PUBLIC WORKS DEPARTMENT

FEE SCHEDULE
JANUARY 2015

*The Traffic Solution is a professional, full-service data collection company. Although we specialize in the conduct of manual traffic and automatic counts, *The Traffic Solution* can also customize surveys as well. Whether your particular data collection needs are within the Los Angeles, Orange, Ventura, San Bernardino / Riverside County areas or points beyond, *The Traffic Solution* and its staff are prepared to assist you in any way.*

Manual Turning Movement Counts
2-hour peak period counts

0-1 hour travel distance = \$ 137.50
1-2 hour travel distance = \$ 147.50
2-3 hour travel distance = \$ 157.50
> 3 hours travel distance – negotiable

Automatic Volume Counts
per initial 24-hour period

0-1 hour travel distance = \$ 80.00 per machine
1-2 hour travel distance = \$ 90.00 per machine
2-3 hour travel distance = \$ 100.00 per machine

**For each additional day of a continuous survey, machines will be charged at an additional rate of \$ 60.00 , \$ 70.00 & \$ 80.00 respectively*

** Automatic classification and speed counts priced at \$ 100.00 / per set-up*

Spot Radar Speed Surveys

1-hour or 100 vehicles base rate = \$ 65.00

Parking / Pedestrian Surveys

Per technician rate = \$ 40.00 / hour

Specialized Surveys

Fee to be negotiated based upon time and materials

All surveys and results are unconditionally guaranteed

Thank you for choosing The Traffic Solution!
