Support	Dead
AB 2167	Daly	Residential property insurance: high fire risk areas: study.	The Insurance Rate Reduction and Reform Act of 1988, an initiative measure enacted by Proposition 103, as approved by the voters at the November 8, 1988, statewide general election, prohibits specified insurance rates from being approved or remaining in effect that are excessive, inadequate, unfairly discriminatory, or otherwise in violation of the act. The act requires an insurer that wishes to change a rate to file a complete rate application with the Insurance Commissioner, as specified. This bill would require the commissioner to investigate, study, and prepare a report that addresses specific issues relating to ratemaking for residential property insurance policies in high fire risk areas. The bill would require the study to address the extent to which the commissioner may use its authority to create one or more market assistance plans to ensure that residential property insurance is fair, available, and affordable in high fire risk communities, the costs and benefits of authorizing insurers to include the cost of reinsurance as part of the rate for residential property insurance, and the extent to which the establishment of a public wildfire catastrophe model would be appropriate for use in residential property insurance ratemaking. The bill would require the commissioner, on or before July 1, 2022, to submit the report to the Chairpersons of the Assembly and Senate Committees on Insurance, the Speaker of the Assembly, the President pro Tempore of the Senate, and the Governor. The bill would repeal these provisions on January 1, 2025. (Based on text date 8/20/2020)	Oppose	Ordered to third reading
SB 292	Rubio	Wildfire risk reporting.	Existing law creates the Department of Insurance, headed by the Insurance Commissioner, and prescribes the commissioner's powers and duties. Existing law requires the commissioner to conduct or commission various studies and prepare various reports relating to the business of insurance. This bill would require the commissioner, on or before July 1, 2022, to complete a study on wildfire risk and insurance, including market-based approaches. (Based on text date 8/25/2020)	Oppose	Ordered to second reading
SB 902	Wiener	Planning and zoning: housing development: density.	The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. Existing law requires an attached housing development to be a permitted use, not subject to a conditional use permit, on any parcel zoned for multifamily housing if at least certain percentages of the units are available at affordable housing costs to very low income, lower income, and moderate-income households for at least 30 years and if the project meets specified conditions relating to location and being subject to a discretionary decision other than a conditional use permit. Existing law provides for various incentives intended to facilitate and expedite the construction of affordable housing. This bill would authorize a local government to pass an ordinance, notwithstanding any local restrictions on adopting zoning ordinances, to zone any parcel for up to 10 units of residential density per parcel, at a height specified by the local government in the ordinance, if the parcel is located in a transit-rich area, a jobs-rich area, or an urban infill site, as those terms are defined. In this regard, the bill would require the Department of Housing and Community Development, in consultation with the Office of Planning and Research, to determine jobs-rich areas and publish a map of those areas every 5 years, commencing January 1, 2022, based on specified criteria. The bill would specify that an ordinance adopted under these provisions is not a project for purposes of the California Environmental Quality Act. This bill contains other related provisions. (Based on text date 5/21/2020)	Oppose	Dead
SB 1312	McGuire	Electrical corporations: undergrounding of infrastructure: deenergization.	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. Under existing law, the Legislature has declared that it is the policy of this state to achieve, whenever feasible and not inconsistent with sound environmental planning, the undergrounding of all future electric and communication distribution facilities that are proposed to be erected in proximity to designated state scenic highways and that would be visible from those highways if erected above ground. The commission's existing Electric Tariff Rule 20 establishes policies for the undergrounding of electric facilities and includes, among other programs, the Rule 20A undergrounding program, which requires electrical corporations to convert overhead electric facilities to underground facilities when it is in the public interest for specified reasons. This bill would require the commission to revise Electric Tariff Rule 20 to additionally authorize and fund, whenever feasible, the undergrounding of electrical infrastructure within certain commission-designated high fire-threat areas for purposes of wildfire mitigation. This bill contains other related provisions and other existing laws. (Based on text date 6/2/2020)	Support	Dead

City of Rancho Palos Verdes
Status of State Assembly and Senate Bills as of August 26, 2020

Bill	Senator (s)	Bill Title	Summary	RPV Position	Bill Status
SB 793	Hill	Flavored tobacco products.	Existing law, the Stop Tobacco Access to Kids Enforcement (STAKE) Act, prohibits a person from selling or otherwise furnishing tobacco products, as defined, to a person under 21 years of age. Existing law also prohibits the use of tobacco products in county offices of education, on charter school or school district property, or near a playground or youth sports event, as specified. This bill would prohibit a tobacco retailer, or any of the tobacco retailer's agents or employees, from selling, offering for sale, or possessing with the intent to sell or offer for sale, a flavored tobacco product or a tobacco product flavor enhancer, as those terms are defined, except as specified. The bill would make a violation of this prohibition an infraction punishable by a fine of \$250 for each violation. The bill would state the intent of the Legislature that these provisions do not preempt or prohibit the adoption and implementation of local ordinances related to the prohibition on the sale of flavored tobacco products. The bill would state that its provisions are severable. By creating a new crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on text date 8/10/2020)	Support	In Senate. Concurrence in Assembly amendments pending.
AB 725	Wicks	General plans: housing element: moderate-income and above moderate-income housing: suburban and metropolitan jurisdictions.	The Planning and Zoning Law requires a city or county to adopt a general plan for its jurisdiction that contains certain mandatory elements, including a housing element. That law requires that the housing element include, among other things, an inventory of land suitable for residential development, to be used to identify sites that can be developed for housing within the planning period and that are sufficient to provide for the jurisdiction's share of the regional housing need determined pursuant to specified law. This bill, commencing January 1, 2022, would require that at least 25% of a metropolitan jurisdiction's share of the regional housing need for moderate-income housing be allocated to sites with zoning that allows at least 4 units of housing, but no more than 100 units per acre of housing. The bill would require that at least 25% of a metropolitan jurisdiction's share of the regional housing need for above moderate-income housing be allocated to sites with zoning that allows at least 4 units of housing. The bill would exclude unincorporated areas from this prohibition and would include related legislative findings. By imposing additional requirements on the manner in which a city or county may satisfy its regional housing need, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on text date 8/20/2020)	Oppose	Ordered to third reading
AB 831	Grayson	Planning and zoning: housing: development application modifications.	The Planning and Zoning Law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit, if the development satisfies specified objective planning standards, including, among other things, that the development is located on a site that satisfies specified location, urbanization, and zoning requirements. Existing law requires a local government that determines that a development submitted pursuant to these provisions is in conflict with any of the objective planning standards to provide the development proponent written documentation of which standard or standards the development conflicts with and an explanation of the reasons, as specified. This bill would require the development and the site on which it is located to satisfy the specified location, urbanization, and zoning requirements. The bill would authorize a development proponent to request a modification to a development that has been approved under the streamlined, ministerial approval process if the request is submitted before the issuance of the final building permit required for construction of the development. The bill would require the local government to determine if the requested modification is consistent with the objective planning standard and either approve or deny the modification request within 60 or 90 days after submission of the modification, as specified. By adding to the duties of a local government with respect to review of a development application, this bill would impose a state-mandated local program. The bill would permit the local government to apply objective planning standards adopted after the development application was first submitted to the requested modification in specified instances. This bill contains other related provisions and other existing laws. (Based on text date 7/21/2020)	Oppose	Ordered to third reading
AB 953	Ting	Land use: accessory dwelling units.	Existing law requires a local agency to ministerially approve or deny a permit application for the creation of an accessory dwelling unit or junior accessory dwelling unit within 60 days from the date the local agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. This bill would deem a permit application for the creation of an accessory dwelling unit or junior accessory dwelling unit approved if the local agency has not acted upon the completed application within 60 days. (2) Existing law requires ministerial approval of an application for a building permit within a residential or mixed-use zone to create one accessory dwelling unit or one junior accessory dwelling unit per lot with a proposed or existing single-family dwelling if certain requirements are met. This bill would instead require ministerial approval of an application for a building permit within a residential or mixed-use zone to create one accessory dwelling unit and one junior accessory dwelling unit per lot with a proposed or existing single-family dwelling if certain requirements are met. By increasing the duties of local agencies with respect to land use regulations, this bill would impose a state-mandated local program. (3) The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities. (4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason. (Based on text date 1/6/2020)	Oppose	Dead

Status of State Assembly and Senate Bills as of August 26, 2020

Bill	Senator (s)	Bill Title	Summary	RPV Position	Bill Status
AB 1279	Bloom	Planning and zoning: housing development: high-opportunity areas.	The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. That law allows a development proponent to submit an application for a development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit if the development satisfies certain objective planning standards, including that the development is (1) located in a locality determined by the Department of Housing and Community Development to have not met its share of the regional housing needs for the reporting period, and (2) subject to a requirement mandating a minimum percentage of below-market rate housing, as provided. This bill would require the department to designate areas in this state as high-opportunity areas, as provided, by January 1, 2022, in accordance with specified requirements and to update those designations within 6 months of the adoption of new Opportunity Maps by the California Tax Credit Allocation Committee. The bill would authorize a city or county to appeal the designation of an area within its jurisdiction as a high-opportunity area, as provided. In any area designated as a high-opportunity area, the bill would require that a local government review, upon the request of a developer, a residential development project as a use by right if the project meets specified requirements, including specified affordability requirements. For certain residential development projects where the initial sales price or initial rent exceeds the affordable housing cost or affordable rent to households with incomes equal to or less than specified percentages of the area median income, the bill would require the applicant to agree to pay a fee in an amount that would vary based on the size of the project and whether the units are ownership or rental units, as provided. The bill would require the city or county to deposit the fee into a separate fund reserved for the construction or preservation of housing with an affordable housing cost or affordable rent to households with a household income less than 50% of the area median income. The bill would provide that approval as a use by right of certain residential development projects under these provisions would expire after 2 years, unless the project receives a one-time, one-year extension, as provided. This bill contains other related provisions and other existing laws. (Based on text date 7/22/2020)	Oppose	Dead
AB 1851	Wicks	Religious institution affiliated housing development projects: parking requirements.	Existing law provides for various incentives intended to facilitate and expedite the construction of affordable housing, including the Density Bonus Law, which requires, when an applicant proposes a housing development within the jurisdiction of a local government, that the city, county, or city and county provide the developer with a density bonus and other incentives or concessions for the production of lower income housing units or for the donation of land within the development if the developer, among other things, agrees to construct a specified percentage of units for very low, low-, or moderate-income households or qualifying residents. This bill would prohibit a local agency from requiring the replacement of religious-use parking spaces that a developer of a religious institution affiliated housing development project proposes to eliminate as part of that housing development project. The bill would prohibit the number of religious-use parking spaces requested to be eliminated from exceeding 50% of the number that are available at the time the request is made. The bill would prohibit a local agency from requiring the curing of any preexisting deficit of the number of religious-use parking spaces as a condition of approval of a religious institution affiliated housing development project. The bill would require a local agency to allow the number of religious-use parking spaces that will be available after completion of a religious institution affiliated housing development project to count toward the number of parking spaces otherwise required for approval. The bill would prohibit a local agency from denying a housing development project proposed by a religious institution, or a developer working with a religious institution, solely on the basis that the project will reduce the total number of parking spaces available at the place of worship provided that the total reduction does not exceed 50% of existing parking spaces. The bill would authorize a local agency to require up to one parking space per unit for a religious institution affiliated housing development project. The bill would include findings that the changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities. This bill contains other related provisions and other existing laws. (Based on text date 8/6/2020)	Oppose	In Assembly. Concurrence in Senate amendments pending.
AB 2168	McCarty	Planning and zoning: electric vehicle charging stations: permit application approval.	Existing law requires a city, county, or city and county to administratively approve an application to install an electric vehicle charging station through the issuance of a building permit or similar nondiscretionary permit subject to a limited review by the building official of that city, county, or city and county. Existing law allows the building official to require the applicant to apply for a use permit if the official finds that the station could have a specific adverse impact upon the public health or safety and prohibits the city, county, or city and county from denying the application for a use permit to install an electric vehicle charging station unless it makes written findings that the proposed installation would have a specific adverse impact upon the public health or safety, and there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact. This bill would require an application to install an electric vehicle charging station to be deemed complete if, 5 business days after the application was submitted, the building official of the city, county, or city and county has not deemed the application complete, as specified, and if the building official has not issued a one-written correction notice, as specified. The bill would require an application to install an electric vehicle charging station to be deemed approved if 15 business days after the application was deemed complete certain conditions are met, including that the building official of the city, county, or city and county has not approved the application, as specified, and the building official has not made findings that the proposed installation could have an adverse impact, as described above, and required the applicant to apply for a use permit. This bill contains other related provisions and other existing laws. (Based on text date 5/4/2020)	Oppose	In Assembly Committee on Local Government. Will not advance this session.

City of Rancho Palos Verdes
Status of State Assembly and Senate Bills as of August 26, 2020

Bill	Senator (s)	Bill Title	Summary	RPV Position	Bill Status
AB 2323	Friedman	California Environmental Quality Act: exemptions.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would additionally exempt those projects located in a very low vehicle travel area, as defined. The bill would require that the project is undertaken and is consistent with either a specific plan prepared pursuant to specific provisions of law or a community plan, as defined, for which an EIR has been certified within the preceding 15 years in order to be exempt. The bill would additionally require the project site to have been previously developed or to be a vacant site meeting certain requirements. Because a lead agency would be required to determine the applicability of this exemption, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on text date 8/12/2020)	Oppose	Dead
AB 2345	Gonzalez	Planning and zoning: density bonuses: annual report: affordable housing.	The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the planning agency of a city or county to provide by April 1 of each year an annual report to, among other entities, the Department of Housing and Community Development that includes, among other specified information, the number of net new units of housing that have been issued a completed entitlement, a building permit, or a certificate of occupancy, thus far in the housing element cycle, as provided. This bill would require that the annual report include specified information regarding density bonuses granted in accordance with specified law, as described below. This bill contains other related provisions and other existing laws. (Based on text date 8/25/2020)	Oppose	Ordered to second reading
AB 2405	Burke	Right to safe, decent, and affordable housing.	Existing law establishes the Department of Housing and Community Development in the Business, Consumer Services, and Housing Agency, and requires the department to administer various housing programs throughout the state, including programs that address the needs of homeless individuals and families, and to review local ordinances for the design, development, and operation of homeless shelters in cities and counties that have declared a shelter crisis. This bill would declare that it is the policy of the state that every individual has the right to safe, decent, and affordable housing, and would require the policy to consider homelessness prevention, emergency accommodations, and permanent housing, as specified. The bill would, among other things, require all relevant state agencies and departments, including, but not limited to, the Department of Housing and Community Development, the State Department of Social Services, and the Office of Emergency Services to consider that state policy when revising, adopting, or establishing policies, regulations, and grant criteria when those policies, regulations, and criteria are pertinent to advancing the guidelines listed as core components of Housing First. The bill would make these provisions operative on January 1, 2026, and would make implementation of these provisions subject to an appropriation of funds in the annual Budget Act for these purposes. (Based on text date 8/20/2020)	Oppose	Ordered to third reading
AB 2988	Chu	Planning and zoning: supportive housing: number of units: emergency shelter zones.	The Planning and Zoning Law requires the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city that includes, among other mandatory elements, a housing element. Under that law, supportive housing, as defined, is a use by right in zones where multifamily and mixed uses are permitted if the developer provides the planning agency with a plan for providing supportive services and the proposed housing development meets specified criteria, including that the housing development consist of 50 units or fewer if it is located in an unincorporated area of a county or city that has a population of fewer than 200,000 and a population of persons experiencing homelessness of 1,500 or fewer. This bill would, additionally, make supportive housing a use by right in zones where emergency shelters are permitted. The bill would revise the above-described limit on the number of units in a housing development to 120 or fewer if it is located within a region served by a continuum of care, as defined, and the most recently published total homeless point-in-time count for the region is 1,500 or fewer. This bill contains other related provisions and other existing laws. (Based on text date 5/4/2020)	Oppose	Dead
AB 3107	Bloom	Planning and zoning: commercial zoning: housing development.	The Planning and Zoning Law requires that the legislative body of each county and each city adopt a comprehensive, long-term general plan for the physical development of the county and city, and specified land outside its boundaries, that includes, among other mandatory elements, a housing element. That law also authorizes the legislative body of any county or city, pursuant to specified procedures, to adopt ordinances that, among other things, regulate the use of buildings, structures, and land as between industry, business, residences, open space, and other purposes. This bill, notwithstanding any inconsistent provision of a city's or county's general plan, specific plan, zoning ordinance, or regulation, would require that a housing development be an authorized use on a site designated in any local agency's zoning code for commercial uses if certain conditions apply. Among these conditions, the bill would require that the housing development be subject to a recorded deed restriction requiring that at least 20% of the units have an affordable housing cost or affordable rent for lower income households, as those terms are defined, and located on a site that satisfies specified criteria. The bill would require the city or county to apply certain height, density, and floor area ratio standards to a housing development that meets these criteria. The bill would deem a housing development consistent, compliant, and in conformity with local development standards, zoning codes, and general plan if it meets the requirements of the bill. The bill would require a jurisdiction to comply with these requirements only until it has completed the rezoning, required as described above, for the 6th revision of its housing element. The bill would repeal these provisions as of January 1, 2030. This bill contains other related provisions and other existing laws. (Based on text date 7/21/2020)	Oppose	Dead

City of Rancho Palos Verdes

Bill	Senator (s)	Bill Title	Summary	RPV Position	Bill Status
AB 3153	Rivas	Parking and zoning: bicycle and car-share parking credits.	Existing law, known as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development within the jurisdictional boundaries of that city or county with a density bonus and other incentives or concessions for the production of lower income housing units, or for the donation of land within the development, if the developer agrees to construct a specified percentage of units for very low income, low-income, or moderate-income households or qualifying residents and meets other requirements. Existing law provides for the calculation of the amount of density bonus for each type of housing development that qualifies under these provisions. This bill would require a local agency, as defined, to allow an applicant for a housing development project to reduce the number of motor vehicle parking spaces that they would otherwise be required to provide based on the number of long-term bicycle parking spaces and car-sharing spaces provided subject to certain limitations, as specified. The bill would provide that a parking reduction allowed pursuant to these provisions does not reduce or increase the number of incentives or concessions to which the applicant is otherwise entitled under a specified provision of the Density Bonus Law. This bill contains other related provisions and other existing laws. (Based on text date 5/14/2020)	Oppose	Dead
AB 3269	Chiu	State and local agencies: homelessness plan.	Existing law establishes in state government the Business, Consumer Services, and Housing Agency, comprised of the Department of Consumer Affairs, the Department of Housing and Community Development, the Department of Fair Employment and Housing, the Department of Business Oversight, the Department of Alcoholic Beverage Control, the Alcoholic Beverage Control Appeals Board, the California Horse Racing Board, and the Alfred E. Alquist Seismic Safety Commission. This bill, upon appropriation by the Legislature or upon receiving technical assistance offered by the federal Department of Housing and Urban Development (HUD), if available, would require the coordinating council to conduct, or contract with an entity to conduct, a statewide needs and gaps analysis to, among other things, identify state programs that provide housing or services to persons experiencing homelessness and create a financial model that will assess certain investment needs for the purpose of moving persons experiencing homelessness into permanent housing. The bill would provide that the council's obligation to conduct the statewide needs and gaps analysis is fulfilled if a technical assistance provider from HUD conducts the analysis on behalf of the council. The bill would require the council to work with the technical assistance provider to complete the analysis. The bill would authorize local governments to collaborate with the coordinating council or other entity conducting the analysis upon an appropriation by the Legislature to cover costs of the collaboration or upon provision of technical assistance by HUD. The bill would also require the coordinating council or any other entity conducting the analysis to seek input from the coordinating council's members on the direction of, design of data collection for, and items to be included in the statewide needs and gaps analysis. The bill would require the council to report on the analysis to specified committees in the Legislature by July 31, 2021. The bill would require the coordinating council or other entity conducting the analysis to evaluate all available data, including, among other things, data from other state departments and agencies. The bill would require a state department or agency with a member on the coordinating council to assist in data collection for the analysis by responding to data requests within 180 days, as specified. This bill contains other related provisions and other existing laws. (Based on text date 7/2/2020)	Oppose	Dead
SB 288	Wiener	California Environmental Quality Act: exemptions: transportation-related projects.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would further exempt from the requirements of CEQA certain projects, including projects for the institution or increase of new bus rapid transit, bus, or light rail services on public rail or highway rights-of-way, as specified, whether or not the right-of-way is in use for public mass transit, as specified, and projects for the designation and conversion of general purpose lanes, high-occupancy toll lanes, high-occupancy vehicle lanes, or highway shoulders, as specified. The bill would additionally exempt transit prioritization projects, projects that improve customer information and wayfinding for transit riders, bicyclists, or pedestrians, projects by a public transit agency to construct or maintain infrastructure to charge or refuel zero-emission transit buses, projects carried out by a city or county to reduce minimum parking requirements, and projects for pedestrian and bicycle facilities. The bill would, except as provided, require those exempt projects to meet additional specified criteria, including that a public agency is carrying out the project and is the lead agency for the project. The bill would, except as provided, require the lead agency to certify that those projects will be carried out by a skilled and trained workforce, except as provided. For those exempted projects exceeding \$100,000,000 in 2020 United States dollars, the bill would, except as provided, require the lead agency to complete and consider the results of a project business case and a racial equity analysis, as prescribed, would require the lead agency, before exempting a project from CEQA, to hold at least 3 noticed public meetings in the project area to hear and respond to public comments, and would require the lead agency, in at least one of those public meetings, to review the project business case and the racial equity analysis, and would also require the lead agency to conduct at least 2 noticed public meetings annually during project construction for the public to provide comments. If the lead agency determines to carry out a project exempt under the above provisions, the bill would require the lead agency to file a notice of exemption with the Office of Planning and Research and the county clerk of the county in which the project is located. The bill would repeal the above-described exemptions on January 1, 2023. This bill contains other related provisions and other existing laws. City of Rancho Palos Verdes
Status of State Assembly and Senate Bills as of August 26, 2020

Bill	Senator (s)	Bill Title	Summary	RPV Position	Bill Status
SB 899	Wiener	Planning and zoning: housing development: higher education institutions and religious institutions.	The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. That law allows a development proponent to submit an application for a development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit if the development satisfies certain objective planning standards. This bill would require that a housing development project be a use by right upon the request of an independent institution of higher education or religious institution that partners with a qualified developer on any land owned in fee simple by the applicant on or before January 1, 2020, if the development satisfies specified criteria. The bill would define various terms for these purposes. Among other things, the bill would require that 100% of the units, exclusive of manager units, in a housing development project eligible for approval as a use by right under these provisions be affordable to lower income households, except that 20% of the units may be for moderate-income households, provided that all the units are provided at affordable rent or affordable housing cost, as specified. The bill would authorize the development to include ancillary uses on the ground floor of the development, as specified. This bill contains other related provisions and other existing laws. (Based on text date 8/3/2020)	Oppose	Dead
SB 995	Atkins	Environmental quality: Jobs and Economic Improvement Through Environmental Leadership Act of 2011: housing projects.	The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA authorizes the preparation of a master EIR and authorizes the use of the master EIR to limit the environmental review of subsequent projects that are described in the master EIR, as specified. This bill would require a lead agency to prepare a master EIR for a general plan, plan amendment, plan element, or specified plan for housing projects where the state has provided funding for the preparation of the master EIR. This bill contains other related provisions and other existing laws. (Based on text date 8/25/2020)	Oppose	Ordered to second reading
SB 1085	Skinner	Density Bonus Law: qualifications for incentives or concessions: student housing for lower income students: moderate-income persons and families: local government constraints.	Existing law, known as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development in the city or county with a density bonus and other incentives or concessions for the production of lower income housing units, or for the donation of land within the development, if the developer agrees to, among other things, construct a specified percentage of units for very low income, low-income, or moderate-income households or qualifying residents, including lower income students. This bill would require a unit designated to satisfy the inclusionary zoning requirements of a city or county to be included in the total number of units on which a density bonus and the number of incentives or concessions are based. The bill would require a city or county to grant one incentive or concession for a student housing development project that will include at least 20% of the total units for lower income students. This bill contains other related provisions and other existing laws. (Based on text date 8/25/2020)	Oppose	Ordered to third reading
SB 1120	Atkins	Subdivisions: tentative maps.	The Planning and Zoning Law provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. This bill, among other things, would require a proposed housing development containing 2 residential units within a single-family residential zone to be considered ministerially, without discretionary review or hearing, if the proposed housing development meets certain requirements, including, but not limited to, that the proposed housing development would not require demolition or alteration of housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income, that the proposed housing development does not allow for the demolition of more than 25% of the existing exterior structural walls, except as provided, and that the development is not located within a historic district, is not included on the State Historic Resources Inventory, or is not within a site that is legally designated or listed as a city or county landmark or historic property or district. This bill contains other related provisions and other existing laws. (Based on text date 8/12/2020)	Oppose	Ordered to third reading
SB 1138	Wiener	Housing element: emergency shelters: rezoning of sites.	The Planning and Zoning Law requires the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city that includes a housing element. Existing law requires that the housing element identify adequate sites for housing, including rental housing, factory-built housing, mobilehomes, and emergency shelters, and to make adequate provision for the existing and projected needs of all economic segments of a community. Existing law also requires that the housing element include an analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels. This bill would revise the requirements of the housing element, as described above, in connection with identifying zones or zoning designations that allow residential use, including mixed use, where emergency shelters are allowed as a permitted use without a conditional use or other discretionary permit. If an emergency shelter zoning designation where residential use is a permitted use is unfeasible, the bill would permit a local government to designate zones for emergency shelters in a nonresidential zone if the local government demonstrates that the zone is connected to amenities and services, as specified, that serve homeless people. The bill would delete language regarding emergency shelter standards structured in relation to residential and commercial developments and instead require that emergency shelters only be subject to specified written, objective standards. If a local government has adopted written, objective standards pursuant to these provisions, the bill would require the local government to include an analysis of these standards in the above-described analysis of constraints included in the housing element. The bill would require that zones where emergency shelters are allowed include sites that meet at least one of certain prescribed standards. The bill would also require that the number of people experiencing homelessness that can be accommodated on each identified site under these provisions be demonstrated by calculating a minimum of 200 square feet per person. This bill contains other related provisions and other existing laws. (Based on text date 8/25/2020)	Oppose	Ordered to third reading

City of Rancho Palos Verdes
 Status of State Assembly and Senate Bills as of August 26, 2020

Bill	Senator (s)	Bill Title	Summary	RPV Position	Bill Status
AB 3182	Ting	Housing:governing documents: rental or leasing of separate interests: accessory dwelling units.	Existing law, the Davis-Stirling Common Interest Development Act, defines and regulates common interest developments. Existing law provides that an owner of a separate interest in a common interest development shall not be subject to a provision in a governing document or an amendment to a governing document that prohibits the rental or leasing of any separate interest in that common interest development to a renter, lessee, or tenant unless that governing document, or amendment thereto, was effective before the date the owner acquired title to the owner's separate interest. Existing law permits an owner of a separate interest of a common interest development, despite the above provision, to expressly consent to be subject to a governing document or an amendment to a governing document that prohibits the rental or leasing of any of the separate interests in the common interest development to a renter, lessee, or tenant. Existing law makes these provisions applicable only to a provision in a governing document or a provision in an amendment to a governing document that became effective on or after January 1, 2012. This bill would delete the provision limiting the application to governing documents that became effective on or after January 1, 2012, and would also delete the provision authorizing an owner to expressly consent to be subject to a prohibition on renting or leasing of the owner's separate interest. The bill would provide that an owner of a separate interest in a common interest development is not subject to a provision in a governing document or an amendment to a governing document that prohibits, has the effect of prohibiting, or unreasonably restricts the rental or leasing of any of the separate interests, accessory dwelling units, or junior accessory dwelling units in that common interest development to a renter, lessee, or tenant. The bill would prohibit a common interest development from adopting or enforcing a provision that restricts the rental or lease of separate interests to less than 25% of the separate interests in the common interest development. The bill would specify that these provisions do not prohibit a common interest development from adopting a provision in a governing document that prohibits transient or short-term rentals of 30 days or less. This bill contains other related provisions and other existing laws. (Based on text date 8/25/2020)	Oppose	Ordered to second reading

ART CONTEST

TUNNEL BORING MACHINE

Help us decorate the Clearwater tunnel boring machine (TBM) with your artwork! The winning art will go on the side of our TBM before it starts its quiet journey to build a new underground tunnel that will protect our local waterways. The TBM moves 30 to 40 feet per day and builds the tunnel as it digs. For more information about the project, please visit our website: www.clearwater.lacsd.org.

**Submission
Period
Sep 15 - Oct 15
2020**

- Art contest is open to all 1st to 12th grade students in Los Angeles County.
- Submit original artwork that shows why it's important to keep our rivers and oceans clean.
- The top three submissions for each school level will be recognized at a ceremony later this year and receive gift cards of \$100 to \$300.
- For additional details, visit www.clearwater.lacsd.org/schoolOutreach.asp

NAMING CONTEST

TUNNEL BORING MACHINE

Help us name the Clearwater Project tunnel boring machine (TBM) before it starts its quiet journey to build a new underground tunnel that will protect our local waterways. The TBM moves 30 to 40 feet per day and builds the tunnel as it digs. For more information about the project, please visit our website: www.clearwater.lacsd.org.

**Submission
Period
Sep 15 - Oct 15
2020**

- Naming contest is open to all 1st to 12th grade students in Los Angeles County.
- Tell us why the name is significant in a 200-word essay or 2-minute video.
- The winning name will be placed on the TBM.
- The top three submissions will be recognized at a ceremony later this year and receive gift cards of \$100 to \$300.
- For full contest details visit www.clearwater.lacsd.org/schoolOutreach.asp

ROLLING HILLS RIVIERA HOMEOWNERS ASSOCIATION

Dear Neighbors,

Coyotes in our neighborhood have been an increasing concern to our residents. Your HOA has put out information about the coyote issue in our August newsletter, in an HOA email, and now in this letter to make sure all 722 of our residences have the latest information.

Thank you to those of you who have sent reports of coyote sightings to the City. Please continue to report coyote sightings (with date/time/location) to the City of Rancho Palos Verdes Code Enforcement Officer Rudy Monroy at rmonroy@rpvca.gov and copy the HOA at RHRHARPV@gmail.com. You can also call Rudy at 310 544-5296.

The RPV Code Enforcement Department have been responsive and proactive. They have met with several residents in the past few weeks in regard to coyote sightings and are collectively working with the LA County Agricultural Weights & Measures to canvass the neighborhood for coyote attractants and potential warranty trapping in designated areas. They have been in contact with Dodson School staff for brush and weed abatement, which has been completed. They have also mailed out swale maintenance letters to residents for brush abatement. These actions should help deter coyotes.

All of us can help deter coyotes by being careful not to feed wildlife. Coyote populations can increase and coyotes can lose their fear of people when wildlife is unintentionally or intentionally fed by humans. Unintentional feeding can occur when food for pets is left outside. Our neighborhood has also had people intentionally feeding wildlife.

It's important to note that City, County, and State statutes make it illegal to feed ANY wildlife in RPV, including raccoons and squirrels.

The following links to the City of RPV website provide extensive information on safeguarding your family and property and on how to react if you encounter coyotes in the neighborhood:

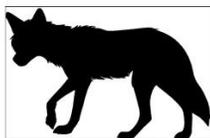

<http://www.rpvca.gov/1113/Coyote-Management-Plan>

<https://www.rpvca.gov/1087/Recent-N>

If you have trouble with the links, just go to www.rpvca.gov and type "coyotes" in the search box.

If you don't have internet access and want a print copy of the coyote information, contact HOA Board member Maria Todora-Denue 310 729-9729.

You can also mail the HOA at RHRHARPV@gmail.com.

FOLLOW-UP AGENDA

RANCHO PALOS VERDES PLANNING COMMISSION
TUESDAY, AUGUST 25, 2020
VIRTUAL REGULAR MEETING
7:00 P.M.

NEXT P.C. RESOLUTION NO. 2020-12

CALL TO ORDER: **7:00 PM**

PLEDGE OF ALLEGIANCE: **LED BY COMMISSIONER CHURA**

ROLL CALL: **ALL PRESENT**

APPROVAL OF AGENDA: **APPROVED AS PRESENTD**

COMMUNICATIONS:

City Council Items: **NONE**

Staff: **INTERIM DEPUTY DIRECTOR SILVA INFORMED THE PLANNING COMMISSION THAT LATE CORRESPONDENCE WAS SUBMITTED AS PART OF AGENDA ITEM NO. 2.**

Commission: **NONE**

COMMENTS FROM THE AUDIENCE (regarding non-agenda items):

CONSENT CALENDAR:

1. APPROVAL OF THE AUGUST 11, 2020 P.C. MINUTES

ACTION: APPROVED AS PRESENTED, WITH COMMISSIONER SAADATNEJADI ABSTAINING

CONTINUED PUBLIC HEARINGS:

2. NONCOMMERCIAL AMATEUR RADIO ANTENNA - CODE AMENDMENT TO SECTIONS 17.76.020(C) & (D) OF CHAPTER 17.76 OF THE RANCHO PALOS VERDES MUNICIPAL CODE (CASE NO. PLCA2020-0003): Citywide (JY)

Request: Amend Sections 17.76.020(C) (Noncommercial amateur radio antennas) and (D) (Noncommercial amateur radio antenna permit) of Chapter 17.76 (Miscellaneous Permits and Standards) of Title 17 (Zoning) of the Rancho Palos Verdes Municipal Code to update the regulations and review procedures for noncommercial amateur radio antennas.

ACTION: CONTINUED THE PUBLIC HEARING TO SEPTEMBER 22, 2020, TO ALLOW STAFF AN OPPORTUNITY TO RECEIVE COMMENTS AND INPUT ON THE UPDATED DRAFT ORDINANCE. MOTION PASSED ON A VOTE OF 7-0.

3. SITE PLAN REVIEW, MAJOR GRADING PERMIT, AND VARIANCE (CASE NO. PLSR2019-0065): 48 Rockinghorse Road (JY)

Request: To allow the construction of a new 4,594 ft² (garage included) two-story residence and ancillary site improvements with 1,037 yd³ of associated grading on a vacant lot.

ACTION: CONTINUED THE PUBLIC HEARING TO SEPTEMBER 8, 2020, TO ALLOW THE APPLICANT ADDITIONAL TIME TO REVISE THE PROPOSED PROJECT AS IT RELATES TO THE DESIGN OF THE EXTERIOR STAIRWAY AND ASSOCIATED GRADING. MOTION PASSED ON A VOTE OF 7-0.

CONTINUED BUSINESS: **NONE**

NEW PUBLIC HEARINGS:

4. VIEW RESTORATION PERMIT APPLICATION (CASE NO. PLVR2020-0007): Applicants- Dale and Elaine Goodman, property owners at 3255 Parkhurst Drive. Foliage Owner- Thomas Gibbs, property owner at 3242 Parkhurst Drive (JA)

Request: A request to restore the view from the viewing area located at 3255 Parkhurst Drive.

ACTION: ADOPTED P.C. RESOLUTION NO. 2020-12, CONDITIONALLY APPROVING A VIEW RESTORATION PERMIT (CASE NO. PLVR NO. 2020-0007), REQUIRING THE FOLIAGE OWNER AT 3242 PARKHURST DRIVE TO CROWN REDUCE TWO BIRCH TREES AND ONE CHINESE PISTACHE TREE TO THE FOLIAGE OWNER'S ROOFLINE HEIGHT LEVEL BY JANUARY 31, 2021 AND FOR THE

PLANNING COMMISSION TO CONSIDER AN AMENDMENT TO THE ASSOCIATED CONDITIONS OF APPROVAL ON OCTOBER 27, 2020, OR AS SOON THEREAFTER AS PRACTICABLE, TO CONSIDER WHETHER ONE LIQUID AMBER TREE MEETS THE CRITERIA OF THE PERMIT FINDINGS AFTER THE PUBLIC WORKS DEPARTMENT MAKES A DECISION TO TRIM OR REMOVE A CITY PINE TREE ADJACENT TO THE LIQUID AMBER TREE. MOTION PASSED ON A VOTE OF 6-1.

NEW BUSINESS: **NONE**

ITEMS TO BE PLACED ON FUTURE AGENDAS:

5. PRE-AGENDA FOR THE MEETING ON SEPTEMBER 8, 2020

ACTION: APPROVED AS PRESENTED

6. PRE-AGENDA FOR THE MEETING ON SEPTEMBER 22, 2020

ACTION: APPROVED AS PRESENTED

ADJOURNMENT: **8:39 P.M.**
