

2021 California Association of Code Enforcement Officers (CACEO) Seminar

Code Enforcement Division staff recently attended the 2021 CACEO seminar, which provides Code Enforcement Officers an opportunity to earn continuing education units towards the certification as a Certified Code Enforcement Officer through CACEO. The four-day event was packed with several informative courses geared towards current events happening throughout the State of California. Topic of discussions included:

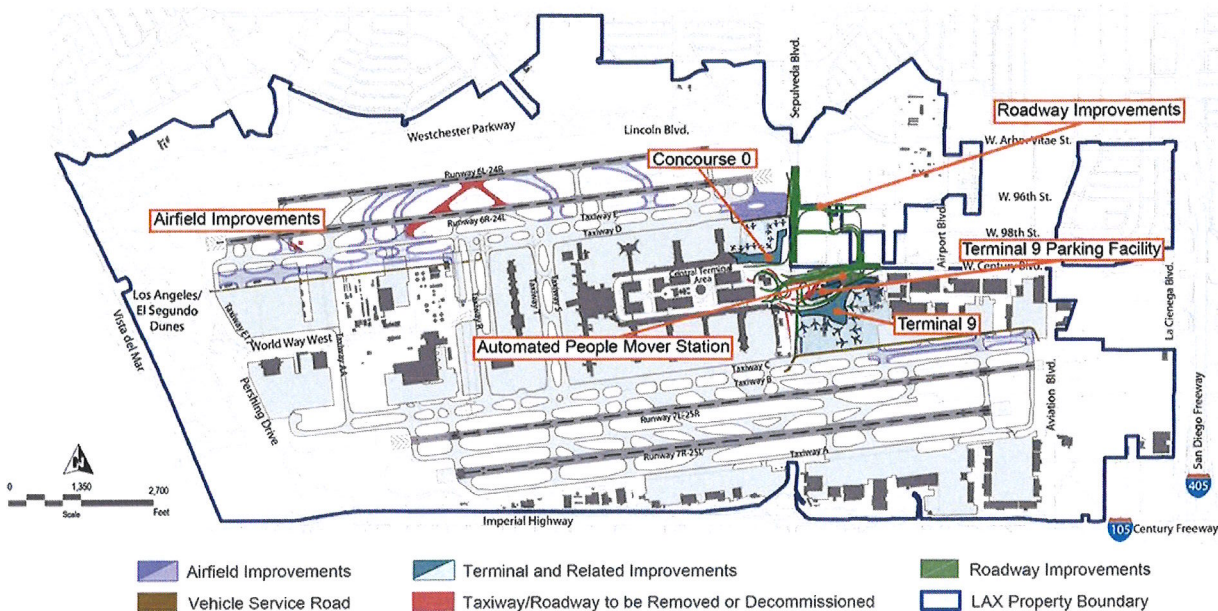

- Code Enforcement in a Time of Criminal Justice Reform and Shifting Policing
- Annual Code Enforcement Legal Updates
- Sidewalk Vending in California
- Inspection and Abatement Warrants 101
- Overview of ADU/JADU Regulations

On closing day, SB296 Code Enforcement Officer Safety bill was signed into law. This bill requires, for the first time ever, all cities and counties to adopt safety standards specific to code enforcement officers and the hazards and threats they face in their respective jurisdictions. This is the first CEO safety bill in the nation.

L.A. Board of Airport Commissioners Certifies and Approves the LAX Modernization Project (ATMP)

As reported by Staff on September 15, the Los Angeles Board of Airport Commissioners held a public hearing to consider the Los Angeles International Airport (LAX) Airfield Terminal Modernization Project (ATMP), as seen in the aerial map below, and the project's Final Environmental Impact Report (FEIR).

After taking lengthy public testimony, the Board continued the hearing, which entails the proposed construction of a new aerial roadway, a new concourse next to Terminal 1, and a new terminal (Terminal 9) with improvements to the North Airfield. On October 7, 2021, after taking additional public testimony, the board voted to certify and approve the Final Environmental Impact Report for the project.

The Los Angeles City Council will provide the final review of the project during a forthcoming public hearing (TBA). If approved by the Los Angeles City Council, then the project construction phase is expected to commence in early 2022 with a completion date prior to the start of the 2028 Los Angeles Olympic Games. For more information about the ATMP, please see the following at the Los Angeles World Airports (LAWA) website: [here](#).

Planning Commission Follow Up Agenda

See attached follow-up agenda from the Planning Commission meeting on Tuesday, October 12, 2021.
