For Option C only

On a separate page:

1. Provide a description of each element that meets the 2022 code definition of **Technically Infeasible**.
2. Describe why full access compliance is technically infeasible for each element.
3. If applicable, describe the legal constraint that would preclude complete access compliance.

Any request for an unreasonable hardship must address all of the above-listed criteria. Emphasis must be place on the elements that provide the greatest improvements to disabled access. **Disproportionate cost must be established to qualify for a hardship**. All details of any unreasonable hardship finding will be recorded and kept on file by the City.
