

RPV'S COMPOSTING PROGRAM, COMPOSTING REBATE & GRASS RECYCLING

COMPOSTING:

The City of Rancho Palos Verdes encourages backyard composting. Composting is the nature's way of recycling organic material like leaves, weeds, grass and kitchen scraps. Bacteria and insects consume this material, producing a sweet smelling, nutrient-rich compost that can be used in your garden as a soil amendment, or as part of a homemade potting mix for houseplants. You will save money and help the environment and your garden.

COMPOSTING WORKSHOPS: There are frequent workshops in the South Bay and compost and/or worm bins are typically sold at a discounted rate after the workshops. The City of Rancho Palos Verdes will host a LA County sponsored workshop for beginners on **Saturday, June 20, 2020**. The workshop begins at 9:30 and the presentations lasts 1.5 hours. Compost bins are sold (cash or check only) at a discount after the workshop.

Workshops are open to all LA County residents and have been very popular with area residents in the past. These workshops teach attendees the composting basics, kitchen waste reduction, water-wise gardening and other gardening tools. They also teach the "Do's and Don'ts" to help you make a successful compost. It is highly recommended to first attend a workshop before buying a bin. There will be educational material for attendees.

Below is a list of classes in the South Bay. Check the LA County website at www.smartgardening.com for workshop dates and updates:

Beginner- Composting Workshop(s)

Beginner workshops provide hands-on instruction on composting, worm composting, water-wise gardening, and grass cycling.

RPV's COMPOSTING REBATE:

Composting or worm bins may be bought from specific LA County sponsored composting workshops, Home Depot, OSH, other home/garden improvement shops (check for price and availability), or through the internet.

The City of RPV offers RPV residents a rebate on the purchase price of any new composting bin or worm bin. There is a limit of one rebate per RPV household. Rebates cover the cost of one bin priced up to a maximum of \$70 (e.g. there is a \$40 rebate for a bin costing \$40, there is a \$70 rebate for a \$130 bin). You may purchase a discounted bin at a workshop. Obtain a receipt in order to properly submit your rebate request.

The rebate does not cover the cost of shipping and handling, taxes, or purchasing a kitchen compost bins. Additionally, you will not be eligible if you have received a rebate from the City in the past four years. The goal of the rebate is to encourage residents to try backyard composting. Follow these simple steps:

- 1- Buy a composting bin (from a store, a workshop, and/or on-line) and obtain a proof of purchase (itemized receipt specifically detailing a compost or worm bin).
- 2- Complete the rebate form below.

Compost Bin Rebate Form

Date _____

Name _____

Home Address _____, R.P.V., CA 90275

Daytime Phone _____ CA DL# or ID# or Utility Bill _____

Thank you for participating in the Backyard Composting Program for the City of Rancho Palos Verdes! Please complete this request for rebate form and present it after purchasing your composting unit to receive your rebate. Rebates are processed in approximately 3-4 weeks and cover the cost of purchasing one new bin up to a maximum of \$70.00 (shipping and taxes are not part of the rebate). Limit one new bin per household. **PROOF OF RESIDENCY IN THE CITY OF RANCHO PALOS VERDES MUST BE PROVIDED TO RECEIVE A REBATE.** Proof of residence includes a California Driver's License, California Identification Card, a current utility bill or property tax bill **ONLY**. Thank you for composting.

If you have any questions, please contact RPV Public Works at 310-544-5252.

For Office Use Only: CONFIRMED BY: _____ Comments: _____

9/2014

- 3- The rebate documents required include: 1) original itemized receipt, 2) cut out bar code from the box, 3) copy of driver's license (or another form of ID), and 4) proof of current RPV residency (i.e. utility bill with your name and RPV address).
- 4- The documents can be emailed (publicworks@rpvca.gov), mailed or brought to the Public Works Counter at City Hall. The City will keep the original receipt for its files.

City of RPV- Public Works Dept.
30940 Hawthorne Blvd.
RPV, CA 90275
Attn: Composting Rebate

It is recommended that prior to mailing the documents; you make a copy of the receipt and other information for your own files. To protect your privacy, you may redact (cross out) your date of birth from your driver's license or ID. The information that the City needs to process your rebate is to verify your name and your address in RPV. If you purchase your bin at a LA County sponsored composting workshop, ask them for a receipt. The County will provide a receipt, which is acceptable.

- 5- You'll receive a rebate check in the mail within 4-5 weeks after City approval.

NOTE: If you have any questions, or have received purchased and received a rebate in the past, it is recommended that you contact RPV-PW before you purchase a bin. You may then ask questions about the rebate program, and/or verify your eligibility. See contact information below.

GRASS RECYCLING:

Grass recycling is a natural approach to lawn care. Leave grass clippings on the lawn to decompose and release nutrients back into the soil. For more information about composting, you may contact the Public Works Department at (310) 544-5252, or Los Angeles County- Department of Public Works at 1(888) CLEANLA, or website: www.smartgardening.com.
