

## MEMORANDUM

**DATE:** December 31, 2017

**TO:** Katie Lozano, City of Rancho Palos Verdes

**FROM:** Deputies Jimenez and Kuwata

**RE:** RPV | LASD DEPUTY Activity Report

---

### PRESERVE OVERVIEW

During the fourth quarter of 2017, we contacted numerous people while patrolling the Preserve via Polaris ATV and on foot. While enforcement of the Preserve rules and regulations remained our primary mission, we helped numerous trail users' access resources from the City of Rancho Palos Verdes and Palos Verdes Peninsula Land Conservancy. These resources included the trail maps, trail information, the Preserve mission, and other subjects related to the Preserve found on the City's and Land Conservancy's websites.

We assisted many hikers who had exceeded their physical capabilities, by providing transportation to the top of Burma Road Trail and/or providing drinking water. One of the captains of L.A. County Fire Station 56 commented that 9-1-1 calls for help in the Portuguese Bend Reserve had significantly decreased since July of 2016 (when deputies were first deployed for wilderness preserve patrol). We also helped locate a lost hiker find her way out of the preserve and took her to the parking lot where she had parked her car.

Although most of the cites we gave were for hikers with dogs off leash, and for hikers going into closed areas, we made our first arrest in the Preserve. This came about when we contacted a young man with a dog off leash. We subsequently discovered the young man had a \$30,000 warrant, for commercial fishing without a commercial license in his possession.

We are currently researching the complaint of bicyclists who are riding their bicycles too fast, particularly in Portuguese Bend Reserve.
