The Height Variation procedure is for the construction of additions to existing residential structures that are proposed to be taller than sixteen (16') feet in height, but not to exceed a maximum height of twenty-six (26') feet. In reviewing a Height Variation application, the City will assess the impacts of the structure above 16 feet in height on the views from neighboring properties and from public areas, its cumulative impact on the effected properties, and compatibility of the proposed structure with existing surrounding uses. When reviewing a project's "Neighborhood Compatibility," the City will review the proposed project relative to the following criteria for the immediate neighborhood: 1) scale of surrounding residences; 2) architectural style and materials; and 3) front, side, and rear yard setbacks.

The reason you are receiving this notice is because your property is located within 500' of the proposed project. A temporary frame structure (silhouette) has been constructed on the project site outlining the height and bulk of the proposed project. This frame will be in place throughout the duration of the public comment period to better assist you and the City in assessing any potential project impacts.

If you have any comments or concerns about the proposed project, please communicate those thoughts in writing to Assistant Planner Jason Caraveo, by Friday, April 14, 2017. By doing so, you will ensure that your comments are taken into consideration for the Staff analysis of the project. All correspondence received after the April 14, 2017 date will be given separately to the Planning Commission on the night of the meeting. Please note that written materials, including emails, submitted to the City are public records and may be posted on the City's website. In addition, City meetings may be televised and may be accessed through the City's website. Accordingly, you may wish to omit personal information from your oral presentation or written materials as it may become part of the public record regarding an item on the agenda. Only those who have submitted written comments will receive notification of the decision.

If you would like the opportunity to review the proposed plans, they are on file in the Community Development Department at 30940 Hawthorne Boulevard, Rancho Palos Verdes, and are available for review from 7:30 AM to 5:30 PM Monday through Thursday, and from 7:30 AM to 4:30 PM Friday. If you have any questions regarding this application, please contact Mr. Caraveo, at (310) 544-5232, or via e-mail at Jasonc@rpvca.gov for further information. The final staff report will be available on the City's website, <http://www.rpvca.gov>, on Wednesday April 19, 2017, under Planning Commission Agenda.
